(57) **CLAIM**

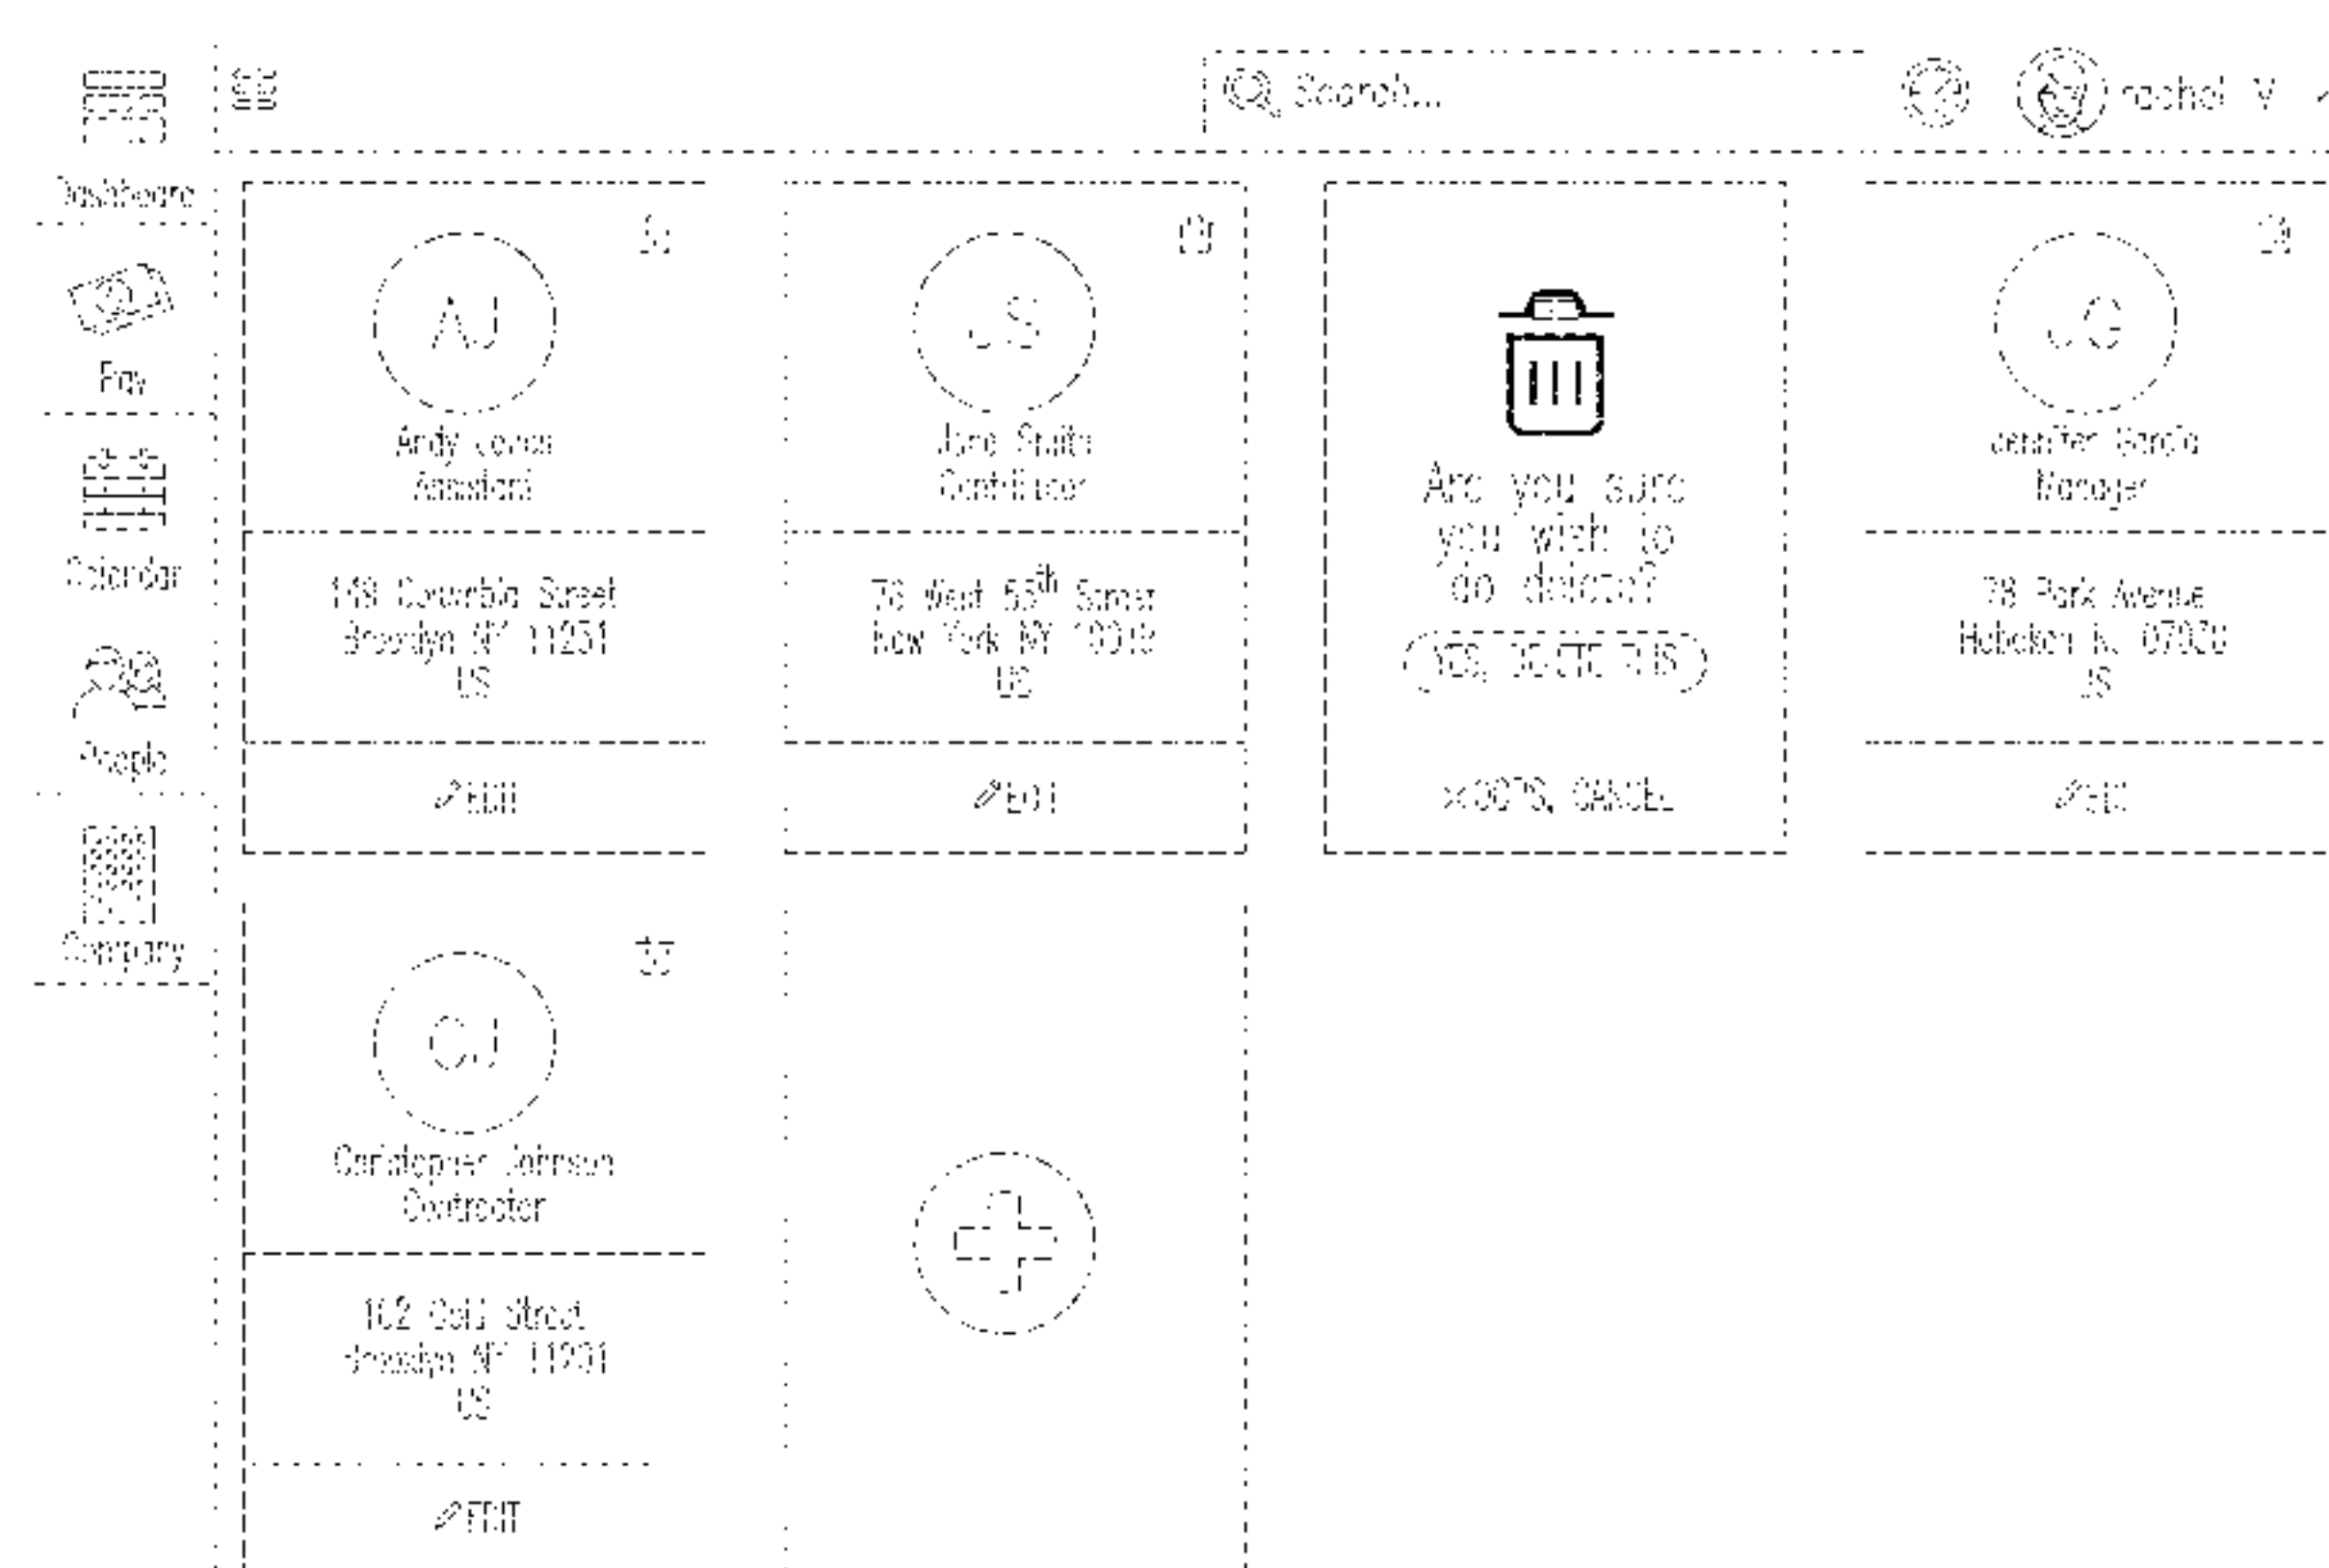

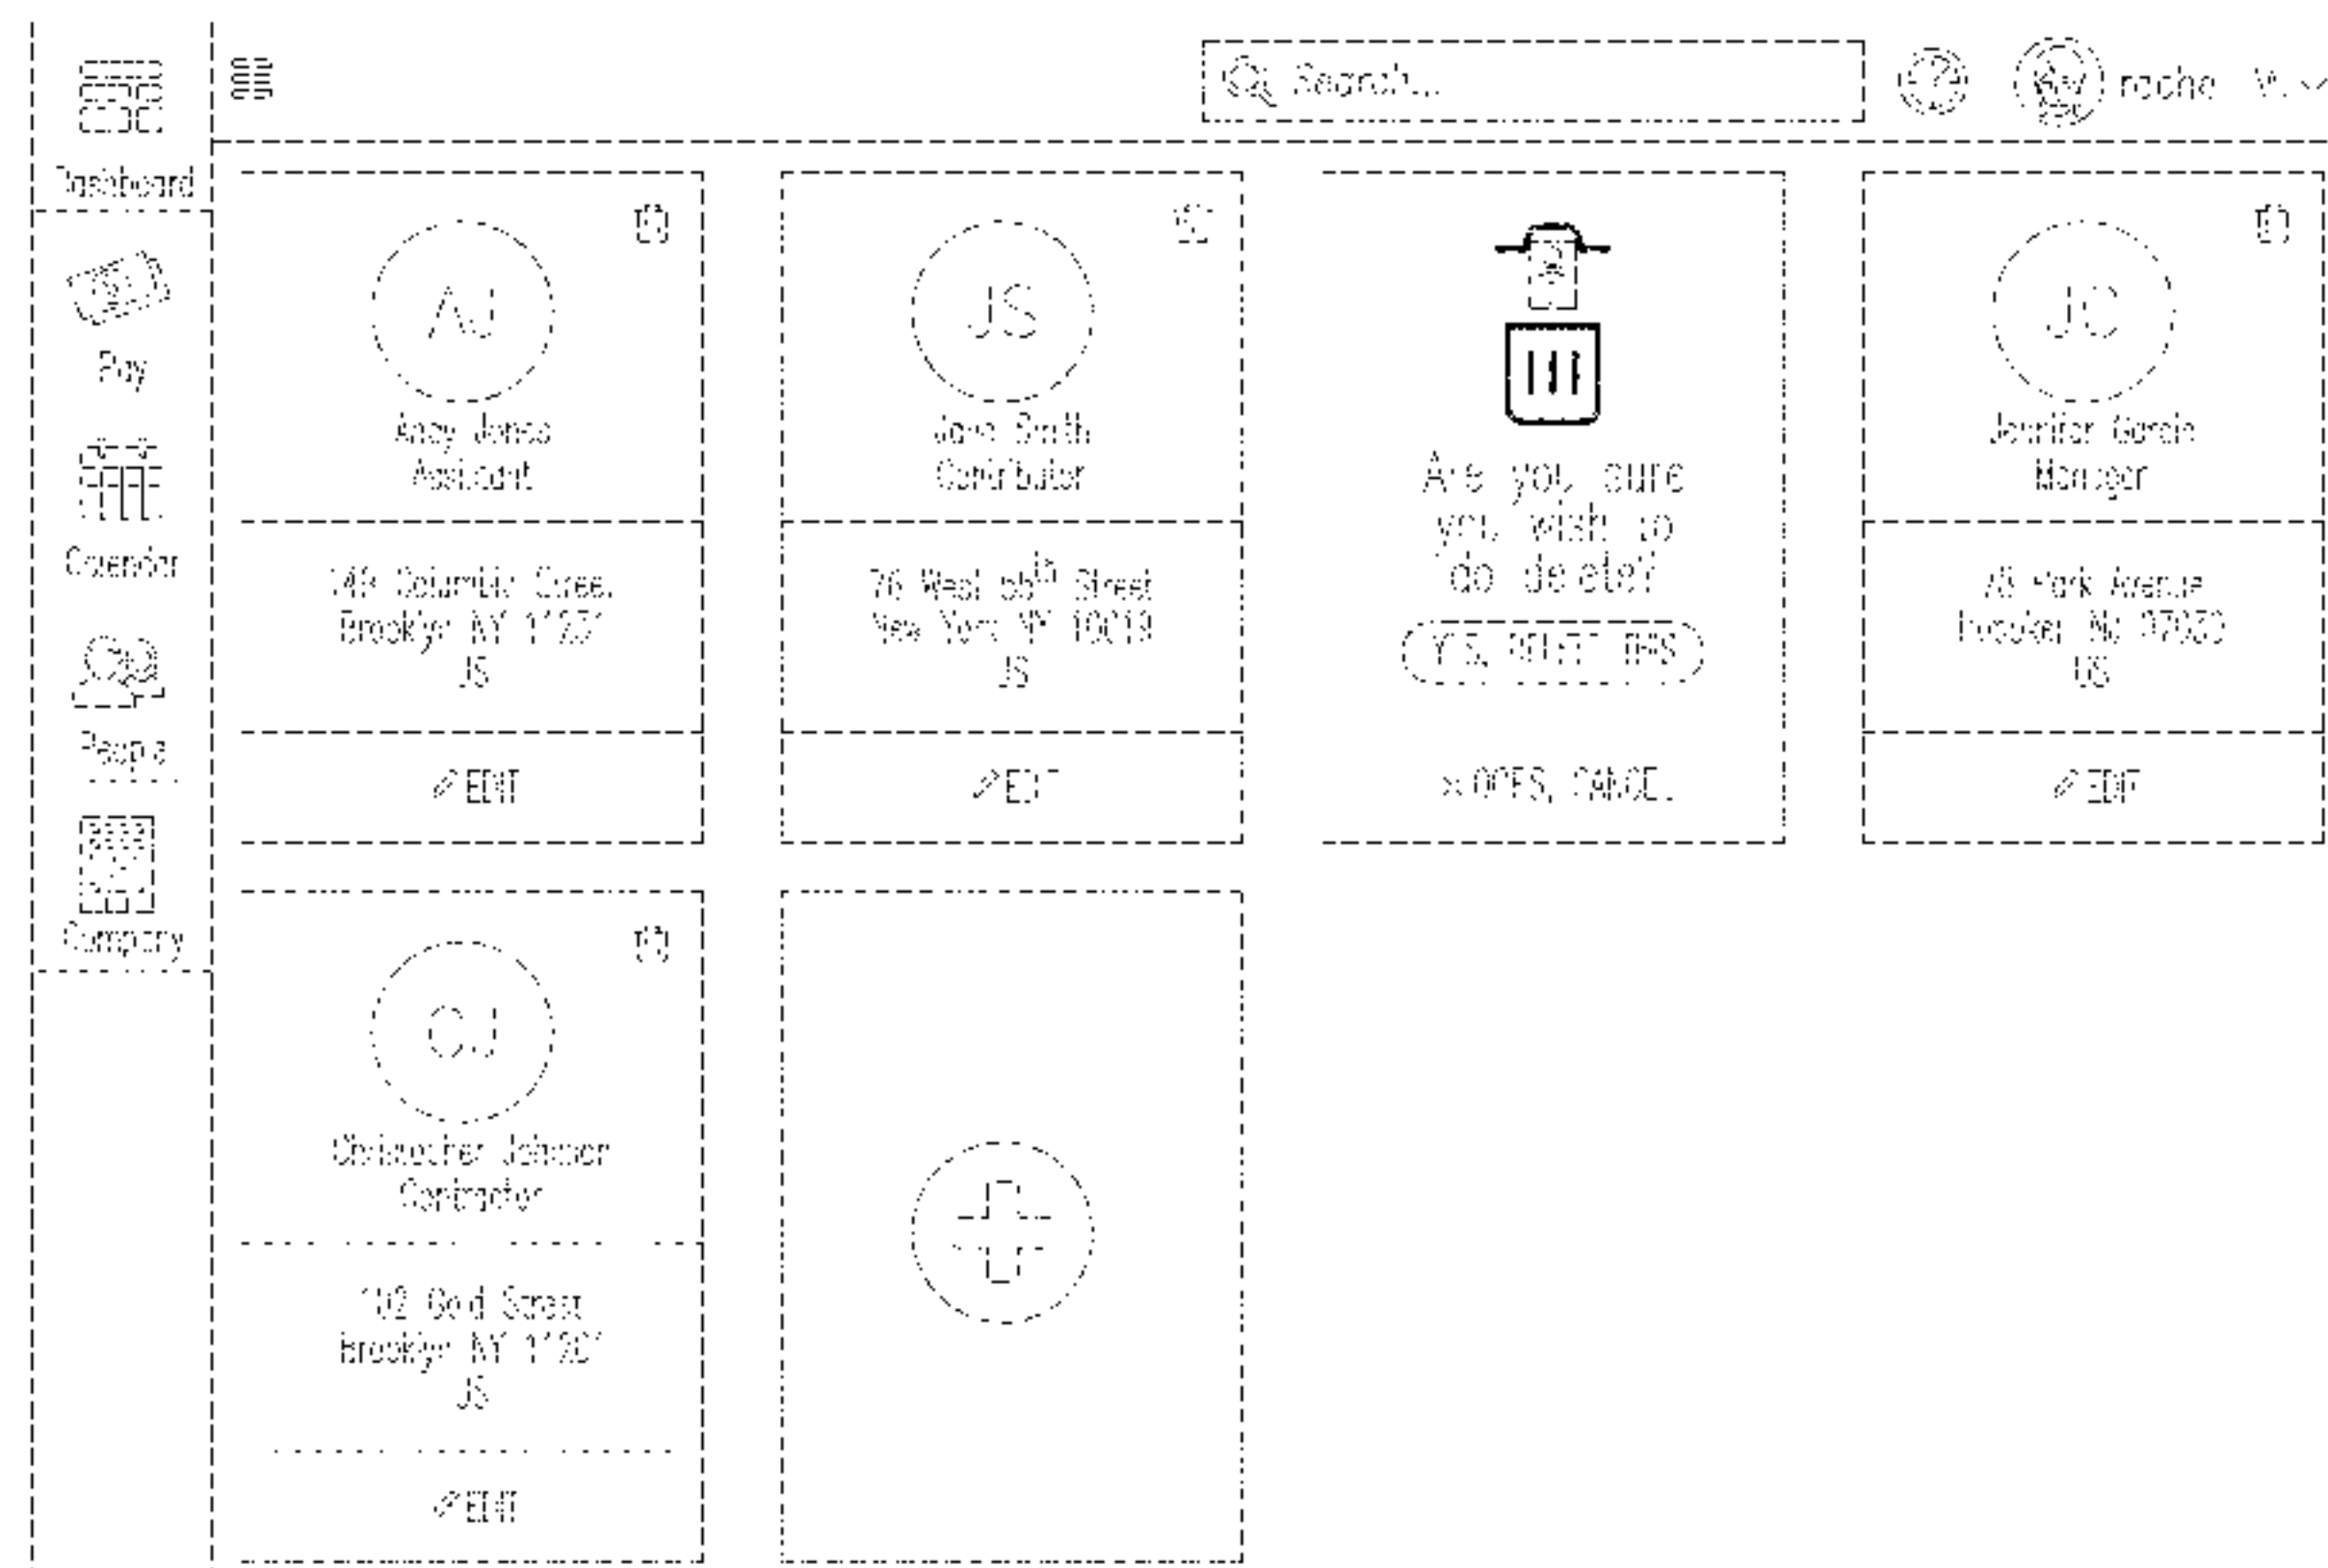

The ornamental design for an display screen with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a first view of an display screen with animated graphical user interface; FIG. 2 is a second view of an display screen with animated graphical user interface; FIG. 3 is a third view of an display screen with animated graphical user interface; FIG. 4 is a fourth view of an display screen with animated graphical user interface; FIG. 5 is a fifth view of an display screen with animated graphical user interface; FIG. 6 is a sixth view of an display screen with animated graphical user interface; FIG. 7 is a seventh view of an display screen with animated graphical user interface; FIG. 8 is an eighth view of an display screen with animated graphical user interface; FIG. 9 is a ninth view of an display screen with animated graphical user interface; FIG. 10 is a tenth view of an display screen with animated graphical user interface; FIG. 11 is an eleventh view of an display screen with animated graphical user interface; and, FIG. 12 is a twelfth view of an display screen with animated graphical user interface.

The broken line showing of a display screen and graphical user interface elements are included for the purpose of illustrating portions of the article and form no part of the claimed design. The appearance of the animated images sequentially transitions between the images shown in FIGS. 1-12. The process or period in which one image transitions to another forms no part of the claimed design.
