(57) **CLAIM**

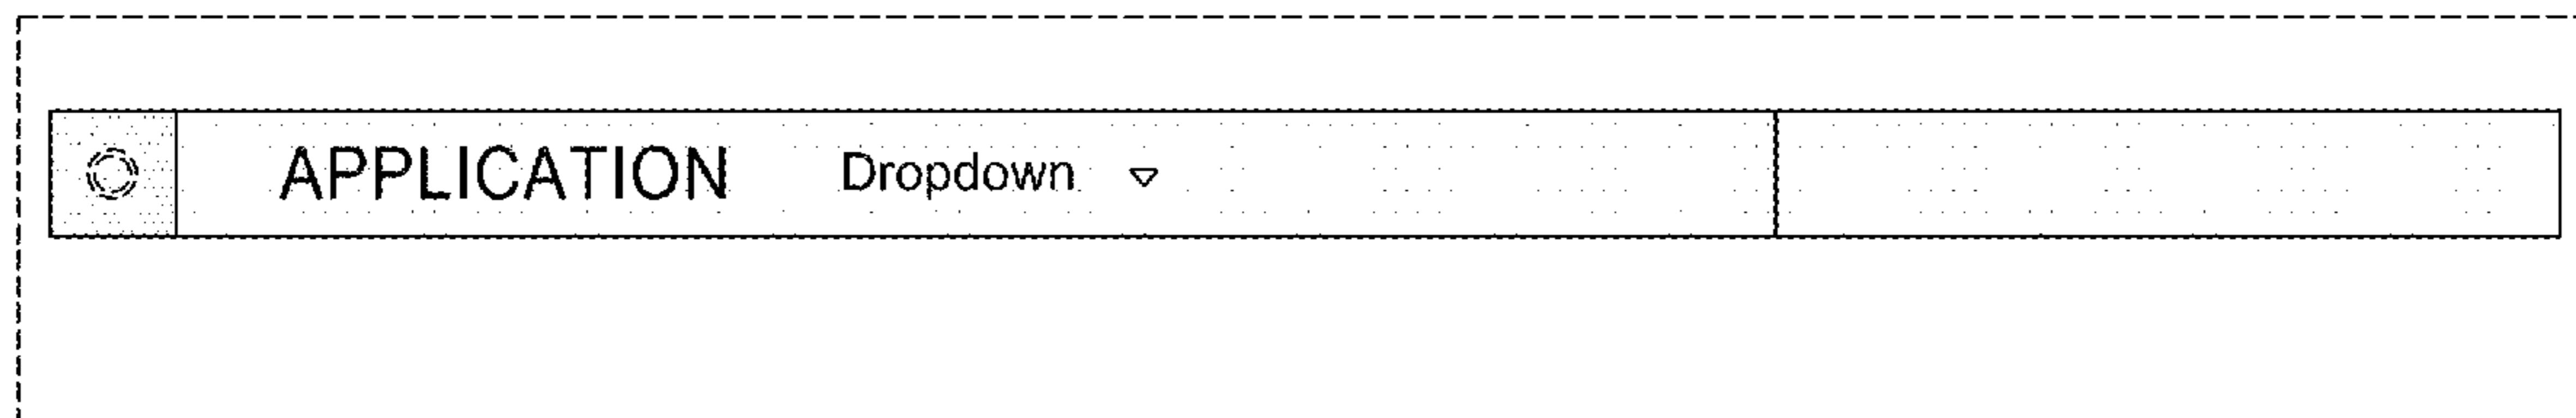

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

**DESCRIPTION**

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document of the patent disclosure, as it appears in the U.S. Patent and Trademark Office records, but reserves all other copyright rights whatsoever. The FIGURE is a front view of a display screen or portion thereof with graphical user interface showing our new design.

The broken lines showing a display screen or portion thereof form no part of the claimed design. Broken lines of the icon circle in the left hand portion of the design form no part of the claimed design. The shaded portions on the left square and the connected horizontal bar represent contrasting appearances.
