(57) **CLAIM**

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. **1** is a front view of the first image in the sequence for a display screen with graphical user interface, showing our new design;
FIG. **2** is a front view of the second image thereof;
FIG. **3** is front view of the third image thereof;
FIG. **4** is a front view of the first image of a second embodiment of a sequence for a display screen with graphical user interface, showing our new design;
FIG. **5** is front view of the second image thereof; and,
FIG. **6** is a front view of the third image thereof.
The outermost dual set of broken lines and the broken line showing of the outer circular features illustrate an electronic device. The single broken line at the periphery of the figures illustrate a display screen. The remainder of the broken lines illustrate portions of the graphical user interface. None of the broken lines form part of the claimed design.
