(57) **CLAIM**

We claim the ornamental design for a pair of bib shorts, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a pair of bib shorts, showing our new design and according to the present invention; FIG. 2 is a rear view of a pair of bib shorts, showing our new design and according to the present invention; FIG. 3 is a left side view of a pair of bib shorts, showing our new design and according to the present invention; and, FIG. 4 is a right side view of a pair of bib shorts, showing our new design and according to the present invention. The cross-hatching on the front of the briefs portions of the bib shorts (shown in FIGS. 1, 3, and 4) represents a woven mesh, and is not indicative of color. The bottom edge of one cuff of one of the legs of the bib shorts appearing as a heavier line is a distinct and contrasting color from the rest of the cuff and the legs of the bib shorts.
