(57) **CLAIM**

The ornamental design for a light emitting diode display, as
shown and described.

DESCRIPTION

FIG. 1 is an upper perspective view of the light emitting
diode display showing my design, showing an opened
configuration of the scissor elements and a housing and
cables in broken lines.

FIG. 2 is a front elevation view thereof, showing the opened
configuration of the scissor elements and the housing and
cables in broken lines;

FIG. 3 is a back elevation view thereof, showing the opened
configuration of the scissor elements and the housing and
cables in broken lines;

FIG. 4 is a side elevation view thereof, showing the opened
configuration of the scissor elements and the housing and
cables in broken lines;

FIG. 5 is an opposite side elevation view thereof, showing
the opened configuration of the scissor elements and the
housing and cables in broken lines;

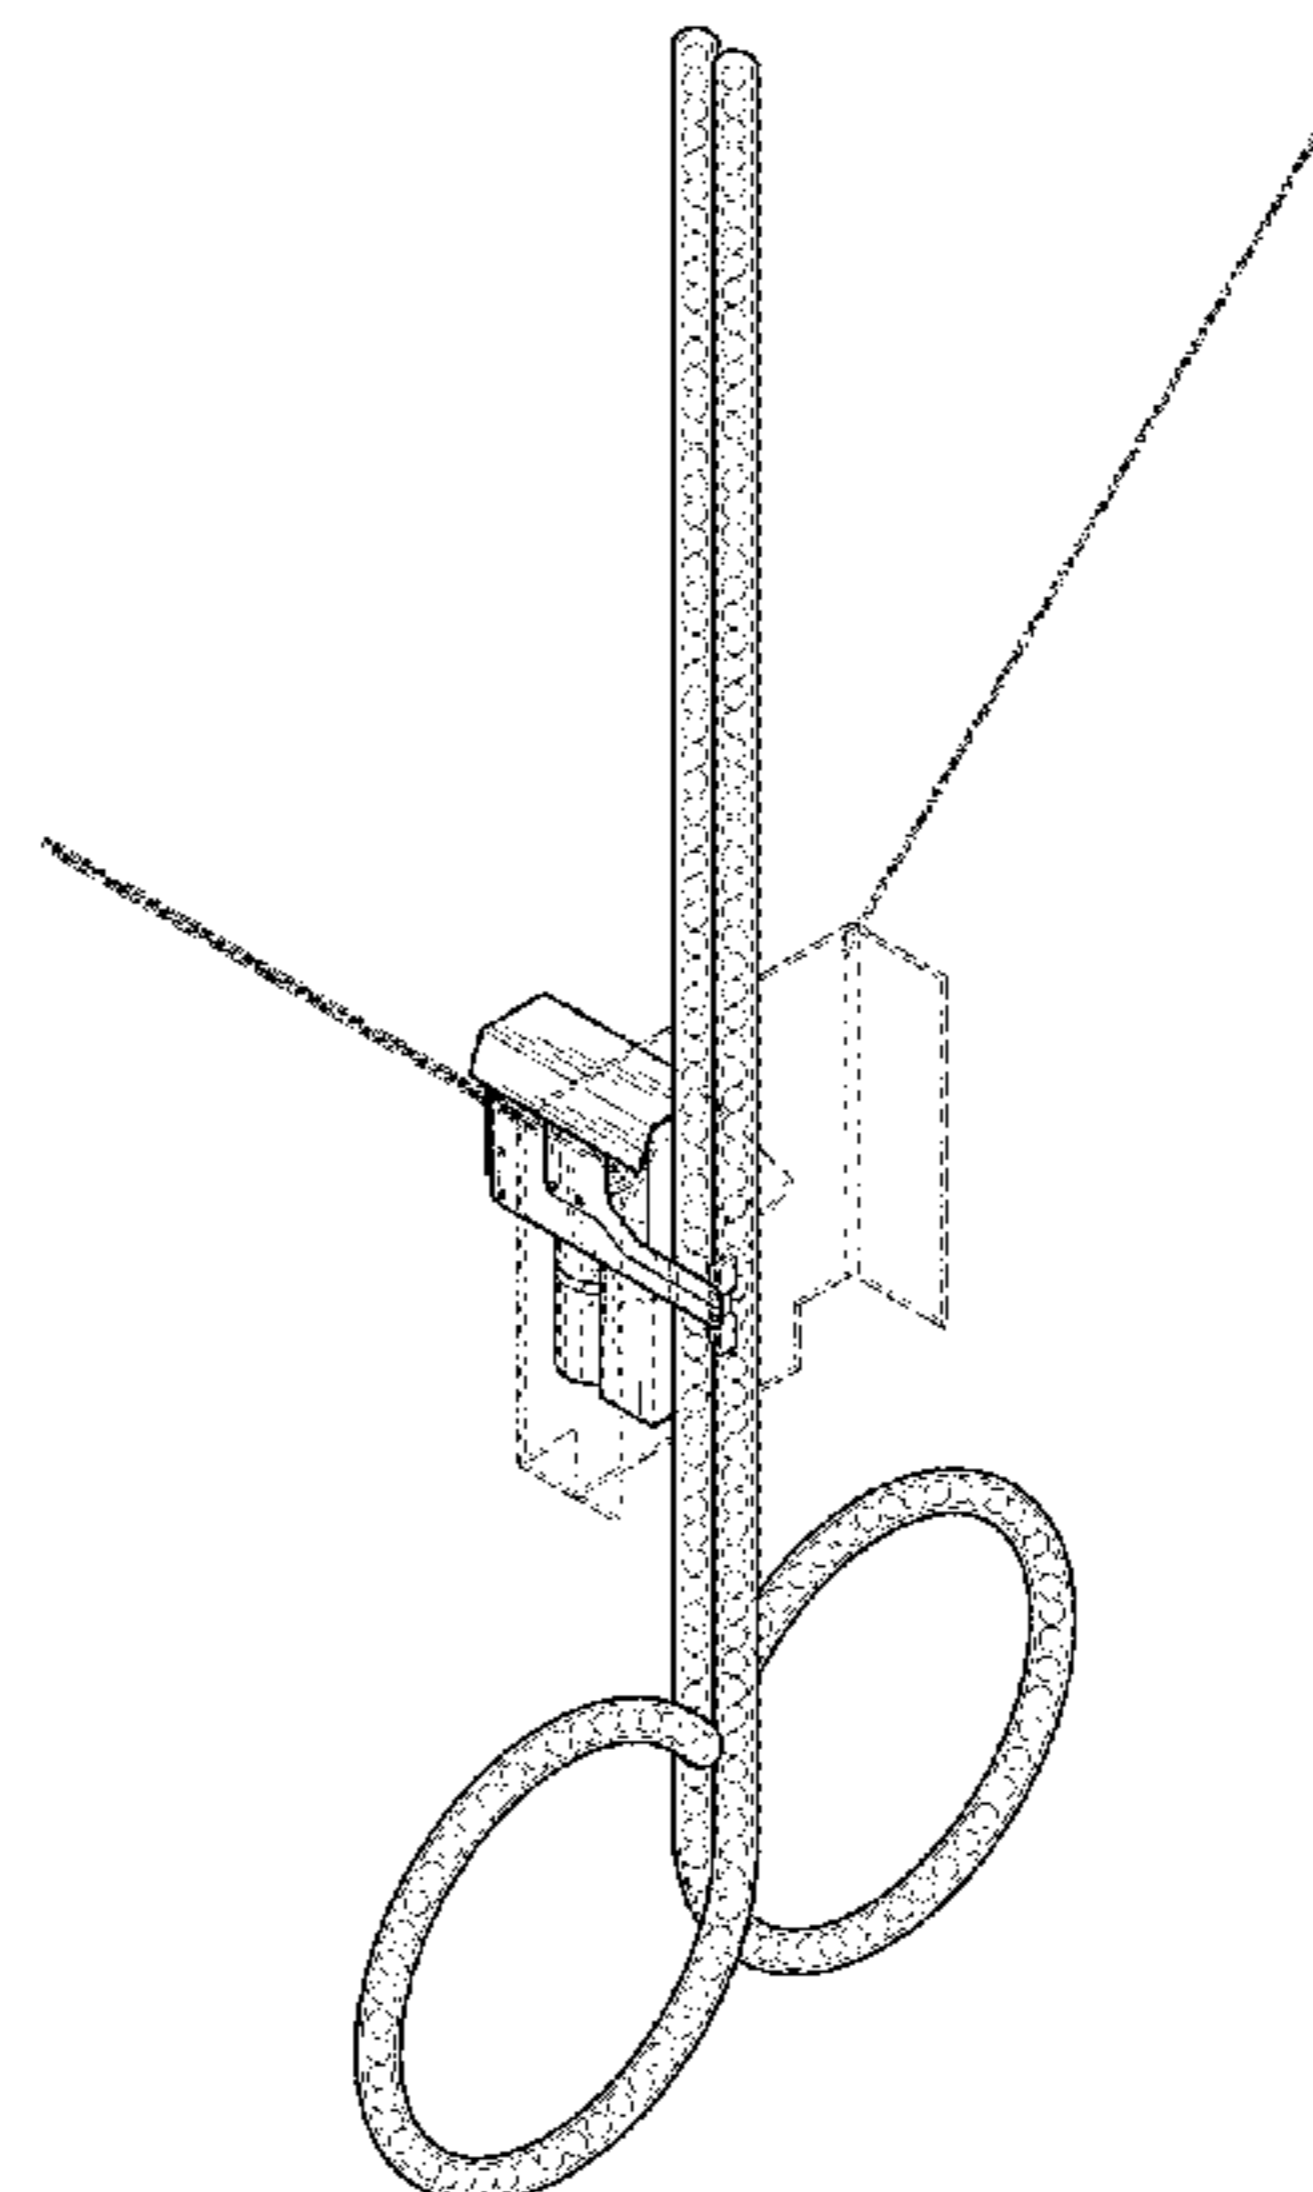

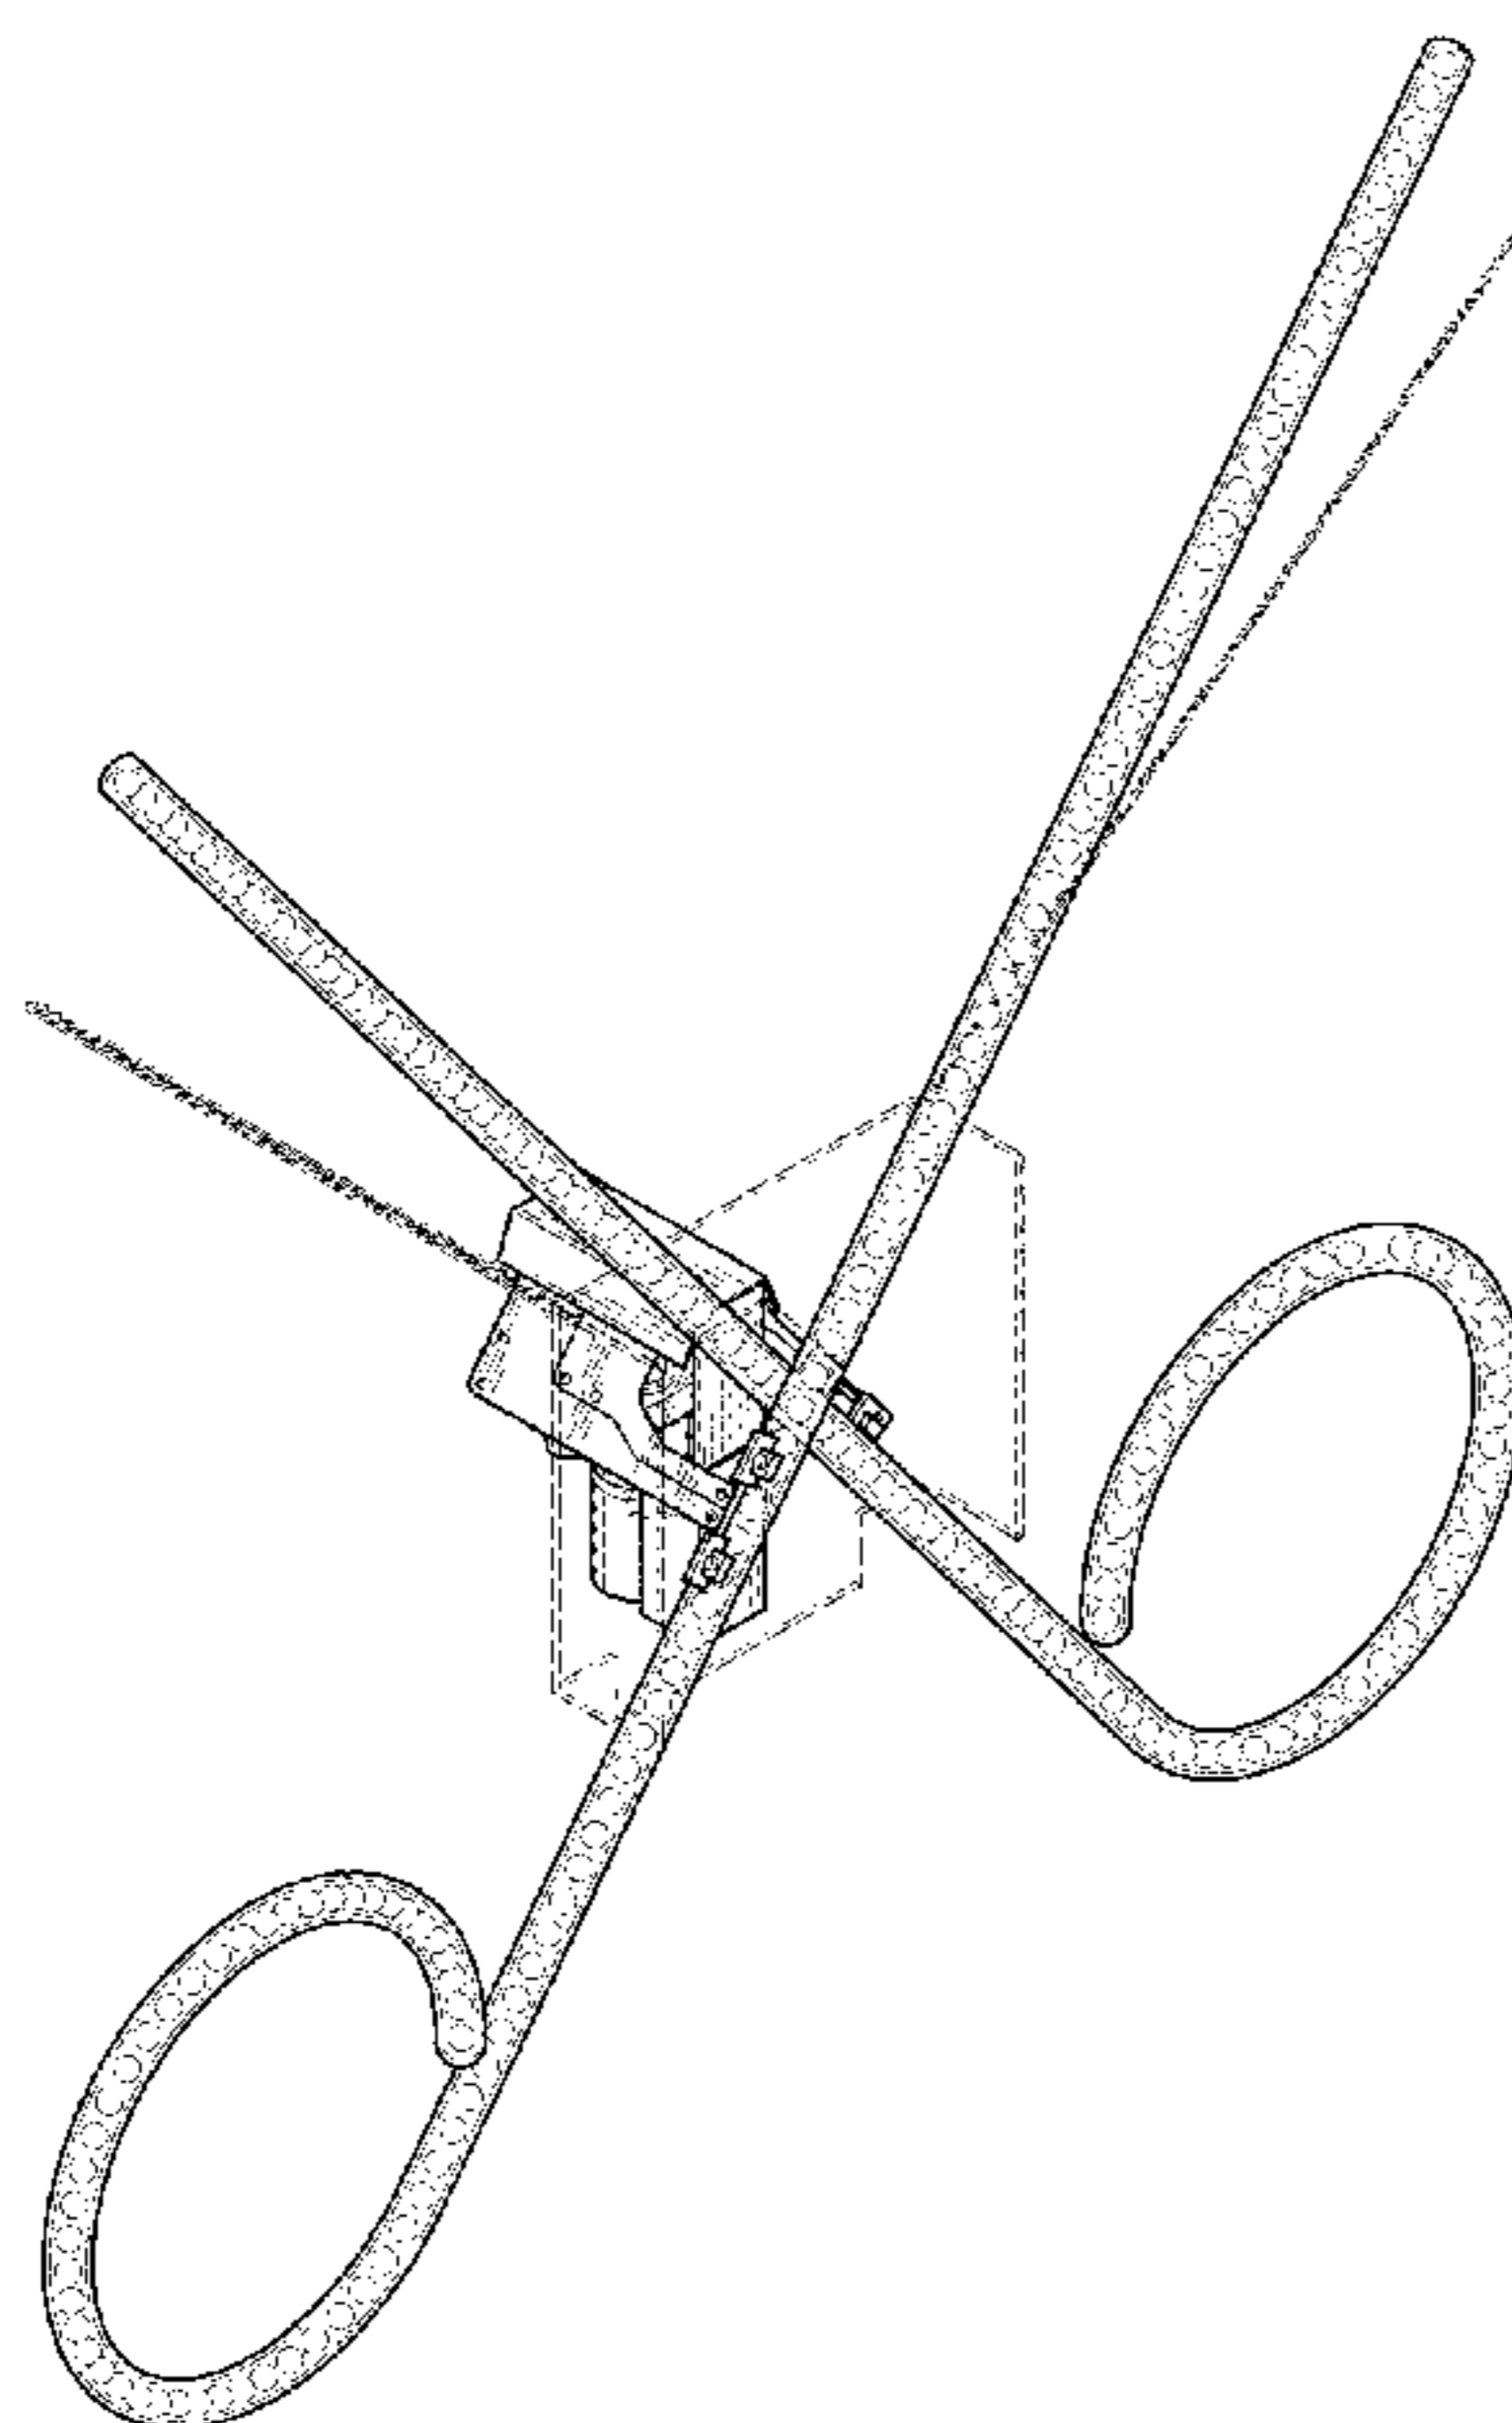

