(57) **CLAIM**

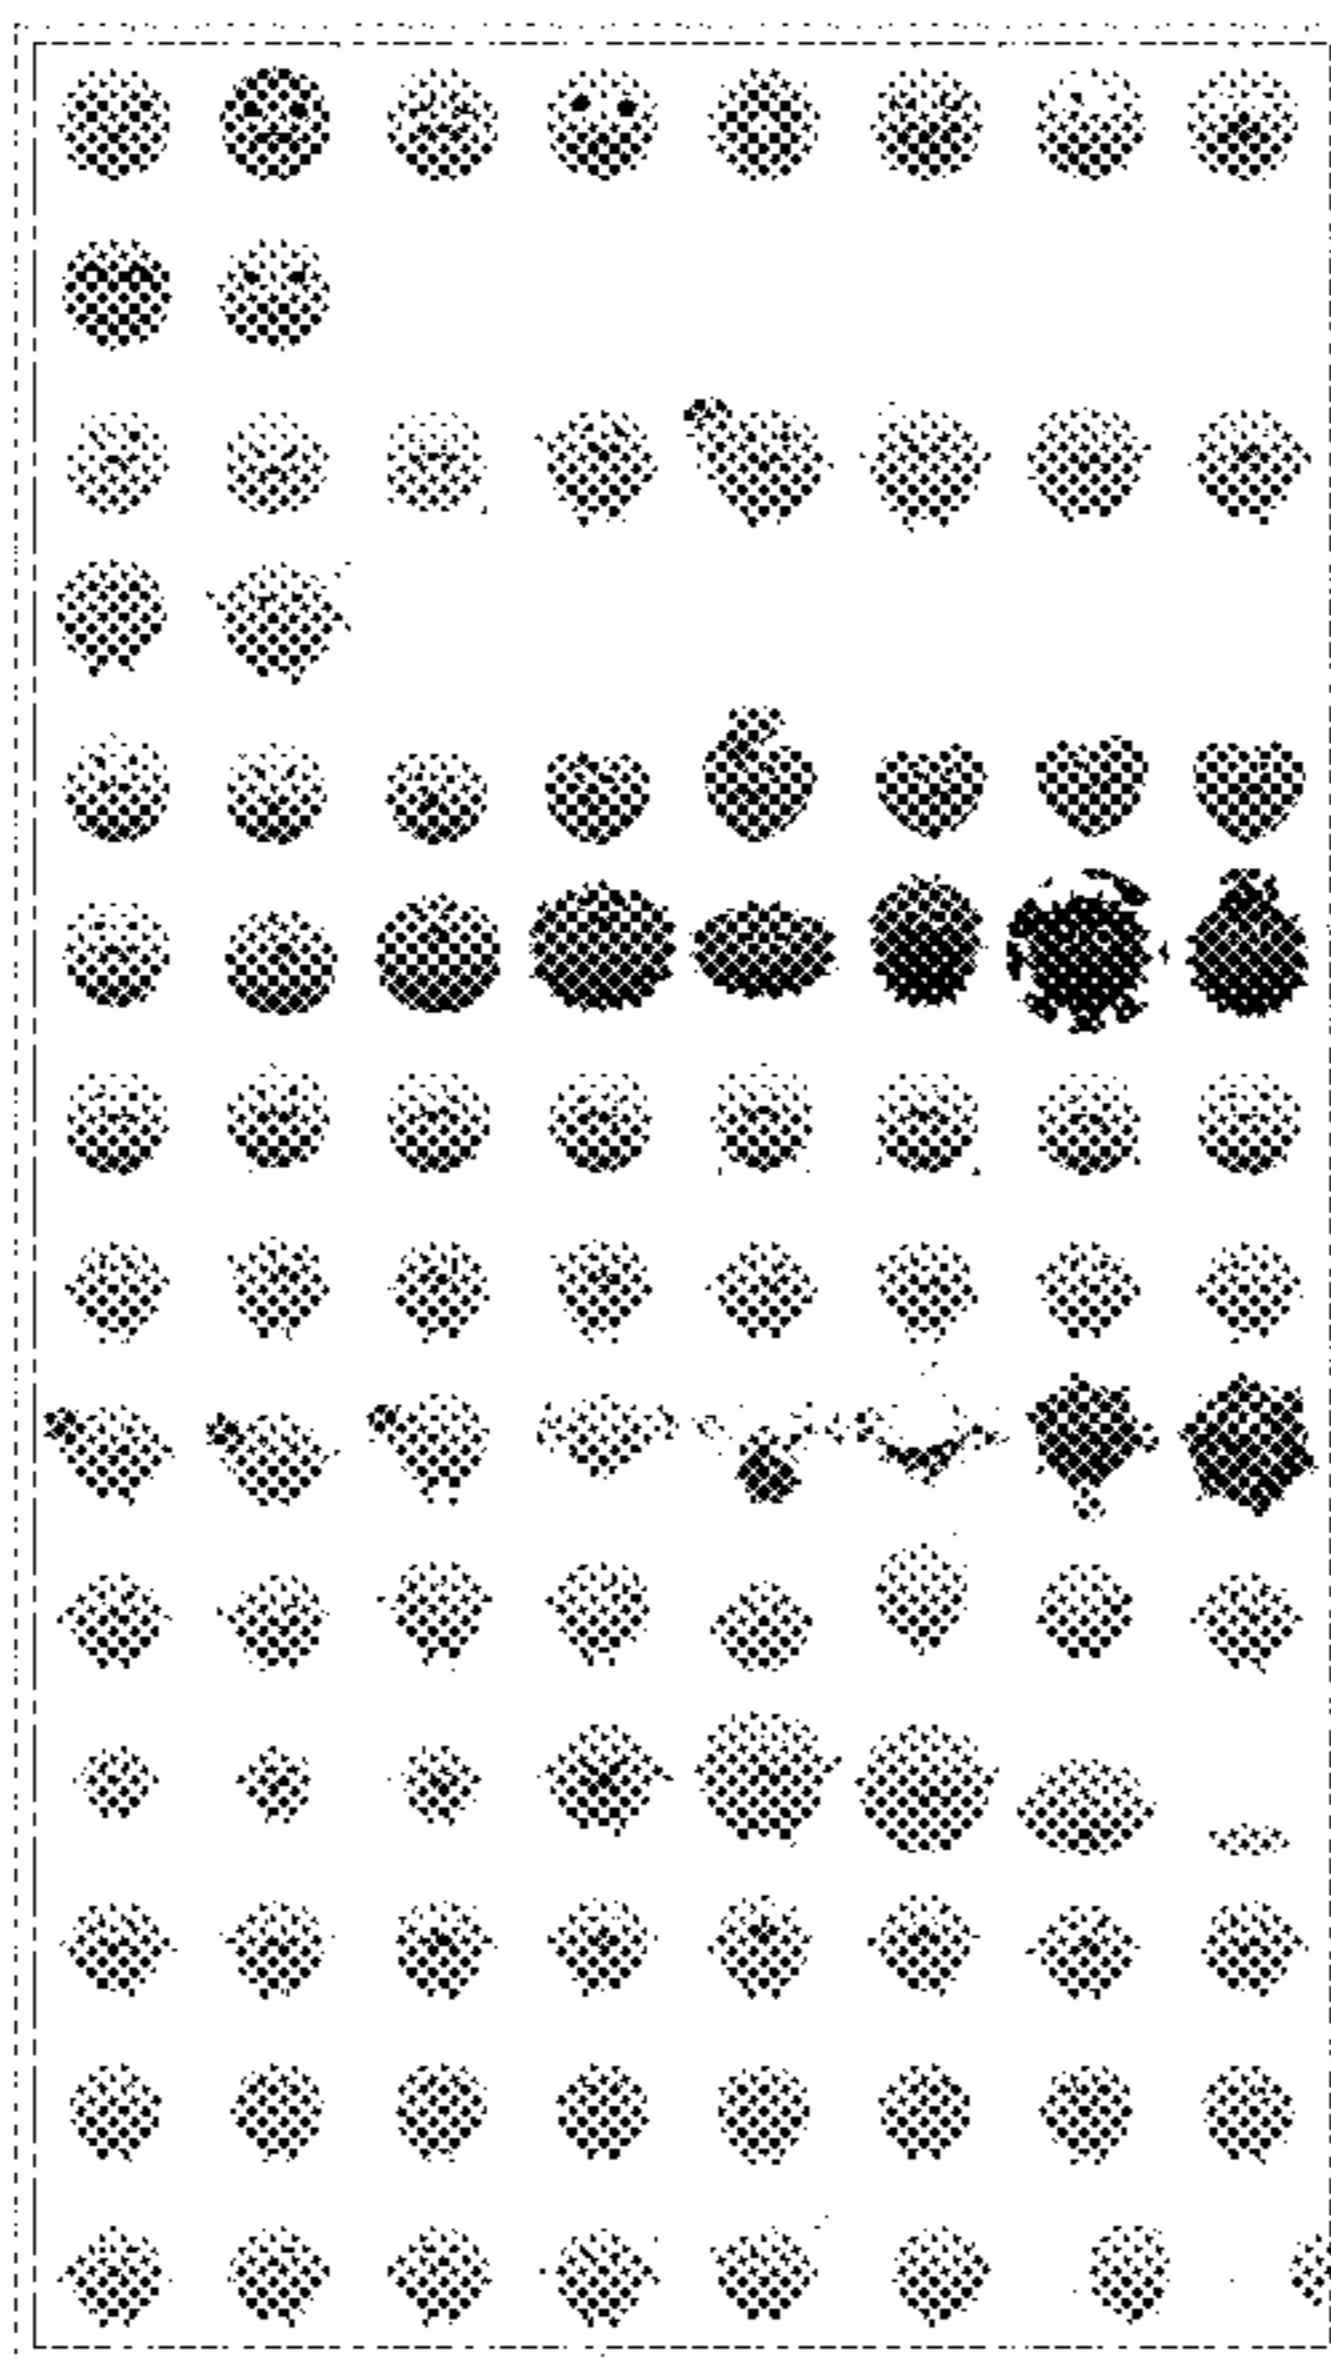

We claim, the ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The dot-dash broken line in the FIGURE represents a boundary of the claimed design and the dashed broken line showing of the display screen in the FIGURE is included for the purpose of illustrating environment structure; the broken lines form no part of the claimed design.
