(Continued)

The outermost broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design. The other broken lines in the figures show portions of the animated graphical user interface that form no part of the claimed design.

The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-7 and FIGS. 8-13. The process or period in which one image transitions to another forms no part of the claimed design.
