(57) **CLAIM**

The ornamental design for a storage container, as shown and described.

**DESCRIPTION**

FIG. 1 is a front perspective view of the storage container illustrating the new design and showing the design in an assembled and closed configuration with multiple compartments;  
FIG. 2 is a front elevational view thereof, the rear being the same; and,  
FIG. 3 is a left side elevational view thereof, the right side being the same.  
Applicant reserves the right to claim any part, portion, element or combination of the disclosed designs, including

(Continued)

to replace any solid line with broken line or vice versa, and to disclaim any part, portion, element or combination of the disclosed designs.
