(57) **CLAIM**

The ornamental design for a transitional image for portion of display screen for digital camera, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a digital camera having a display screen showing my new design;
FIG. 2 is a top plan view thereof;
FIG. 3 is a bottom plan view thereof;
FIG. 4 is a left side elevational view thereof;
FIG. 5 is a right side elevational view thereof;
FIG. 6 is a rear elevational view thereof, showing a display screen of an embodiment;
FIG. 7 is an enlarged view of the display screen;
FIG. 8 is a first image of a display screen; and,
FIG. 9 is a second image of the display screen.

The portions of the transitional image for portion of display screen for digital camera in broken lines are shown for illustrative purposes only and form no part of the claimed design.

The appearance of image transitions sequentially between the images of the display screen shown in FIG. 8 and FIG. 9. The process or period in which one image transitions to another image forms no part of the claimed design.
