(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

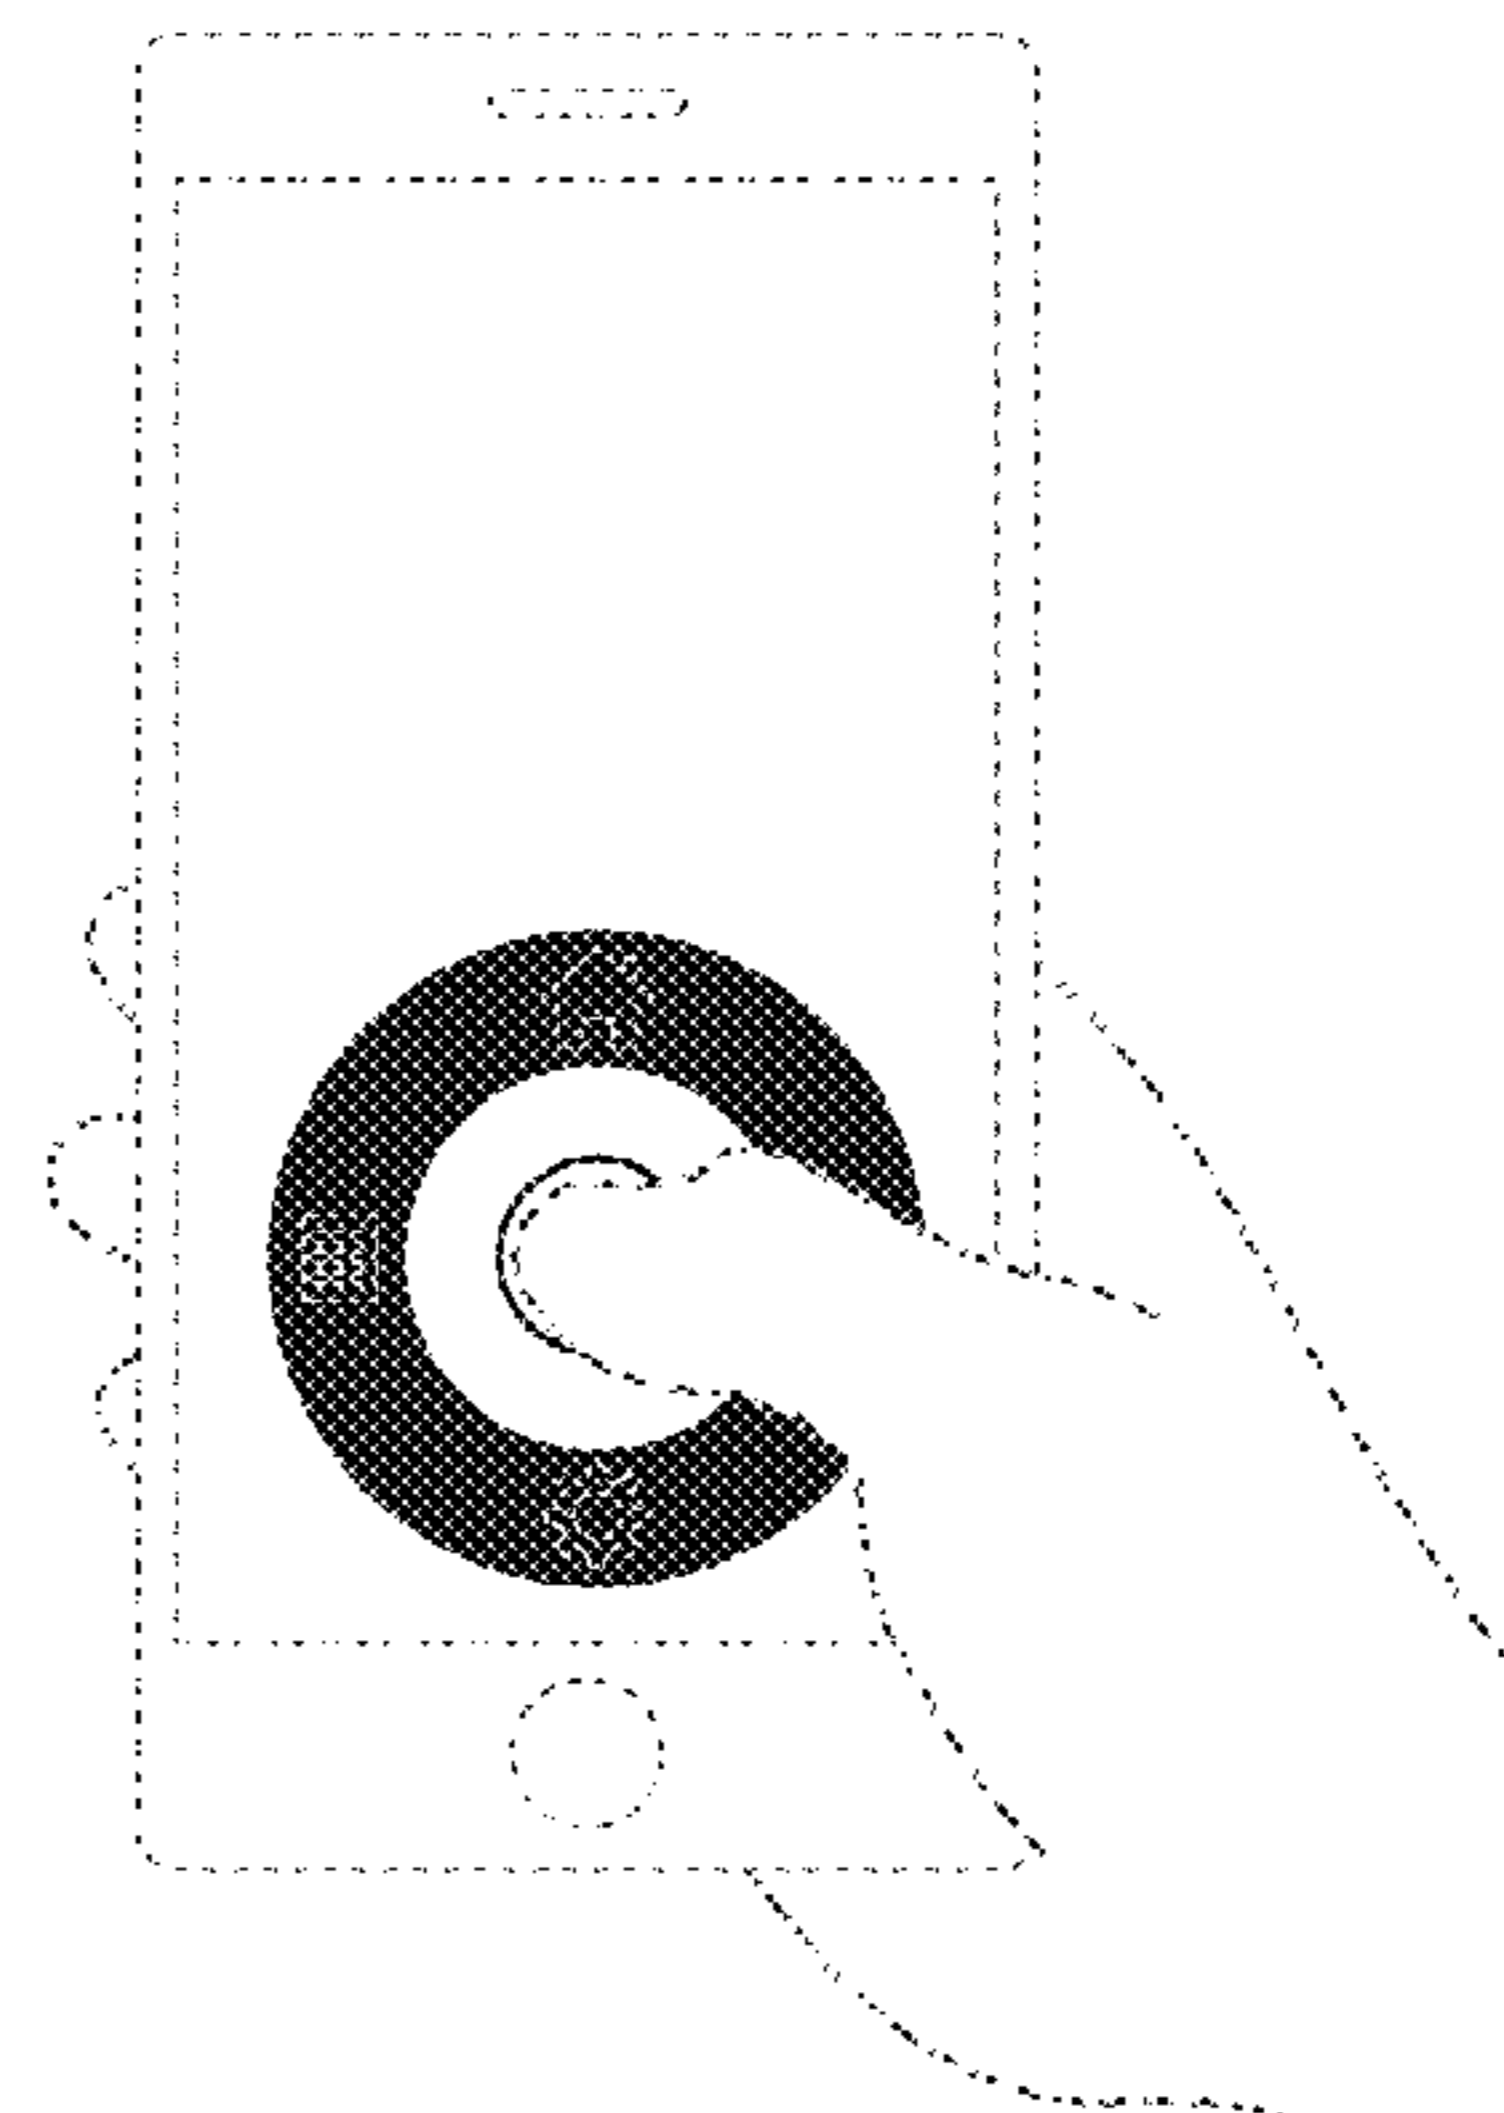

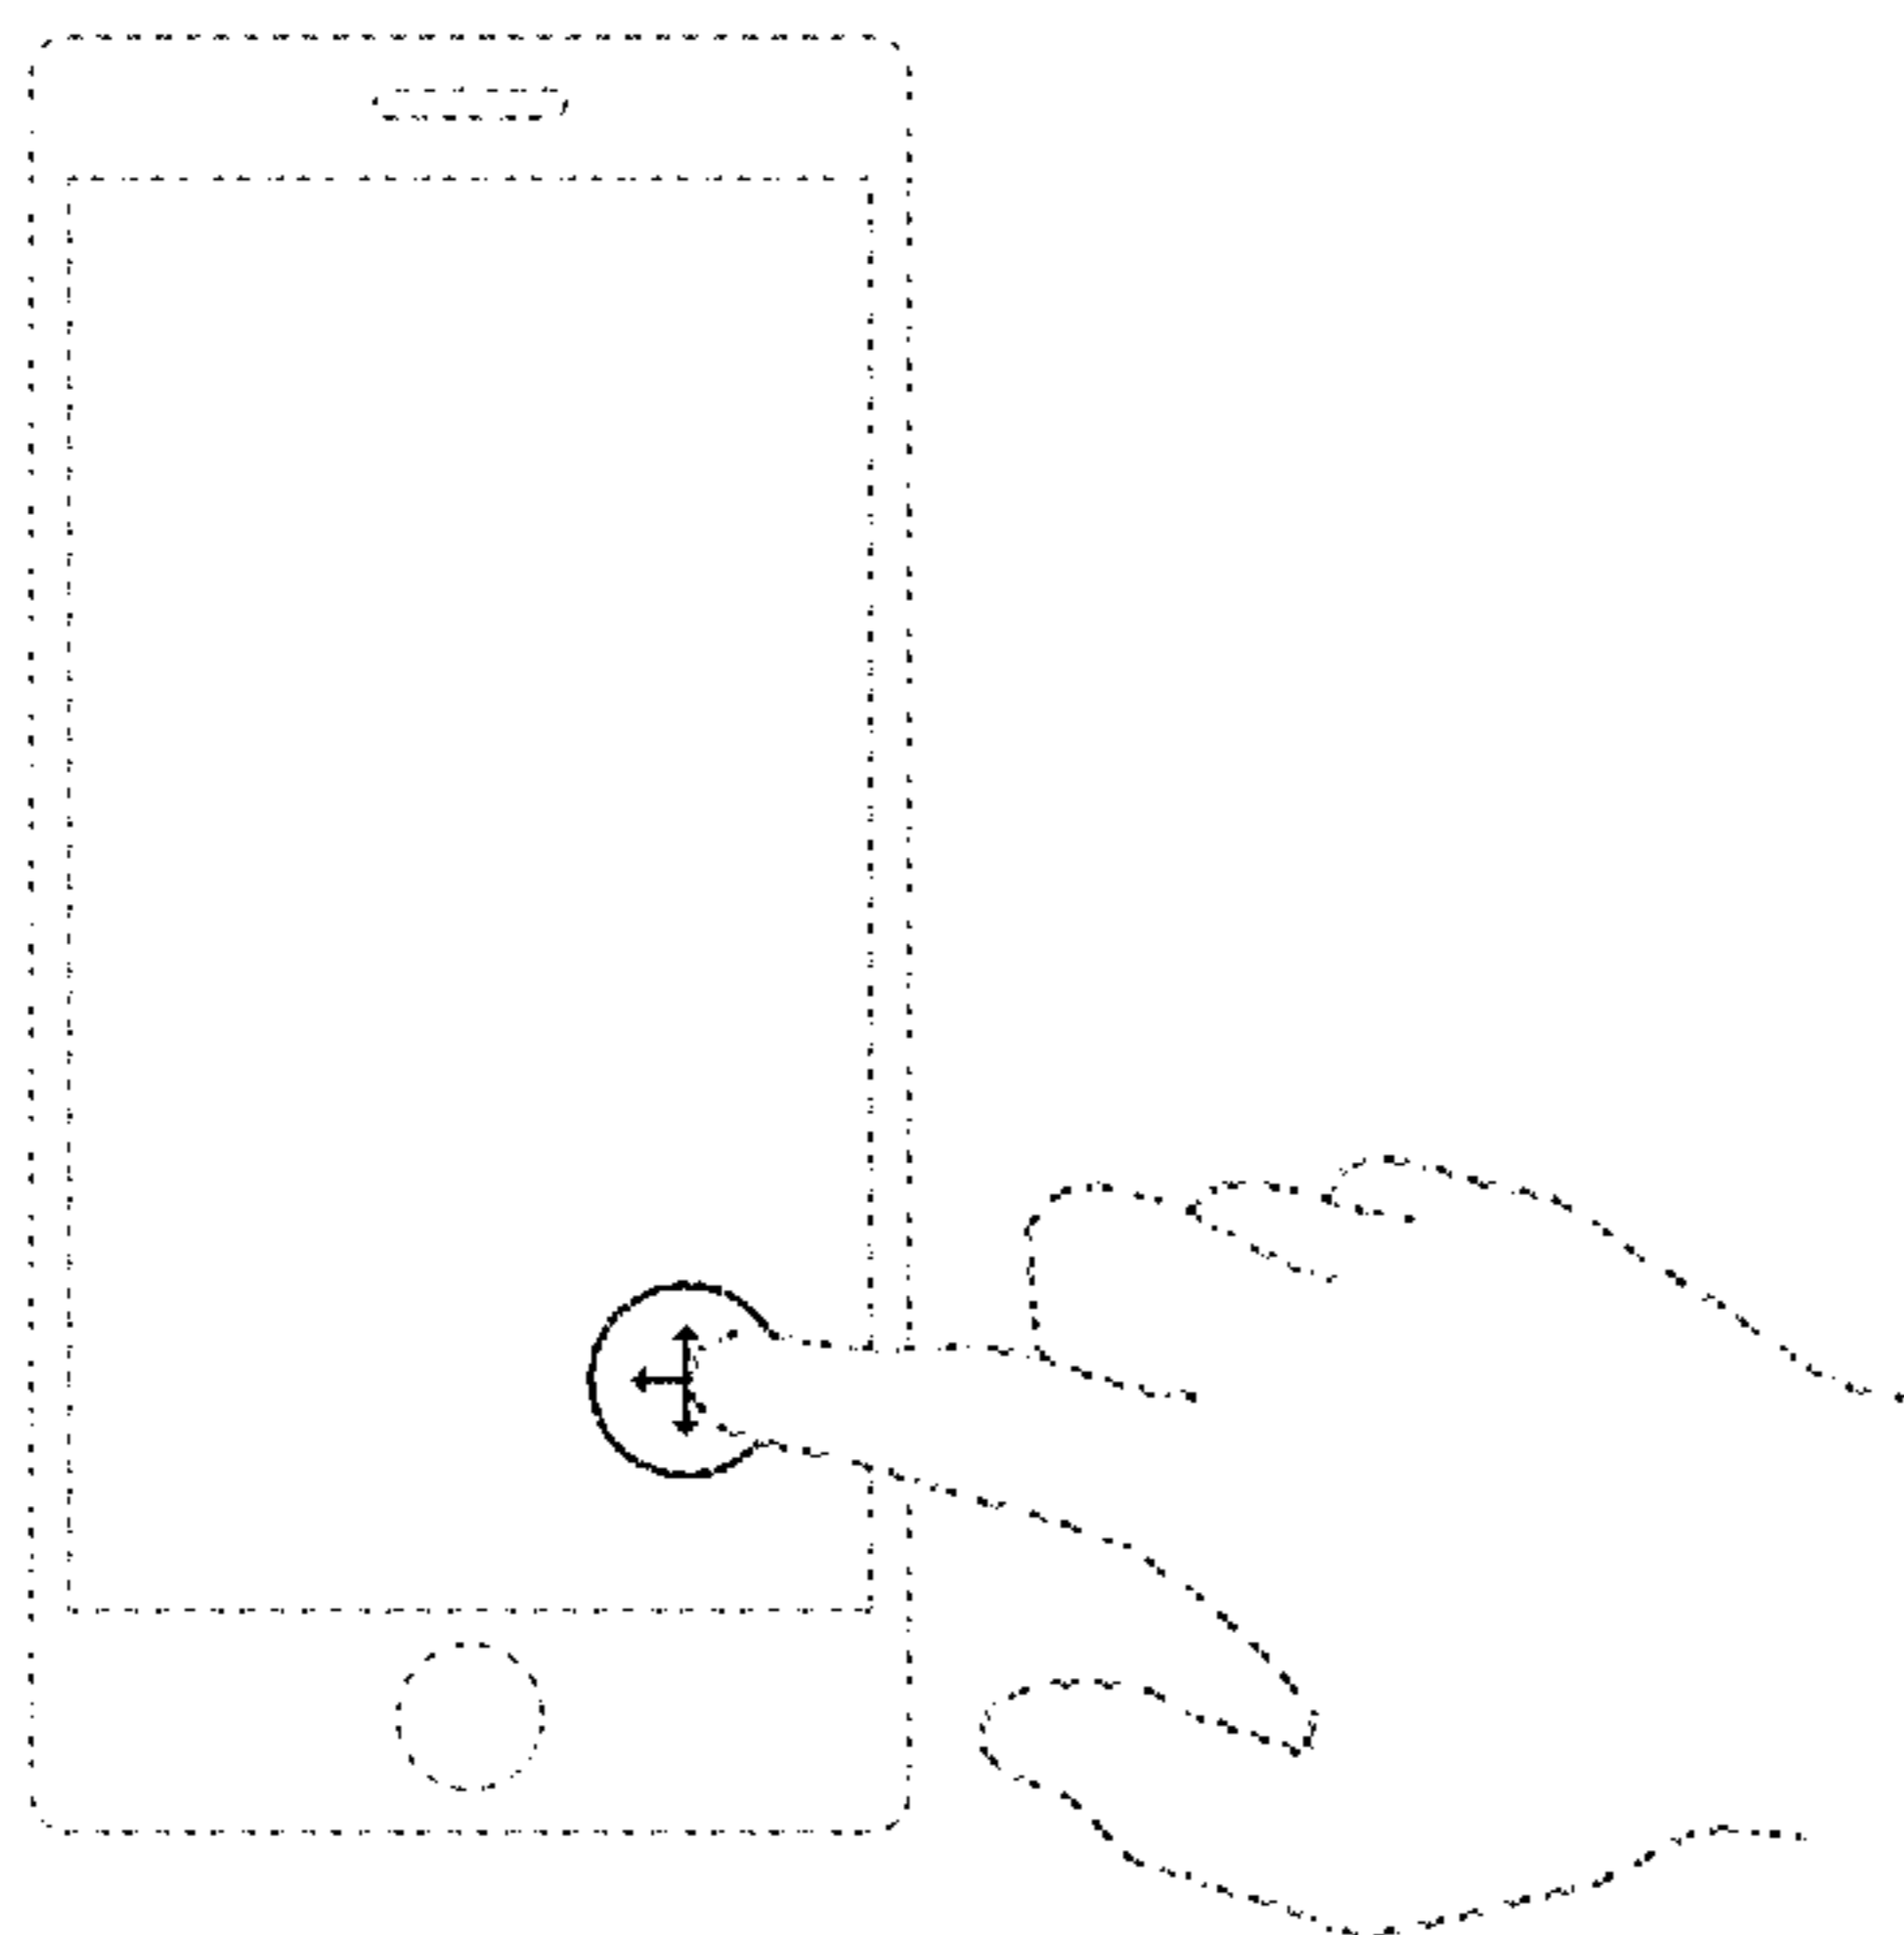

**DESCRIPTION**

FIG. 1 is a front view of a first image in a sequence for a display screen with transitional graphical user interface; FIG. 2 is a front view of the second image; FIG. 3 is a front view of a third image; FIG. 4 is a front view of a fourth image; FIG. 5 is a front view of a fifth image; and, FIG. 6 is a front view of a sixth image.

The broken lines showing of the display screen and portions of the graphical user interface are included for the purpose of illustrating portions of the article. The broken line showing of a portion of a hand are included for illustrating environmental subject matter. The broken lines form no part of the claimed design.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-6. The process or period in which one image transitions to another image forms no part of the claimed design.

**1 Claim, 2 Drawing Sheets**
