(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

This application contains subject matter related to U.S. application Ser. No. 29/548,789, entitled “Display Screen or Portion Thereof With Graphical User Interface,” filed Dec. 16, 2015 and issued May 10, 2016 as U.S. Pat. No. D755,828.

The sole view is a front view of a display screen or portion thereof with graphical user interface showing the new design.

The broken line showing of the display monitor is provided for the purposes of illustrating environmental structure; whereas the broken lines showing the display screen and features of the graphical user interface illustrate portions of the article. No subject matter shown in broken lines form part of the claimed design.
