(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen or portion thereof with graphical user interface, showing our new design.

The outermost dot-dash line shows the bounds of the claimed design and forms no part thereof. The even spaced broken line immediately adjacent to the dot-dash line showing of a portion of the display screen and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.
