D384,341 S \* 9/1997 Hoffman ..... D10/102  
(Continued)

FIG. 1 is a front view of a first image in a sequence for a display screen with graphical user interface for controlling machine tools showing our new design;  
FIG. 2 is a left side elevational view thereof;  
FIG. 3 is a top plan view thereof;  
FIG. 4 is an enlarged front view thereof, shown separately for clarity of illustration; and,  
FIG. 5 is an enlarged front view of a second image thereof, shown separately for clarity of illustration.

The broken lines showing of the display screen and portions of the graphical user interface for controlling machine tools are included for the purpose of illustrating portions of the article and form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 4 and 5. The process or period in which one image transitions to another image forms no part of the claimed design.
