(57) **CLAIM**

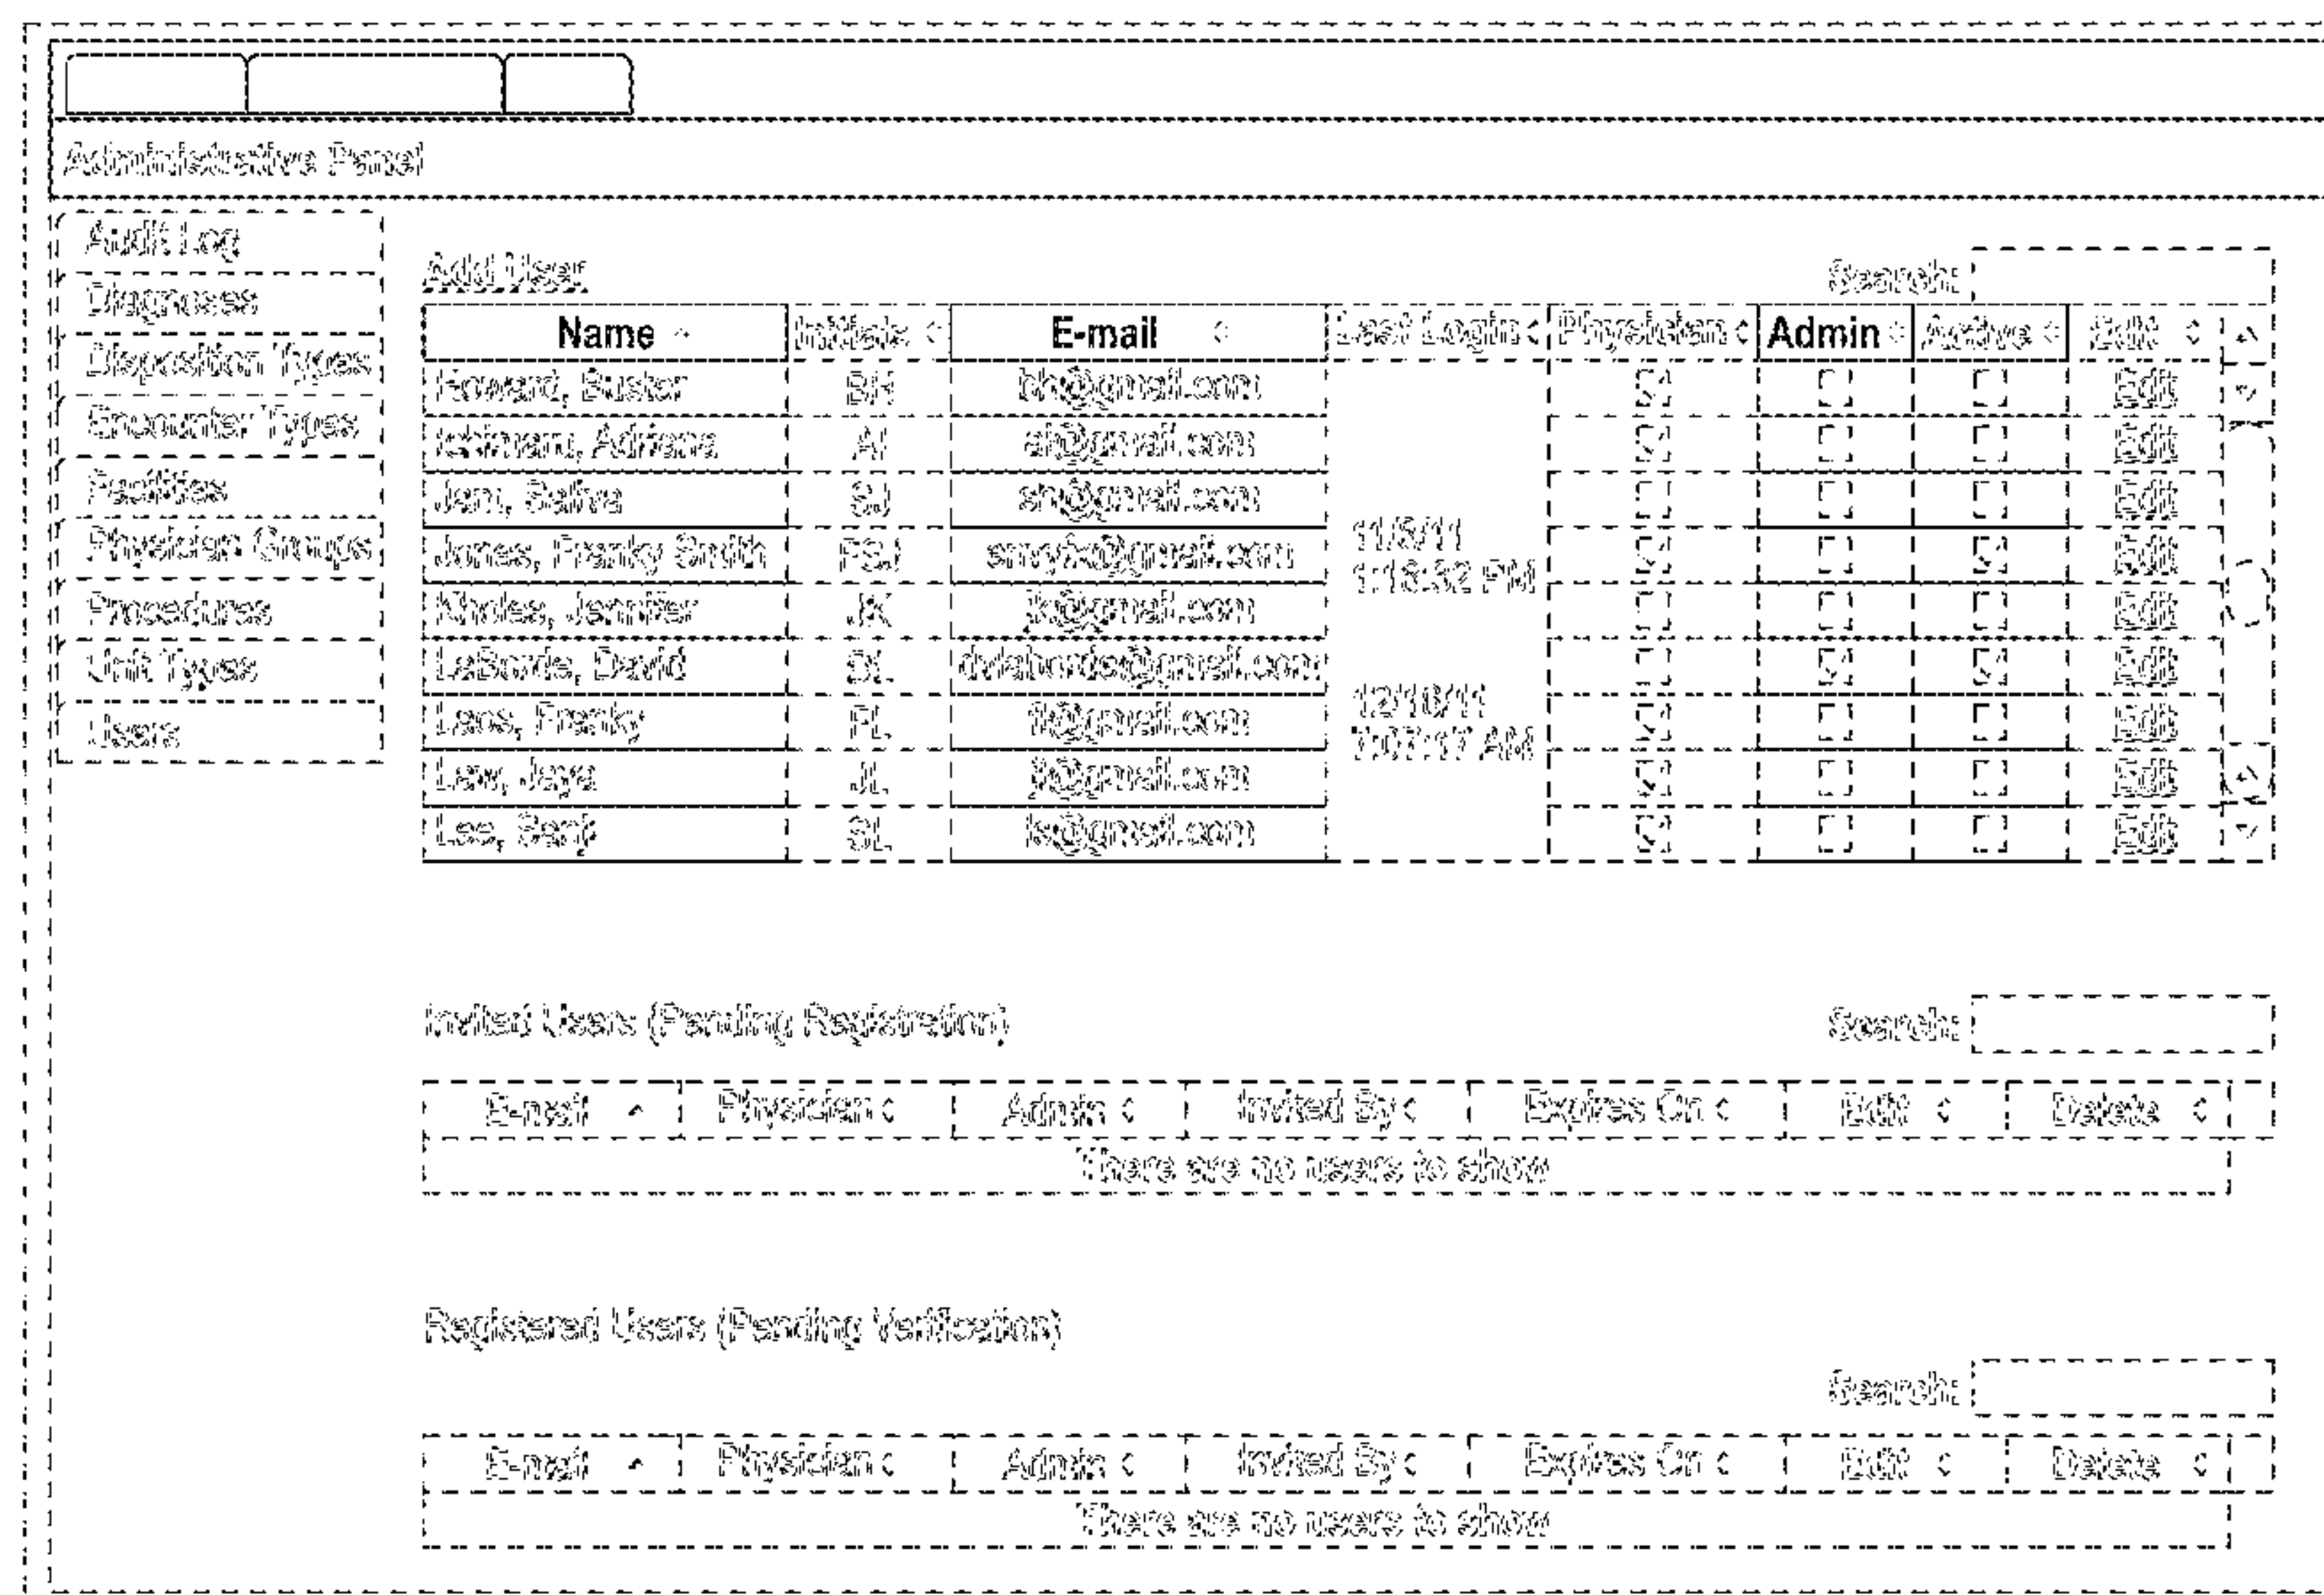

I claim the ornamental design for a display screen or portion thereof of a programmed computer system with a patient list administrative panel graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof of a programmed computer system with a patient list administrative panel graphical user interface, showing our new design.

The broken lines showing a display screen or portion thereof, as well as the text and portions of the graphical user interface illustrate portions of the article and form no part of the claimed design.
