(57) **CLAIM**

The ornamental design for a display screen with animated graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen with animated graphical user interface representing a seating chart zoom showing a first image in the sequence showing our new design;

FIG. 2 is the second image thereof;

FIG. 3 is the third image thereof; and

FIG. 4 is the fourth image thereof;

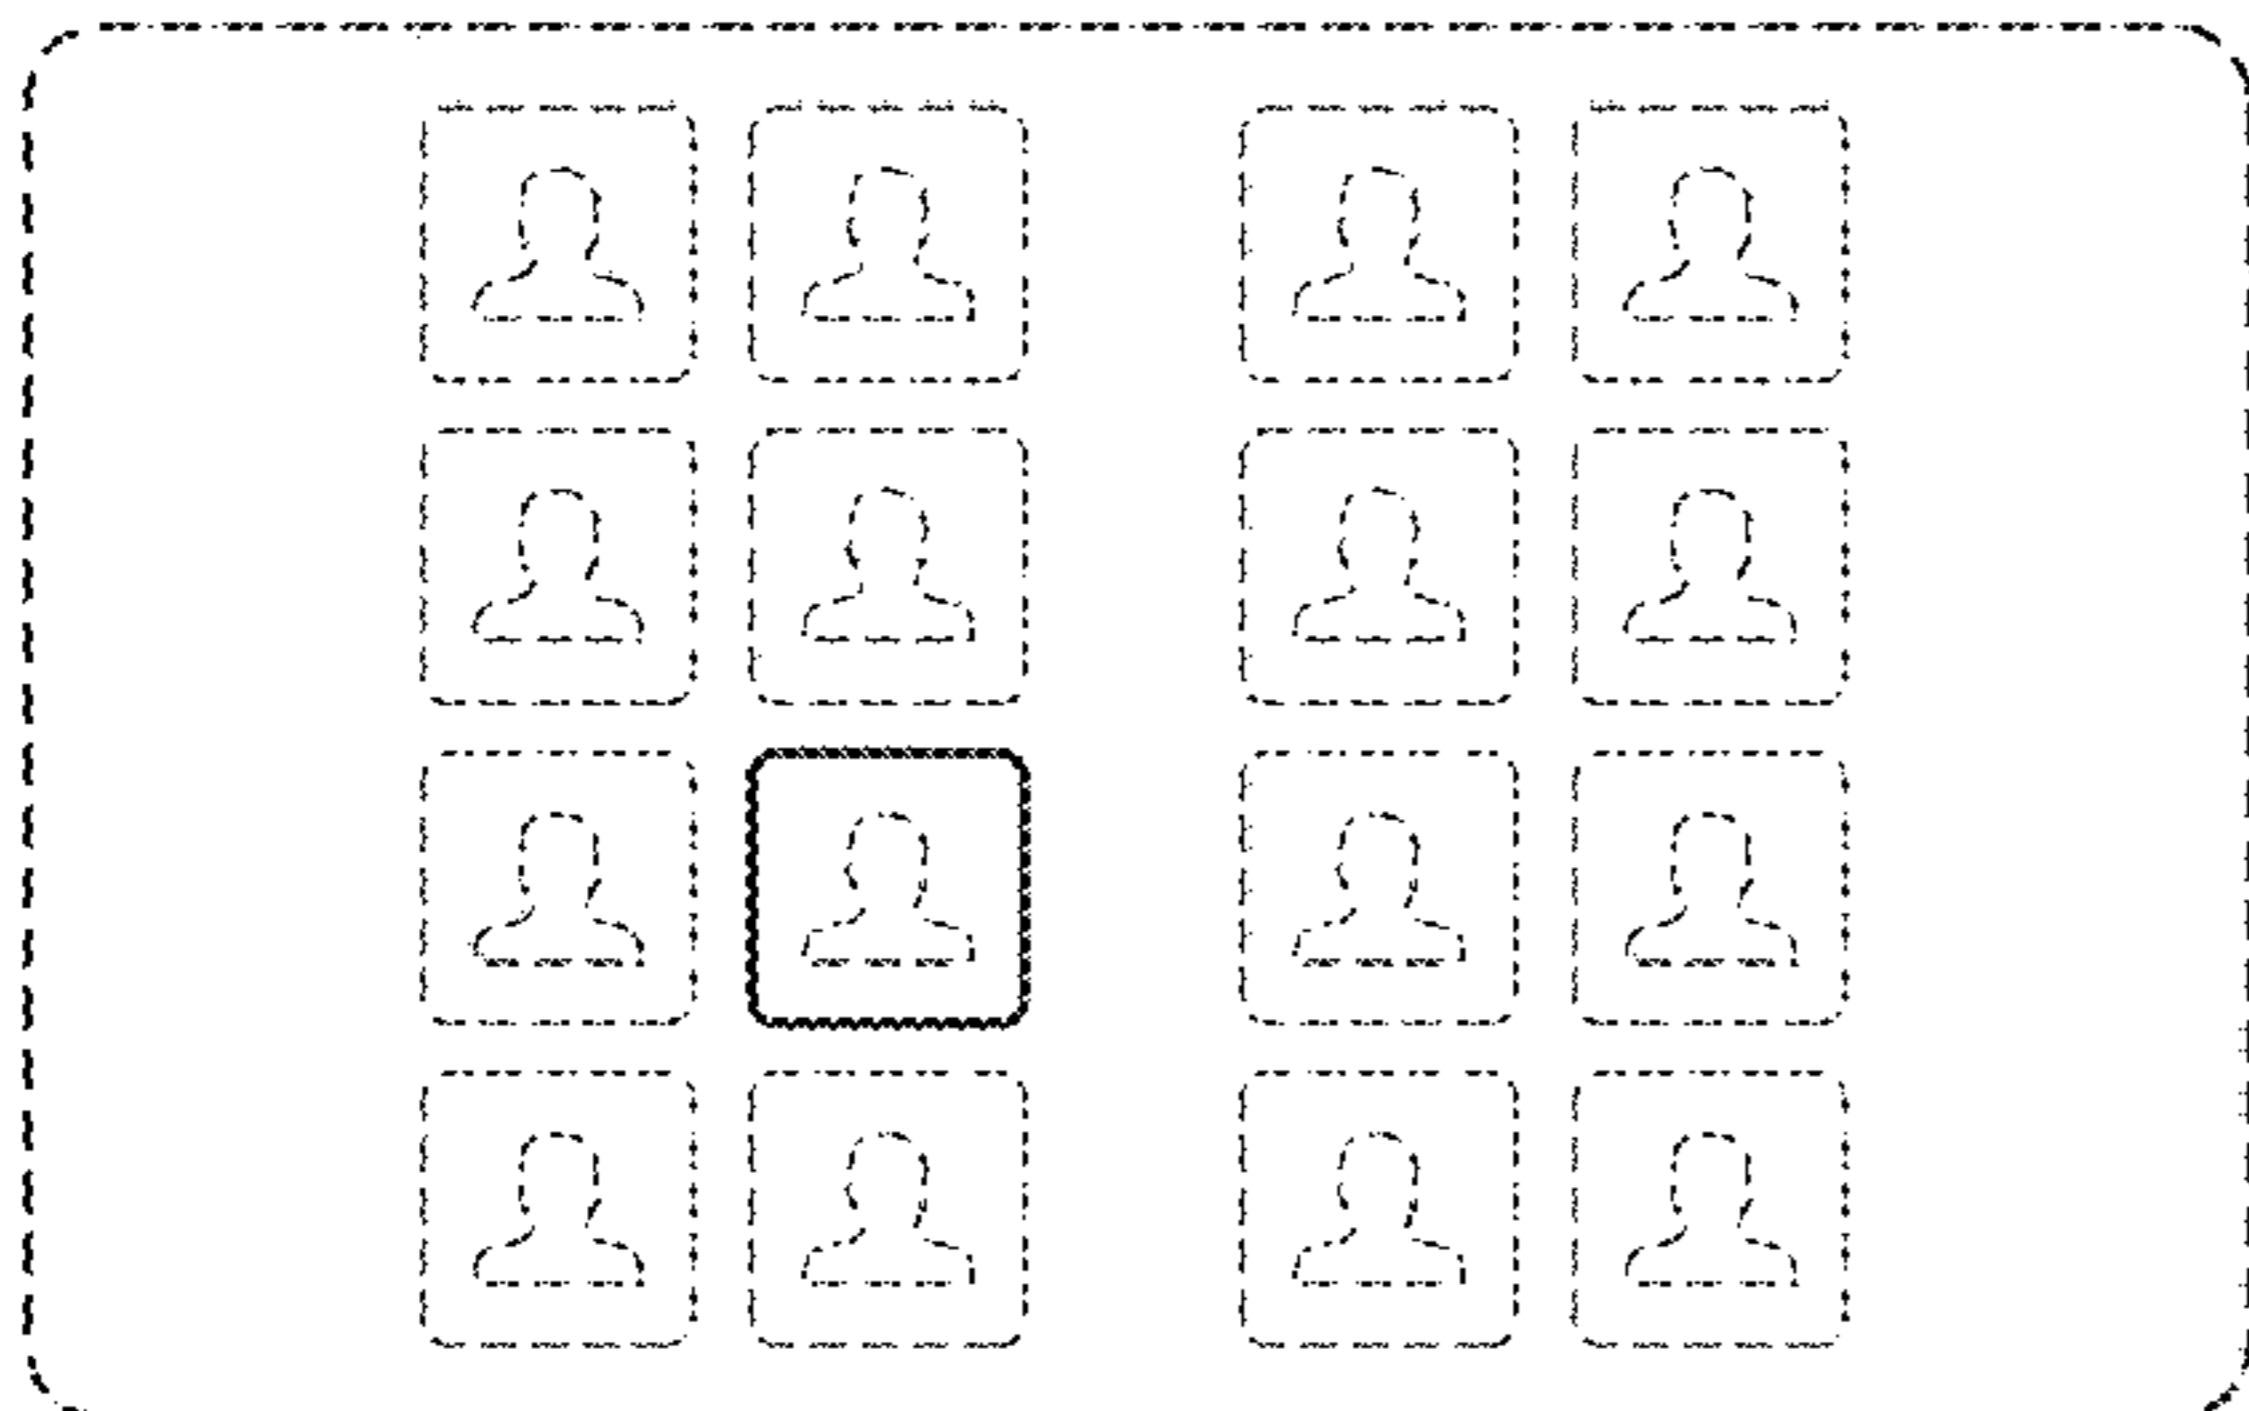

FIG. 5 is the fifth image thereof; and,

FIG. 6 is the sixth image thereof.

The broken lines in the figures show a display screen or portions thereof as well as various portions of a graphical user interface that form no part of the claimed design.

The appearance of the display screen with animated graphical user interface sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another forms no part of the claimed design.

1 Claim, 6 Drawing Sheets
