(57) **CLAIM**

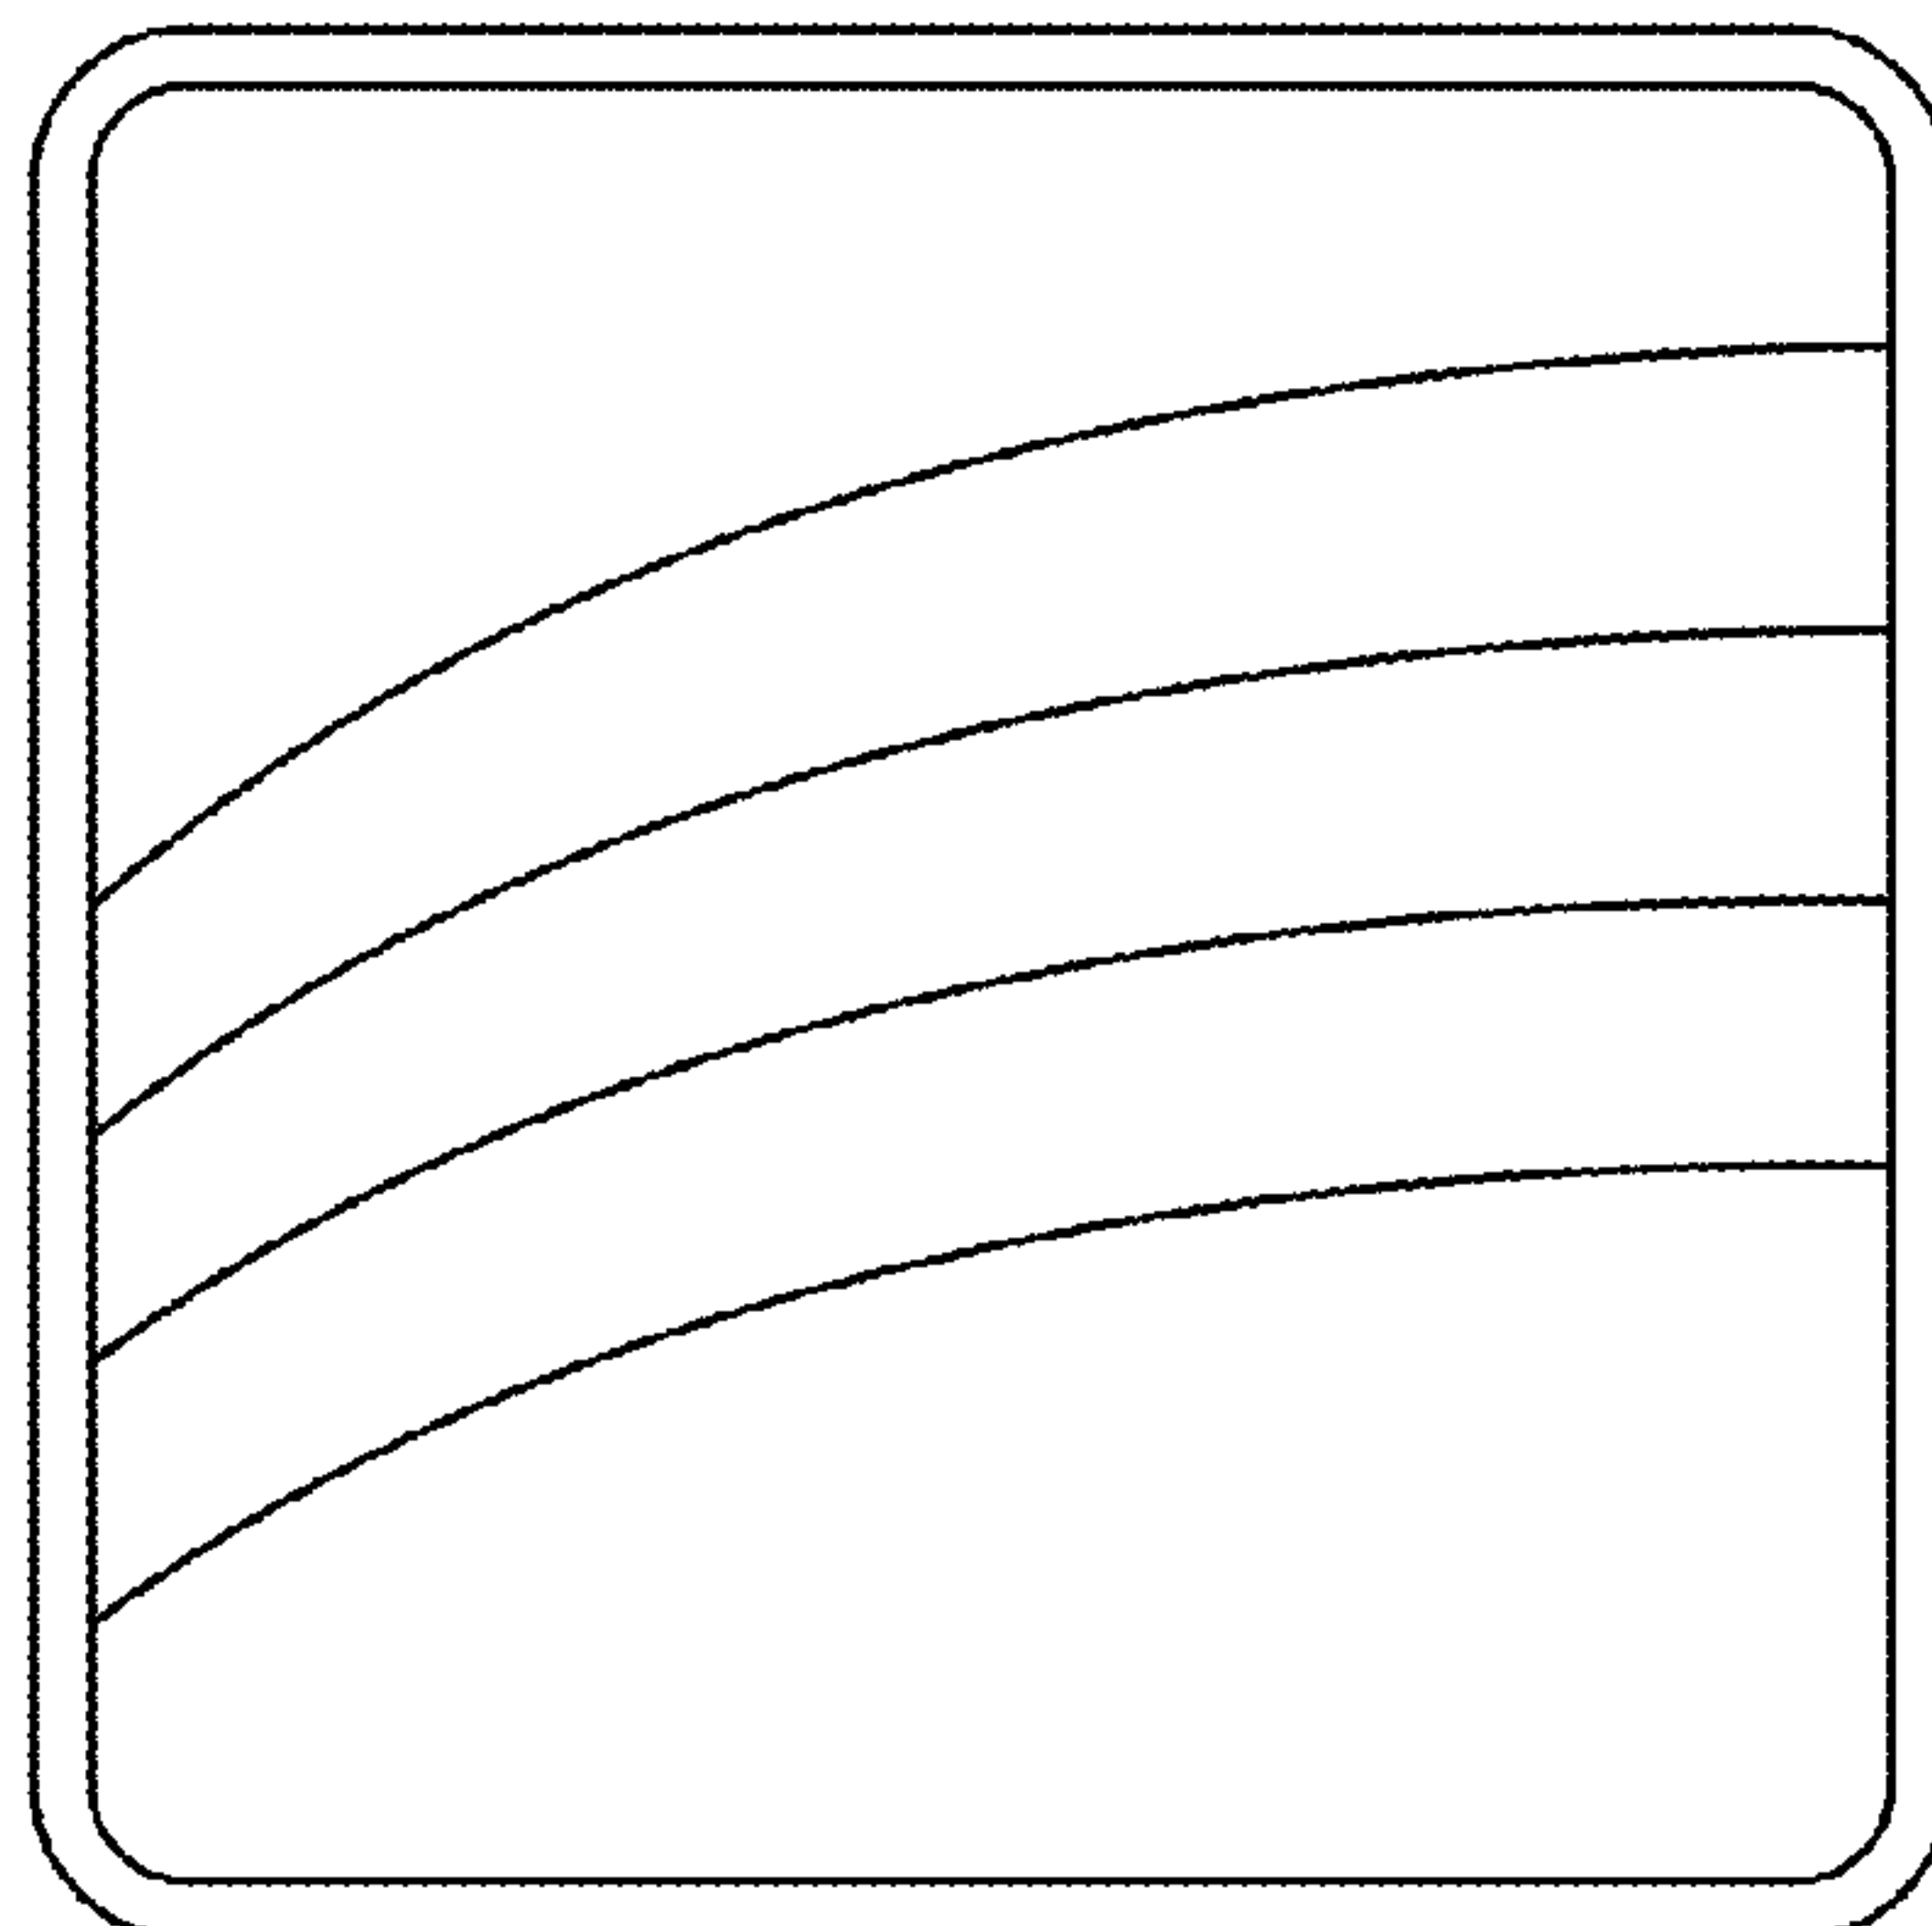

The ornamental design for an office machine display screen with graphical user interface including a color function icon, as shown and described.

DESCRIPTION

FIG. 1 is a front view of an office machine display screen with graphical user interface including a color function icon in accordance with the present invention; and, FIG. 2 is a front view of the design shown in FIG. 1, shown enlarged for clarity of illustration.

The broken line showing of the display screen and graphical user interface are included for the purpose of illustrating environmental structure and portions of the article and form no part of the claimed design.
