(57) **CLAIM**

The ornamental design for a display screen with graphical user interface for an information handling system, as shown and described.

DESCRIPTION

The FIGURE is a front view of a display screen with graphical user interface for an information handling system. The large broken lines forming the outer rectangle represent edges of the display screen and form no part of the claimed design. All other broken lines represent portions of the graphical user interface and do form part of the claimed design.

1 Claim, 1 Drawing Sheet
