(57) **CLAIM**

The ornamental design for a portion of a display screen with a graphical user interface, as shown and described.

DESCRIPTION

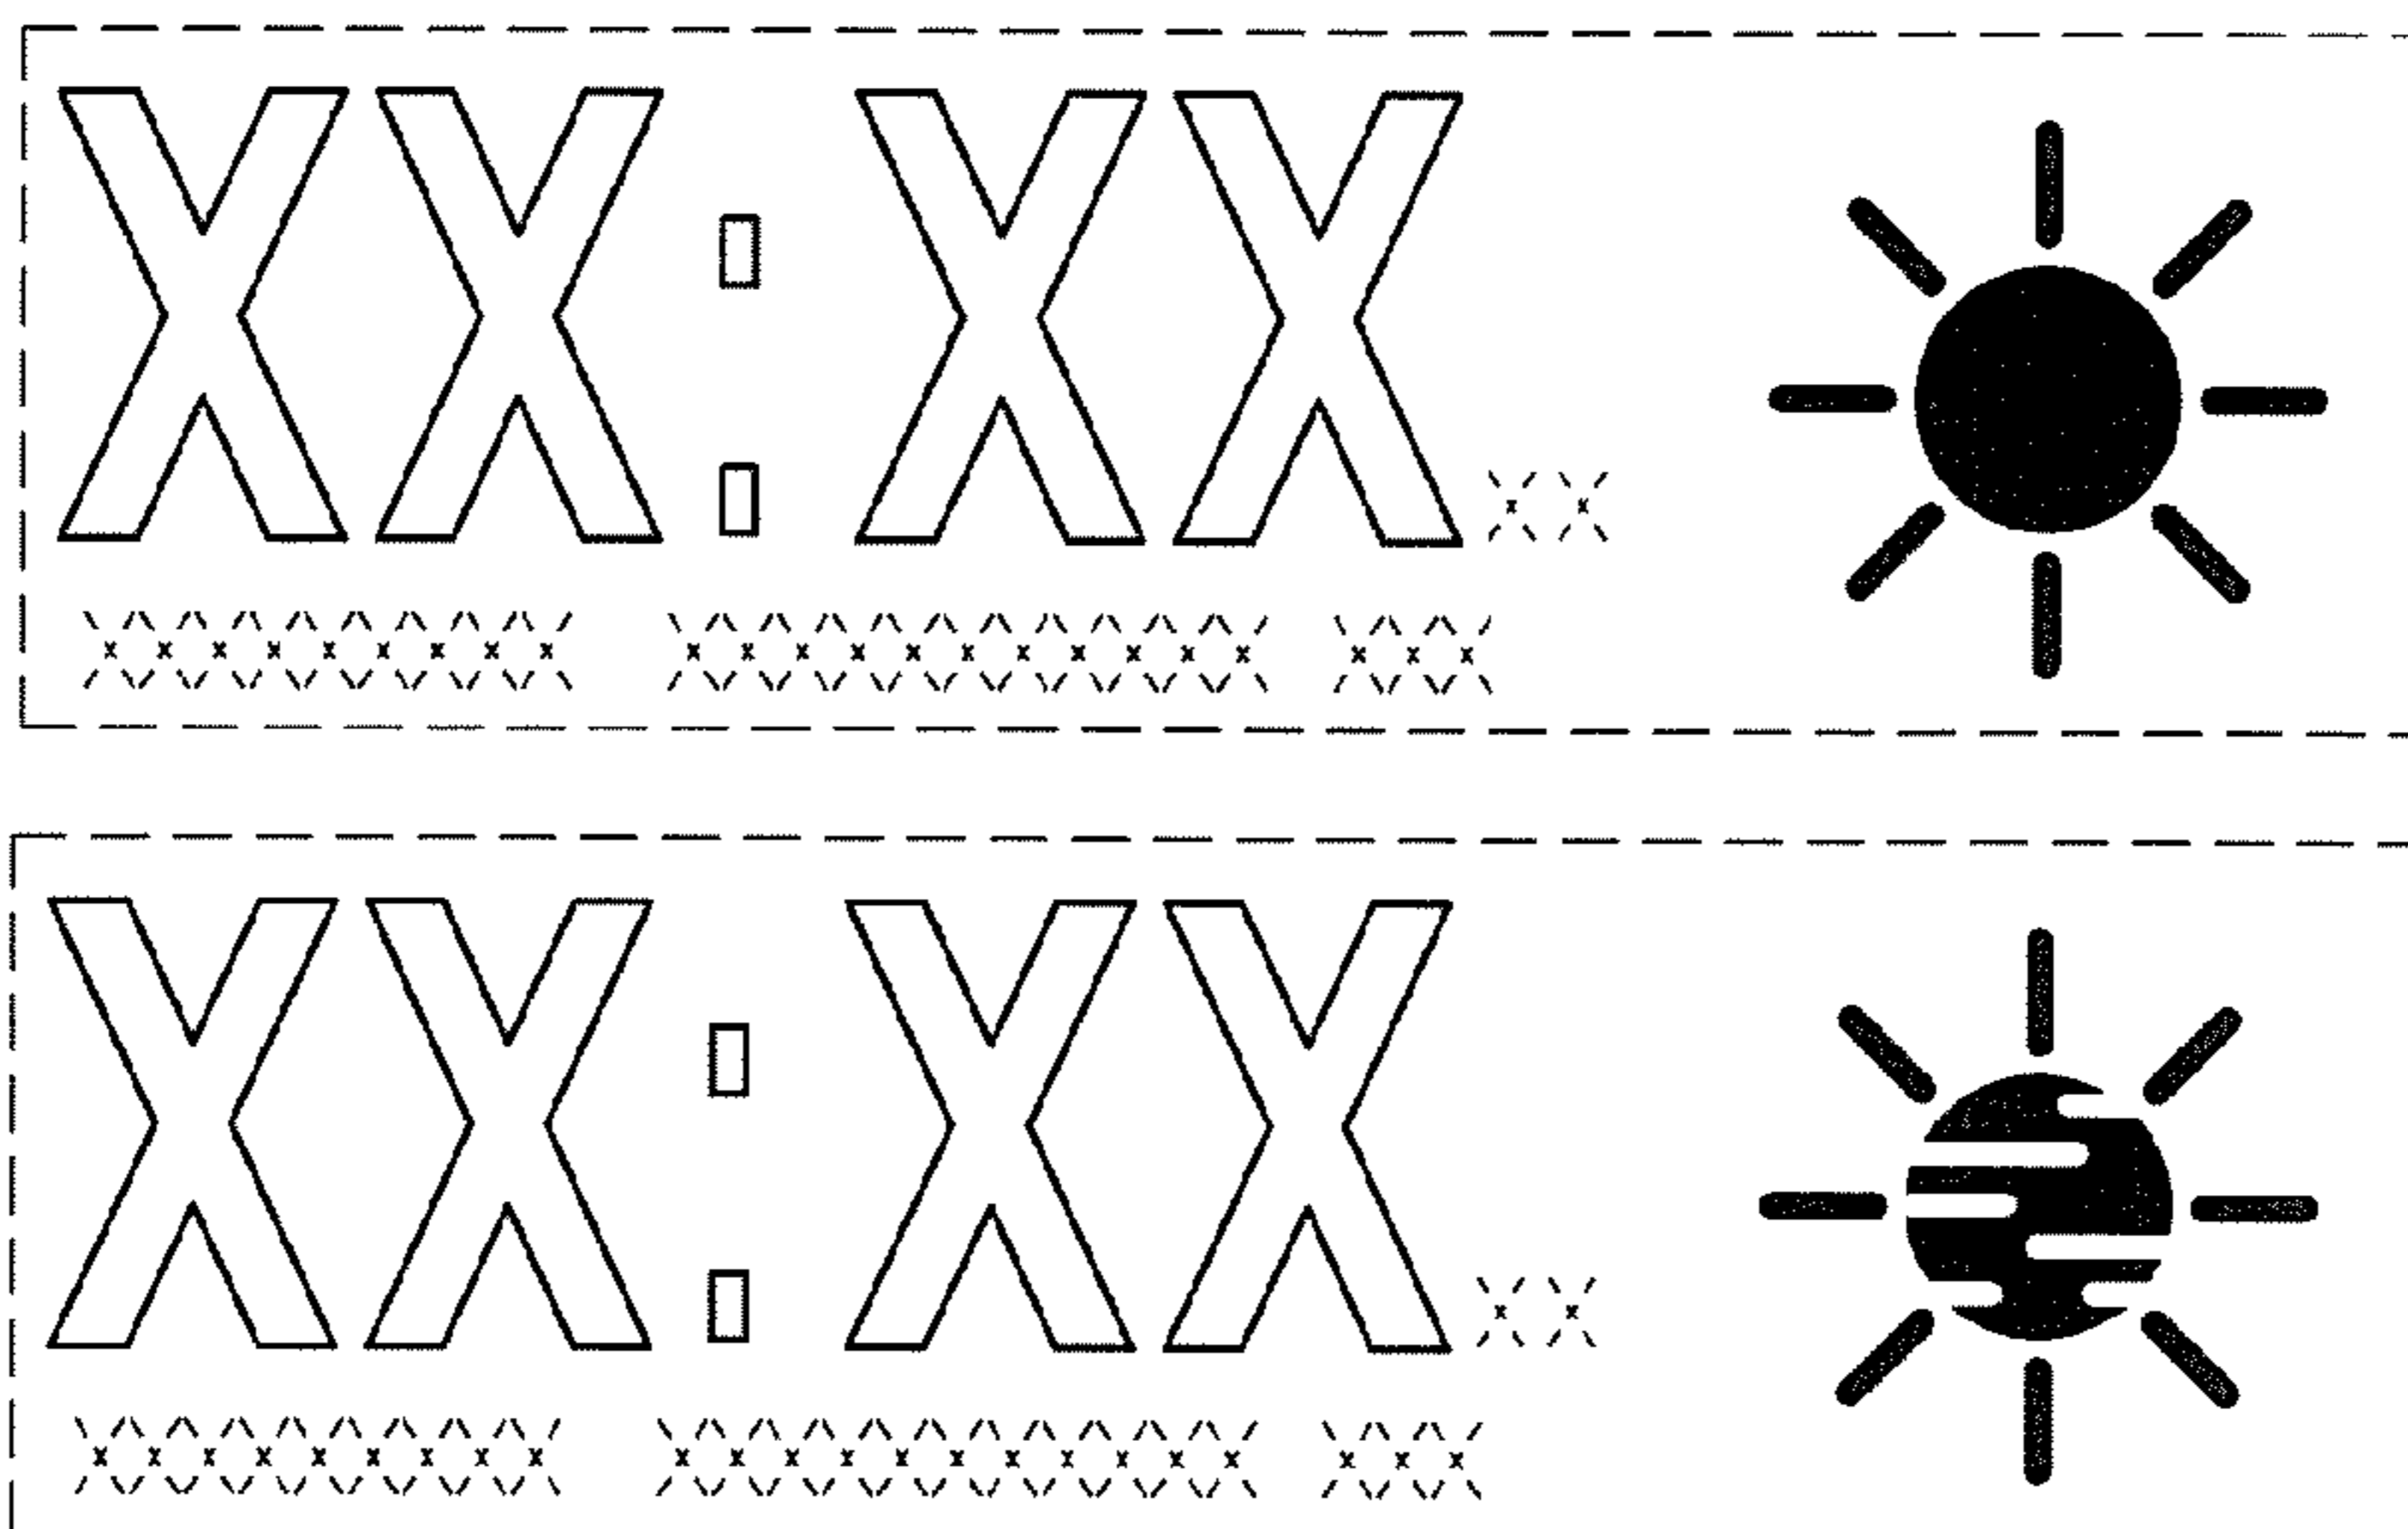

FIG. 1 is a front view of a portion of a display screen with a graphical user interface showing a first embodiment of our new design.

FIG. 2 is a front view of a portion of a display screen with a graphical user interface showing a second embodiment of our new design; and,

FIG. 3 is a front view of a portion of a display screen with a graphical user interface showing a third embodiment of our new design.

The broken-line showing of the portion of the display screen and the small “X”s are for the purpose of illustrating environmental structure and forms no part of the claimed design.

1 Claim, 1 Drawing Sheet
