(57) **CLAIM**

The ornamental design for a wall mounted retail self-service computer kiosk, as shown and described.

**DESCRIPTION**

FIG. 1, is a perspective view of the kiosk showing our new design. The features that are dashed form no part of the design that we are claiming.

FIG. 2, is a front view of the kiosk showing our new design. The features that are dashed form no part of the design that we are claiming.

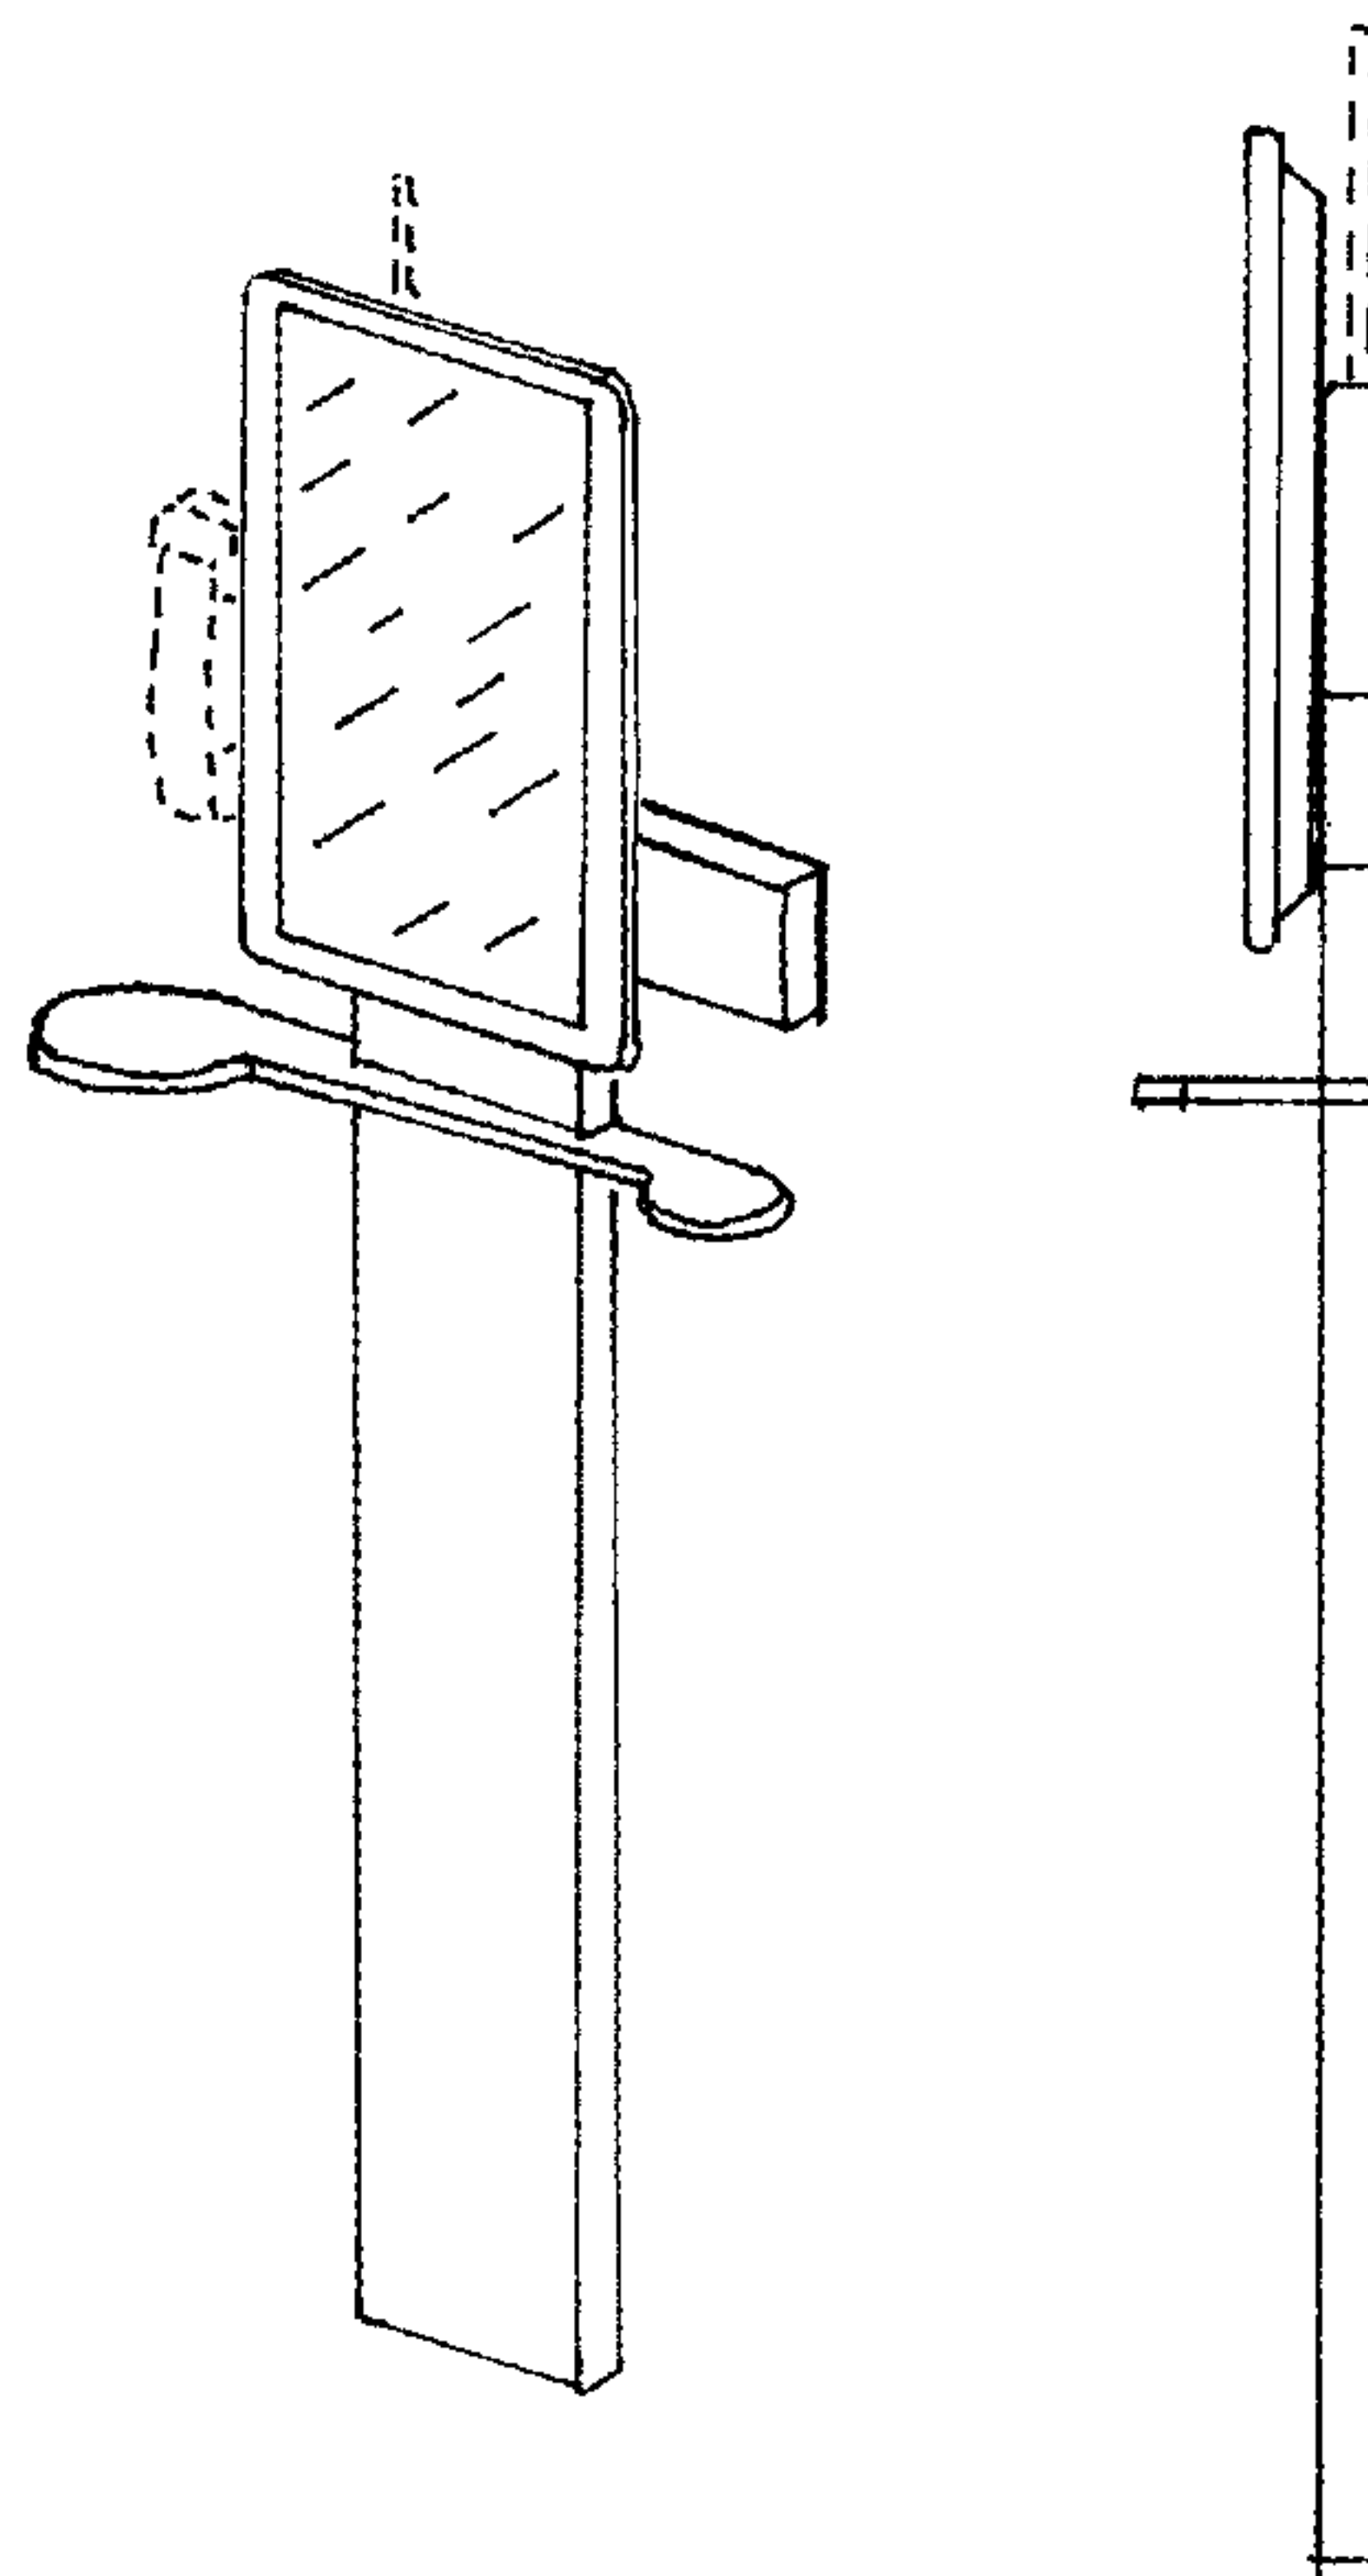

FIG. 3, is a side view of the left side of the kiosk showing our new design. The features that are dashed form no part of the design that we are claiming.

FIG. 4, is a side view of the right view of the kiosk showing our new design. The features that are dashed form no part of the design that we are claiming; and,

FIG. 5, is a top view of the top of the kiosk showing our new design. The features that are dashed form no part of the design that we are claiming.

I am not showing the bottom or back because it forms no part of my design.
