(57) **CLAIM**

We claim the ornamental design for a communications device, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a communication device showing our new design;

FIG. 2 is a left-front perspective view of the communication device;

FIG. 3 is a right-front perspective view of the communication device;

FIG. 4 is a rear view of the communication device;

FIG. 5 is a left-rear perspective view of the communication device;

FIG. 6 is a bottom-front perspective view of the communication device;

FIG. 7 is a top view of the communication device;

FIG. 8 is a right-side view of the communication device;

FIG. 9 is a bottom view of the communication device; and, FIG. 10 is a left-side view of the communication device.

The broken lines shown in the figures that are immediately adjacent to the shaded areas and define unshaded regions represent the bounds of the claim while all other broken lines are directed to environment; the broken lines form no part of the claimed design.
