(57) **CLAIM**

The ornamental design for a solid state light emitter component, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a solid state light emitter component showing the design according to one embodiment;

FIG. 2 is a rear perspective view thereof, opposite the view of FIG. 1;

FIG. 3 is a top plan view thereof;

FIG. 4 is a bottom plan view thereof, opposite the view of FIG. 3;

FIG. 5 is a first side view thereof, the opposing side being a mirror image of that shown; and,

FIG. 6 is a second side view thereof, the opposing side being a mirror image of that shown.

The broken lines are included for illustrating environment of the design and form no part of the claimed design.
