(57) **CLAIM**

The ornamental design for a vehicle handhold element, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a portion of an armrest on a materials handling vehicle including a first embodiment of the handhold element taken from the back left of the armrest; FIG. 2 is a right side elevational of the handhold element of FIG. 1;

FIG. 3 is a left side elevational view thereof;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a front elevational view thereof; and

FIG. 6 is a top plan view thereof;

FIG. 7 is a perspective view of a portion of an armrest on a materials handling vehicle including a second embodiment of the handhold element taken from the back left of the armrest;

FIG. 8 is a right side elevational of the handhold element of FIG. 7;

FIG. 9 is a left side elevational view thereof;

FIG. 10 is a rear elevational view thereof;

FIG. 11 is a front elevational view thereof; and,

FIG. 12 is a top plan view thereof.

The broken line showings in the figures that illustrate a portion of an armrest of a materials handling vehicle are provided for the purpose of illustrating environmental structure and form no part of the claimed design.
