(57) **CLAIM**

The ornamental design for a wearable display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of the wearable display screen with graphical user interface showing a first embodiment of my new design;
FIG. 2 is a front view of the wearable display screen with graphical user interface showing a second embodiment of my new design; and,
FIG. 3 is a front view of the wearable display screen with graphical user interface showing a third embodiment of my new design.
The broken lines illustrate the display screen and portions of the graphical user interface and form no part of the claimed design.
