(57) **CLAIM**

The ornamental design for a display panel or portion thereof with animated graphical user interface, as shown and described.

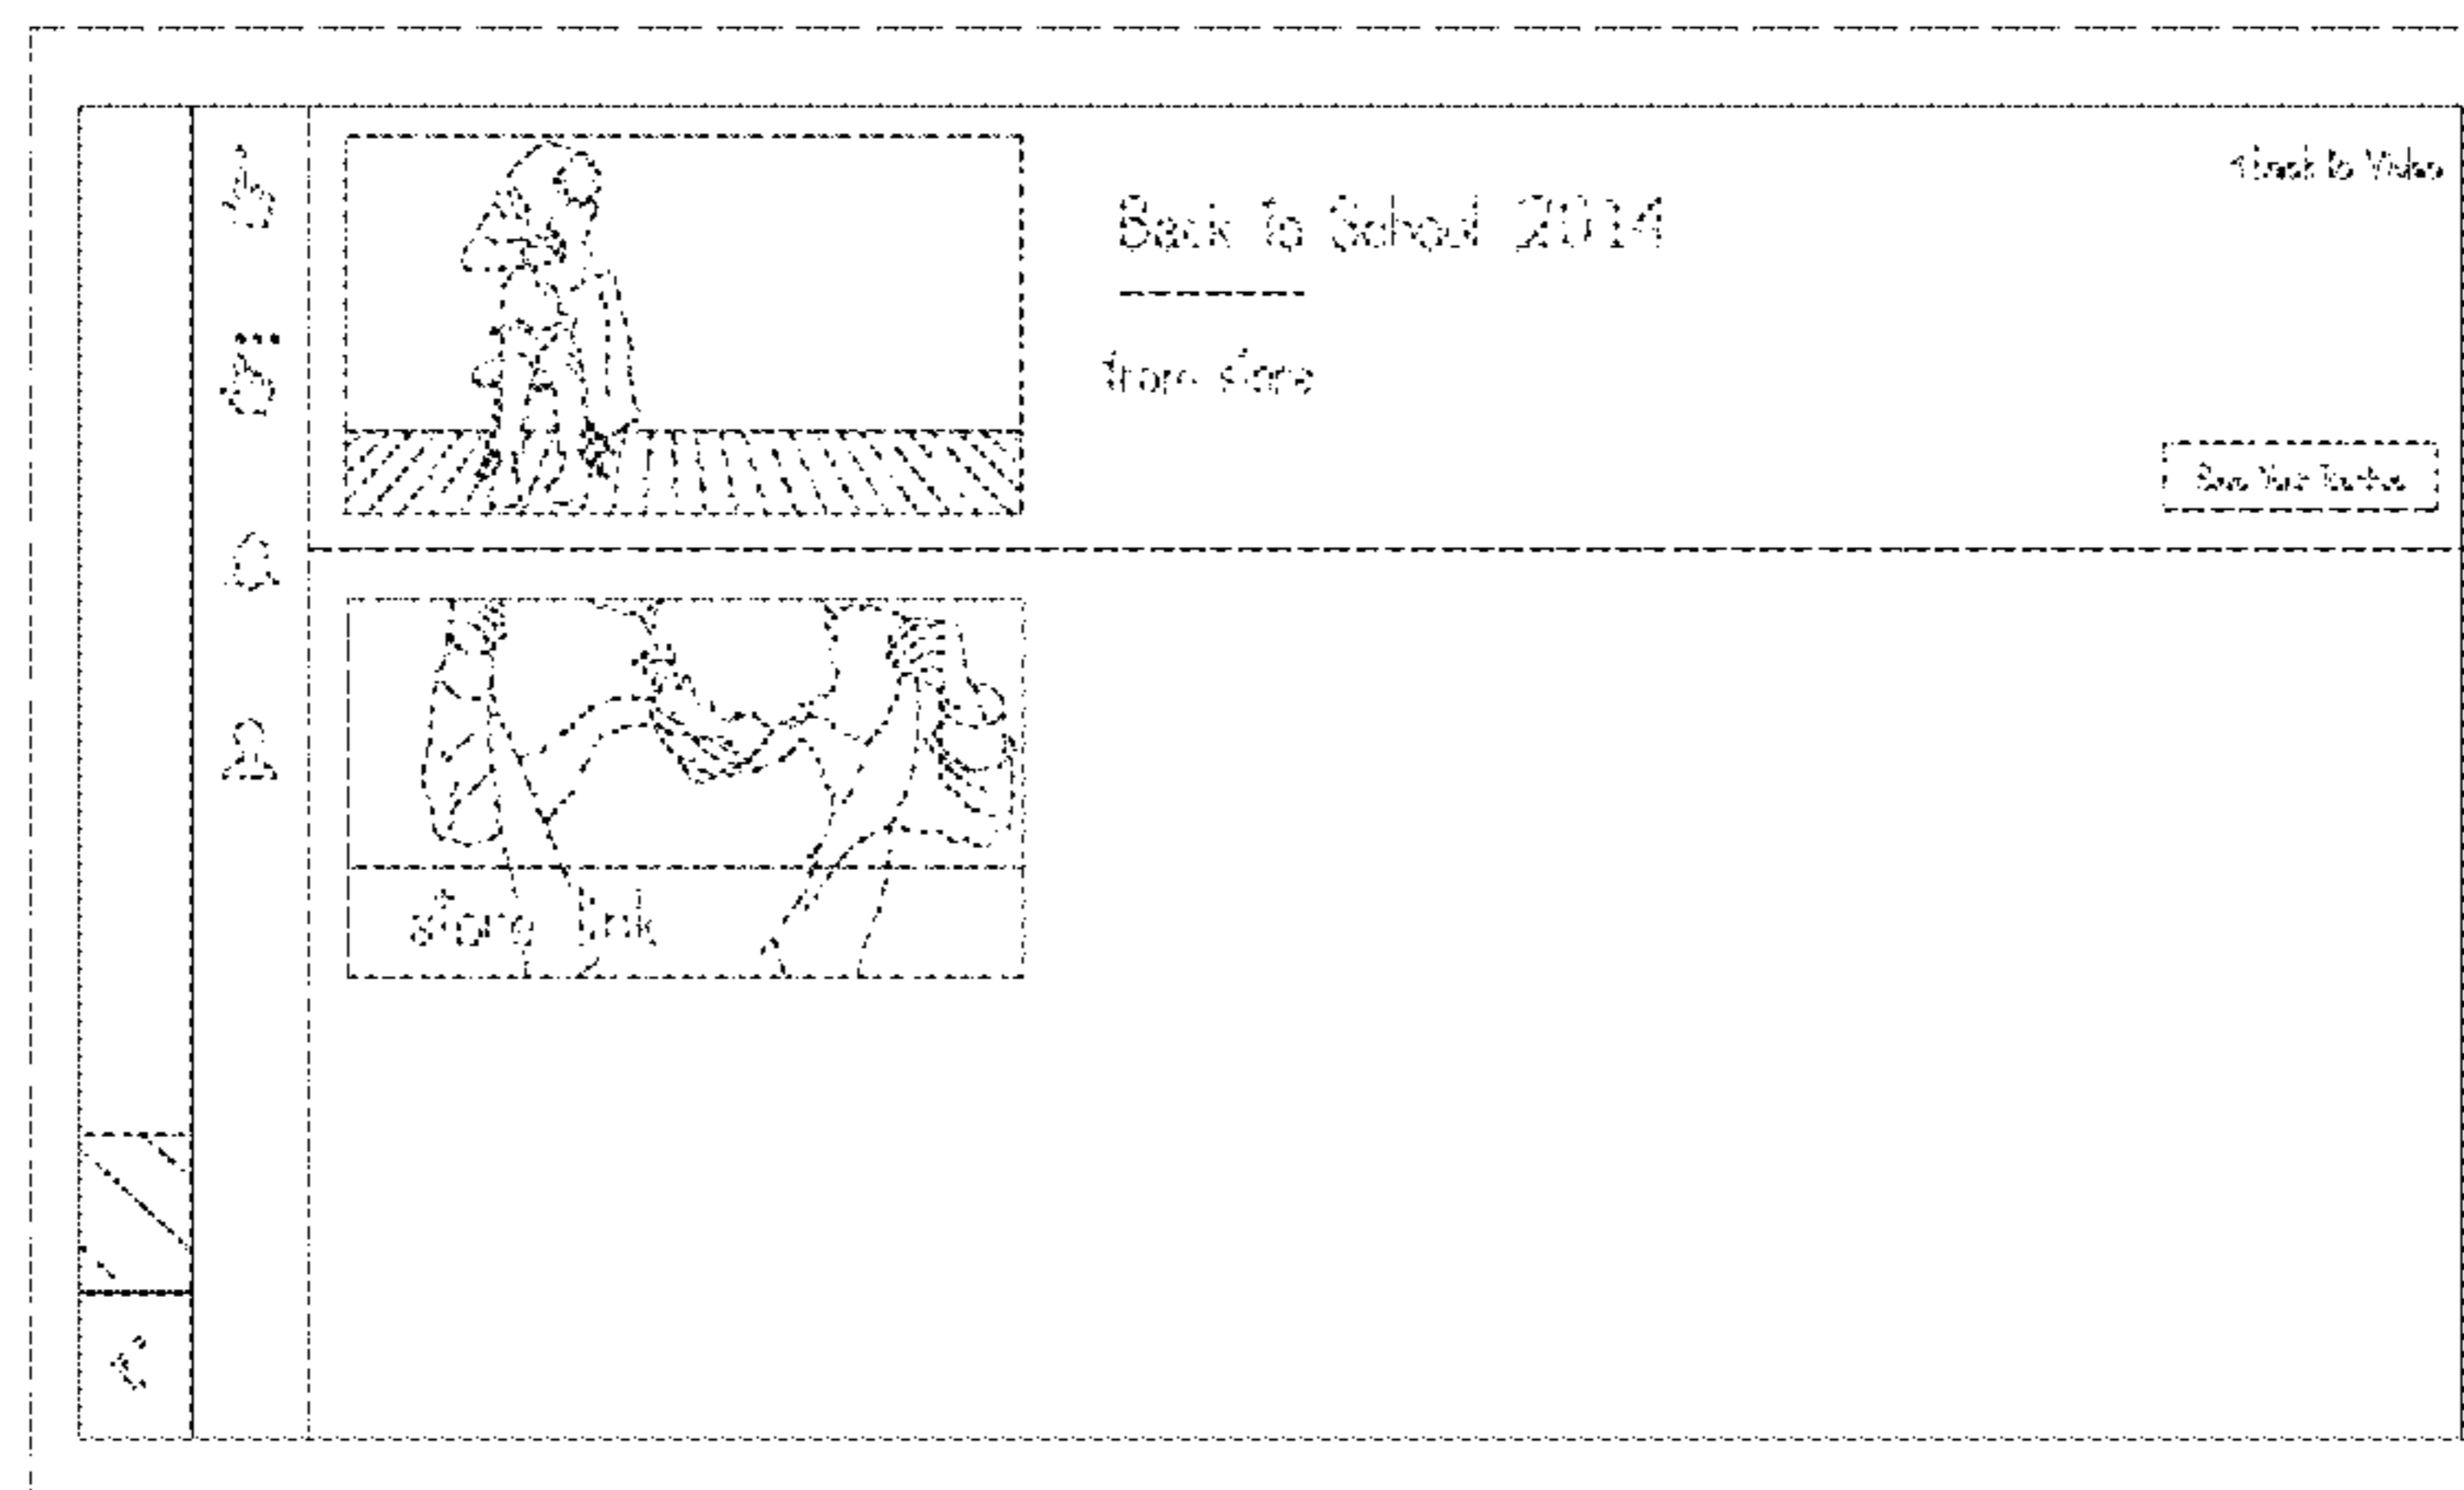

DESCRIPTION

FIG. 1 is a front view of a first image in a sequence for a display panel or portion thereof with animated graphical user interface, showing our new design; and FIG. 2 is a front view of the second image; FIG. 3 is a front view of the third image; and, FIG. 4 is a front view of the fourth image.

The longer-incremented broken lines showing a display panel or portion thereof form no part of the claimed design. The images and text shown in finer-incremented broken lines illustrate portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the image transitions sequentially between the images shown in FIGS. 1 through 4, respec-

(Continued)

tively. The process or period in which an image transitions to another image forms no part of the claimed design.