FIG. 6 is a top plan view thereof, showing the opened
configuration of the scissor elements and the housing and
cables in broken lines;

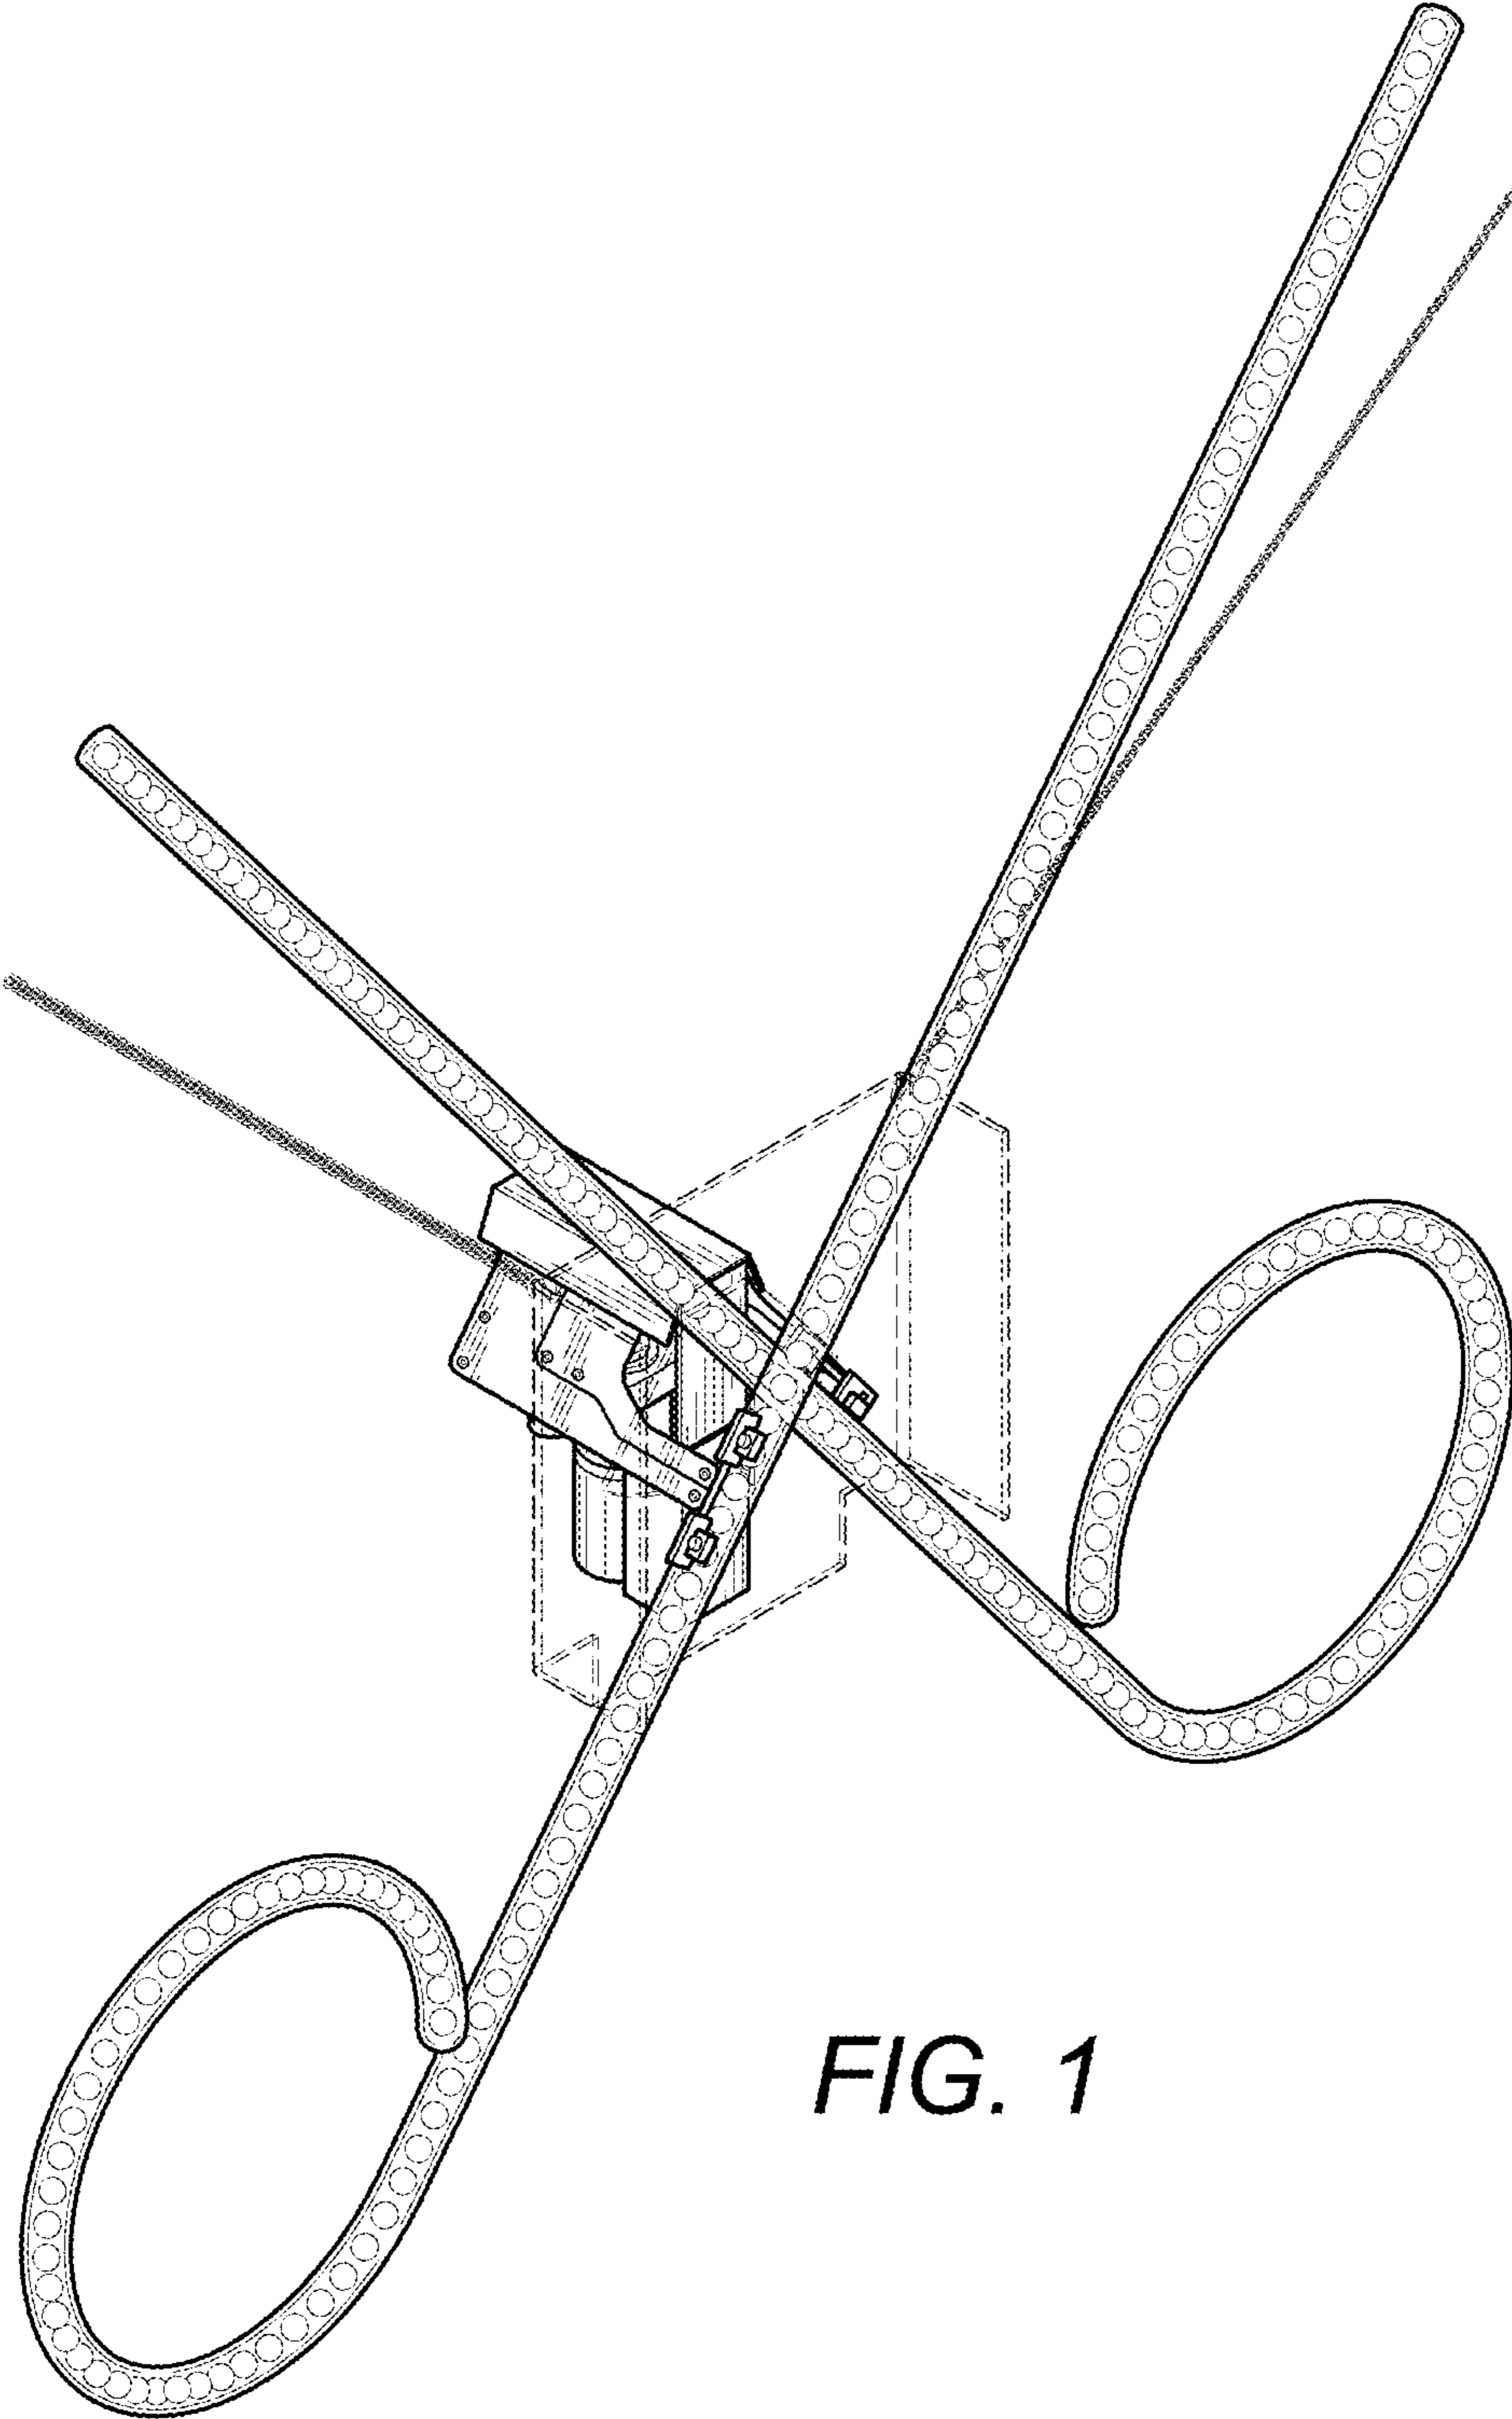

FIG. 7 is a bottom plan view thereof, showing the opened
configuration of the scissor elements and the housing and
cables in broken lines; and,

FIG. 8 is another upper perspective view thereof, showing a
closed configuration of the scissor elements and the housing
and cables in broken lines.

The broken lines showing the housing and cables illustrate
environment that form no part of the claimed design.
