(57) **CLAIM**

The ornamental design for an ant bait, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view of a top, front, and right side of an ornamental design for an ant bait; FIG. 2 is a front elevational view of the ant bait of FIG. 1, the rear elevational view being identical thereto; FIG. 3 is a right side elevational view of the ant bait of FIG. 1, the left side elevational view being identical thereto; FIG. 4 is a top plan view of the ant bait of FIG. 1; and, FIG. 5 is a bottom plan view of the ant bait of FIG. 1. The broken lines shown in the figures that are immediately adjacent to the shaded areas and define unshaded regions represent the bounds of the claim. The broken lines within broken line boundaries are directed to environment. The broken lines form no part of the claimed design. The area within each of the four unshaded openings located on the substantially vertical side wall of the ant bait represents a void that forms no part of the claimed design.
