(57) **CLAIM**

The ornamental design for a display screen with transitional graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a first image in a sequence of a display screen with transitional graphical user interface showing our new design;

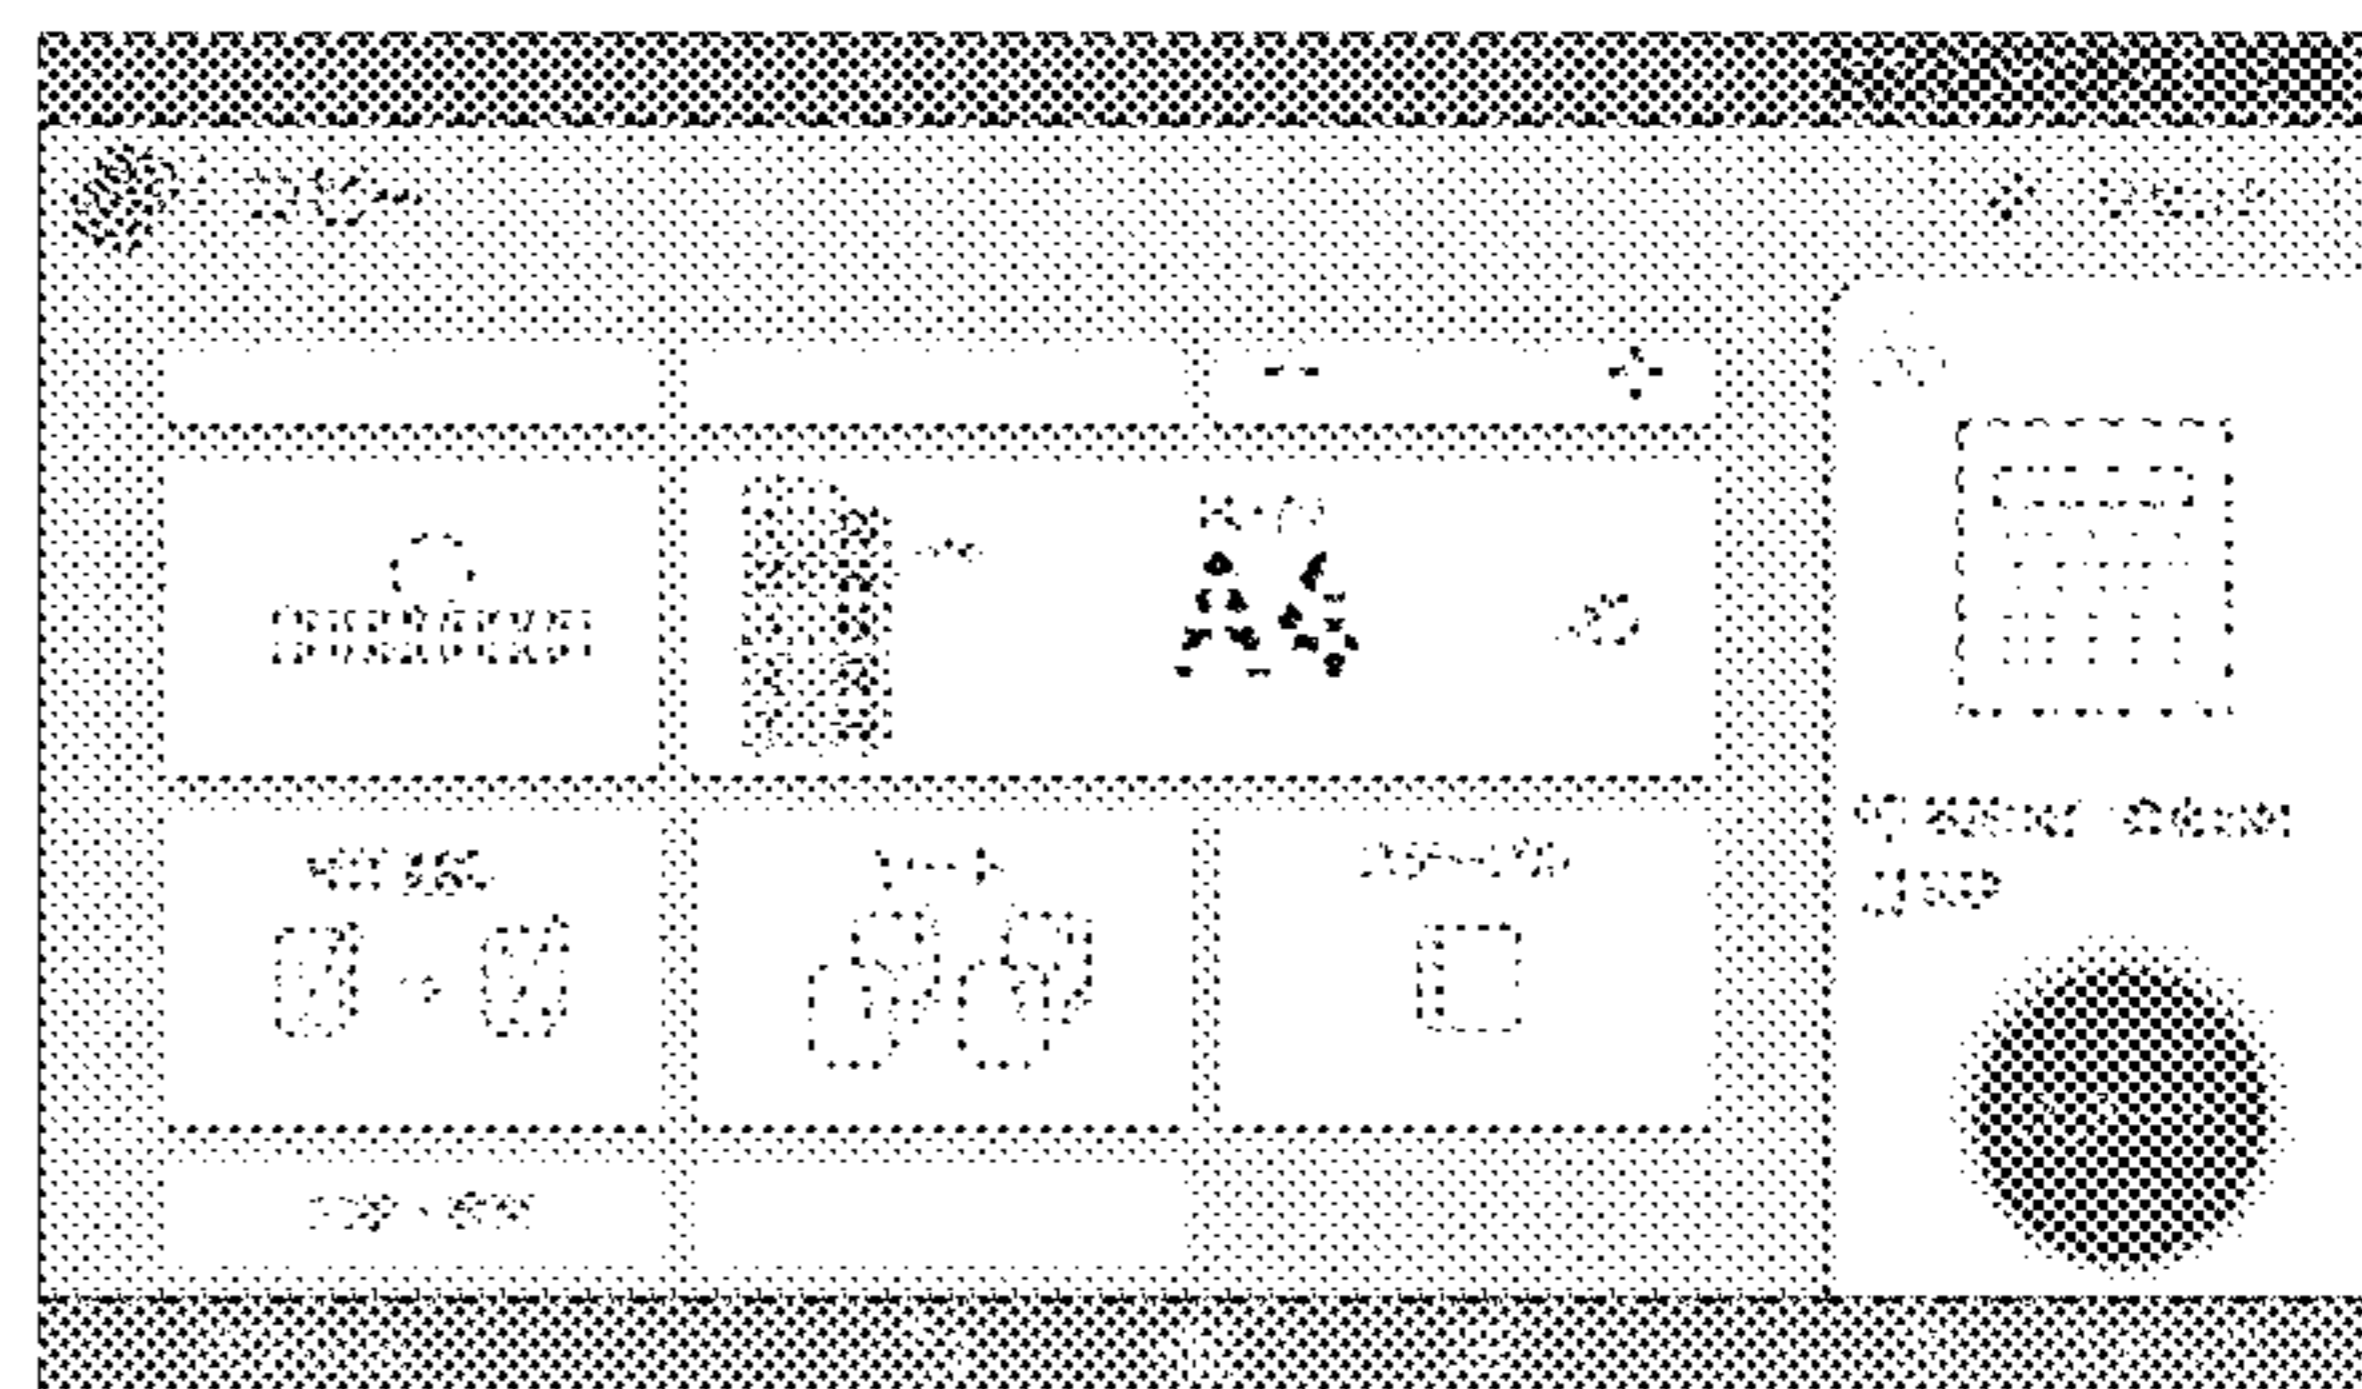

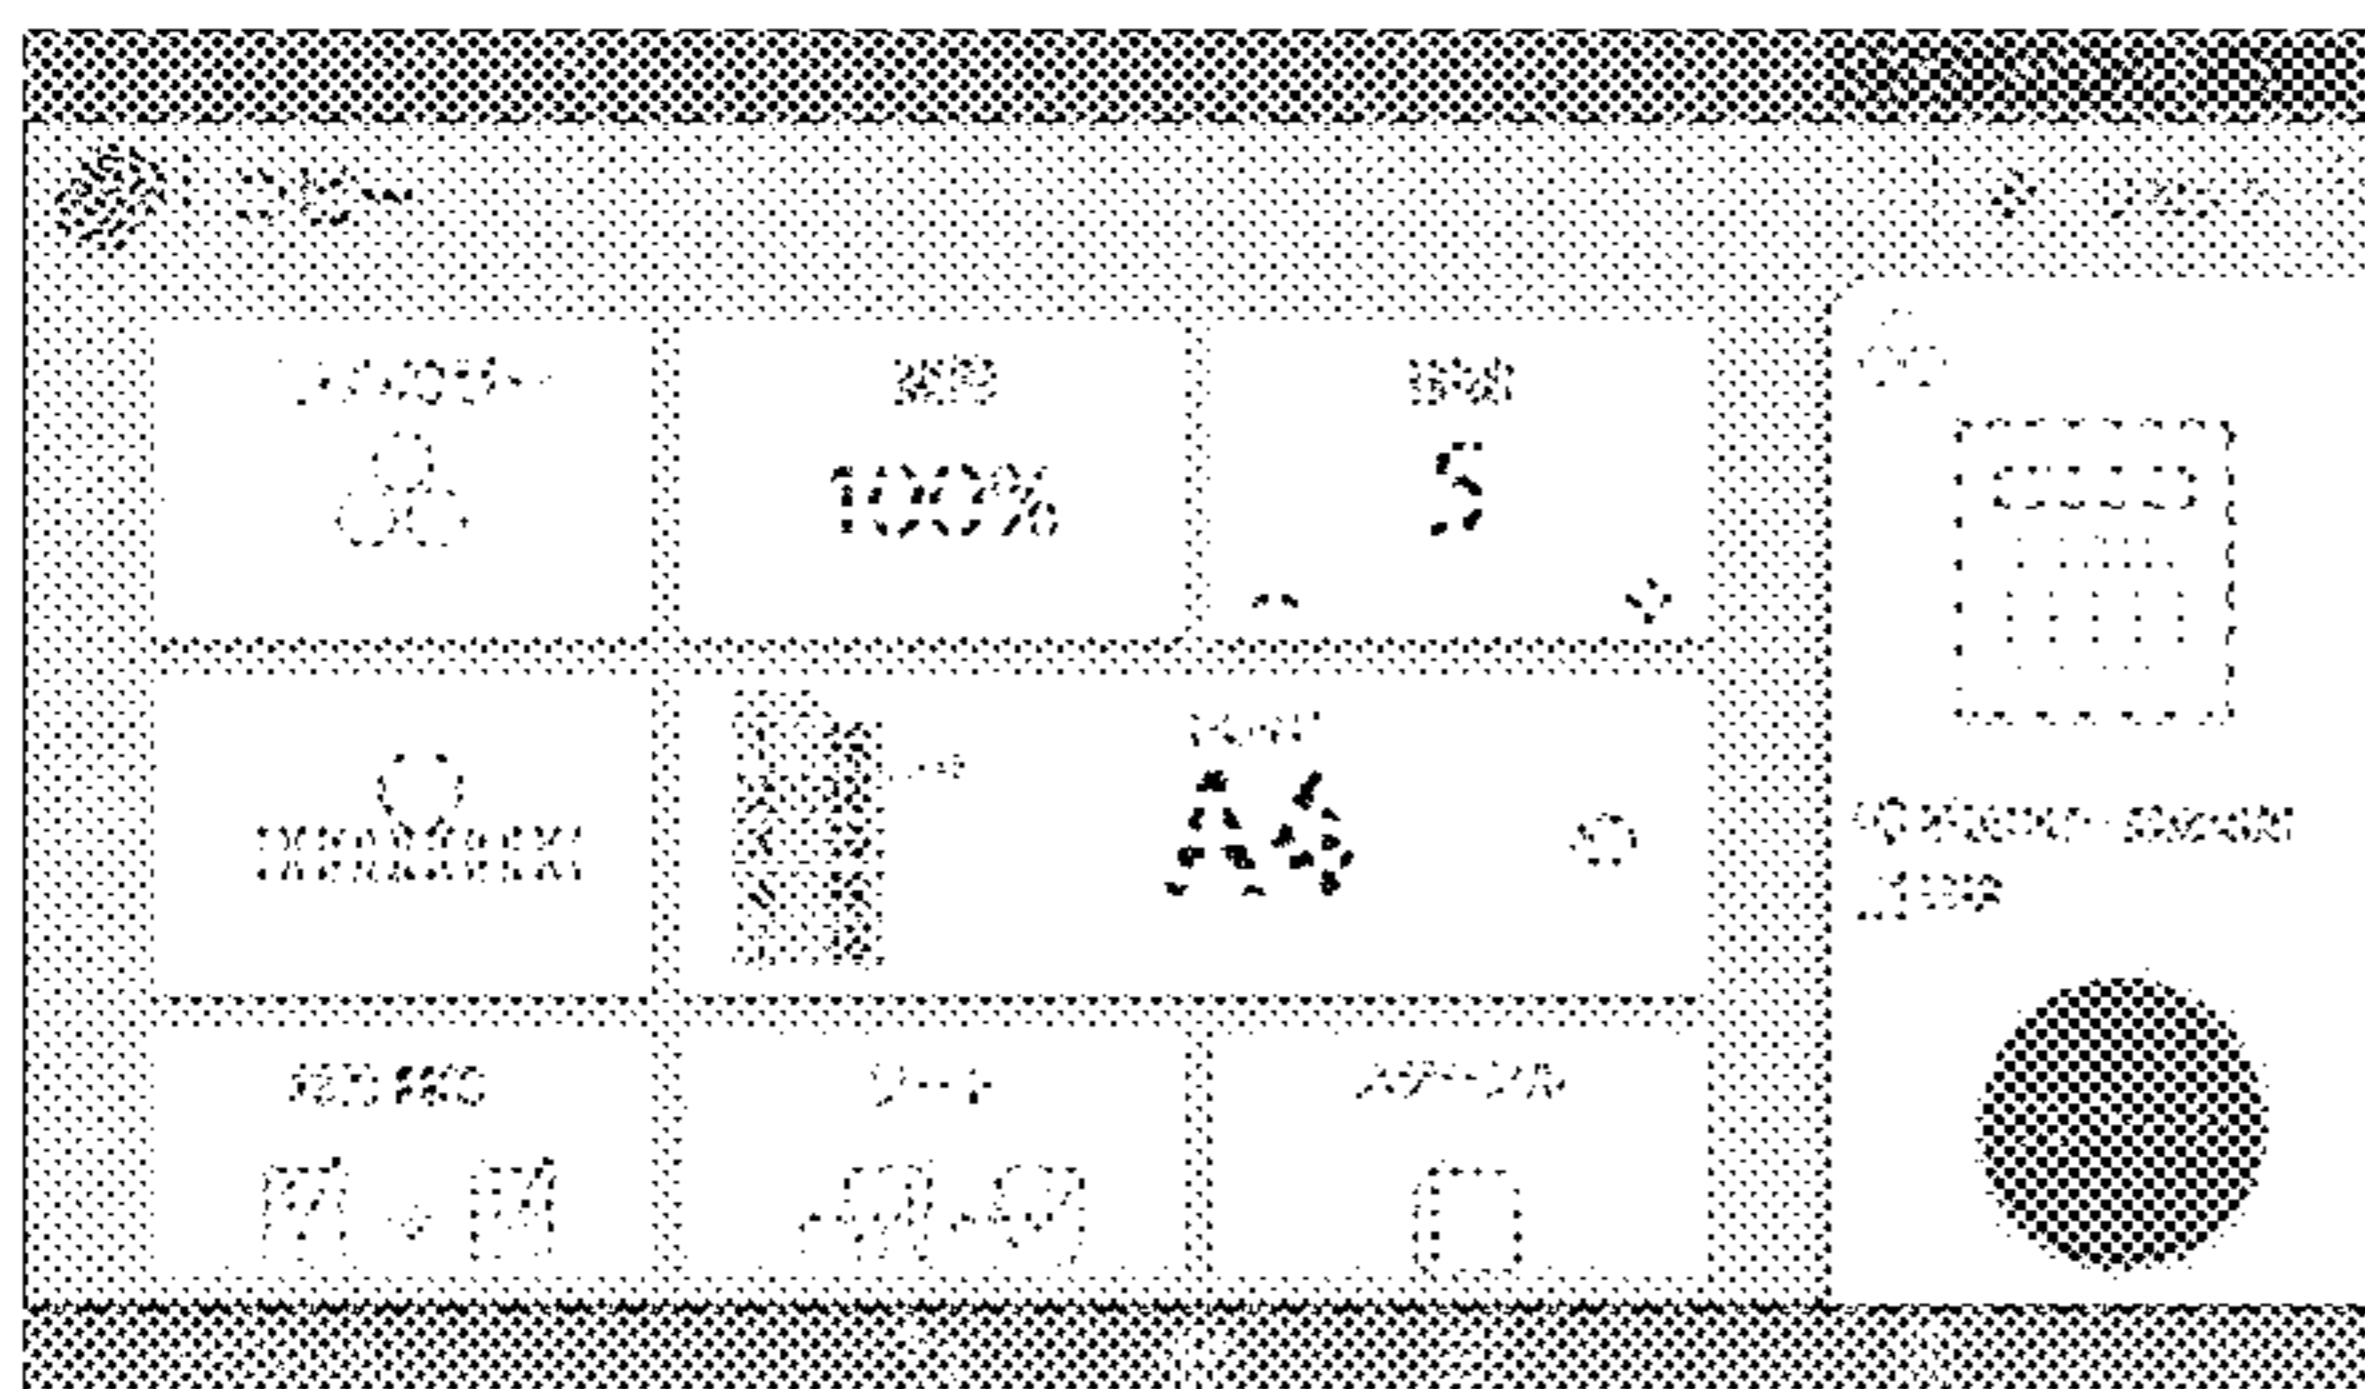

FIG. 2 is a second image in a sequence thereof; and,

FIG. 3 is a third image in a sequence thereof.

The appearance of the transitional image sequentially transitions between the images shown in FIGS. 1-3. The process or period in which one image transitions into another image forms no part of the claimed design.

The evenly spaced outermost broken lines illustrate portions of the display screen and form no part of the claimed design. The remaining evenly spaced and dash-dot broken lines illustrate portions of the graphical user interface and form no part of the claimed design.
