(57) **CLAIM**

The ornamental design for a wall light switch, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view from the front and left side of the wall light switch according to our new design.

FIG. 2 is a front view of the wall light switch of FIG. 1.

FIG. 3 is a left side view of the wall light switch of FIG. 1.

FIG. 4 is a right side view of the wall light switch of FIG. 1.

FIG. 5 is a top view of the wall light switch of FIG. 1; and, FIG. 6 is a bottom view of the wall light switch of FIG. 1. The rear view is devoid of surface ornamentation and so is not shown.

The wall light switch is shown in broken lines for illustrative purposes only and forms no part of the claimed design. Surface shading is provided to clearly show the character and contour of the surfaces.

The ornamental design of the present disclosure is a touch sensitive wall light switch for wireless control of a light.
