DESCRIPTION

FIG. 1 is a front perspective view of the vehicle headlight lens showing our new design;
FIG. 2 is a front elevation view thereof;
FIG. 3 is a right side elevation view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a front perspective view thereof; and,
FIG. 6 is a front perspective view of a vehicle headlight lens in the installed position on a vehicle.

The broken lines showing portions of the headlight and vehicle are provided for the purposes of illustrating environmental structure and forms no part of the claimed design. The broken lines showing elements of the headlight lens illustrate portions of the article that also forms no part of the claimed design.
