See application file for complete search history.

FIG. 1 is a front perspective view of a food preparation environment illustrating a first embodiment of the new design;

FIG. 2 is a rear perspective view of a food preparation environment illustrating the first embodiment of the new design;

FIG. 3 is front elevational view of a food preparation environment illustrating the first embodiment of the new design;

FIG. 4 is a rear elevational view of a food preparation environment illustrating the first embodiment of the new design;

FIG. 5 is top view of a food preparation environment illustrating the first embodiment of the new design;

FIG. 6 is a bottom view of a food preparation environment illustrating the first embodiment of the new design; and,

FIG. 7 is right-side elevational view of a food preparation environment illustrating the first embodiment of the new design, with the left-side elevational view being a mirror image.

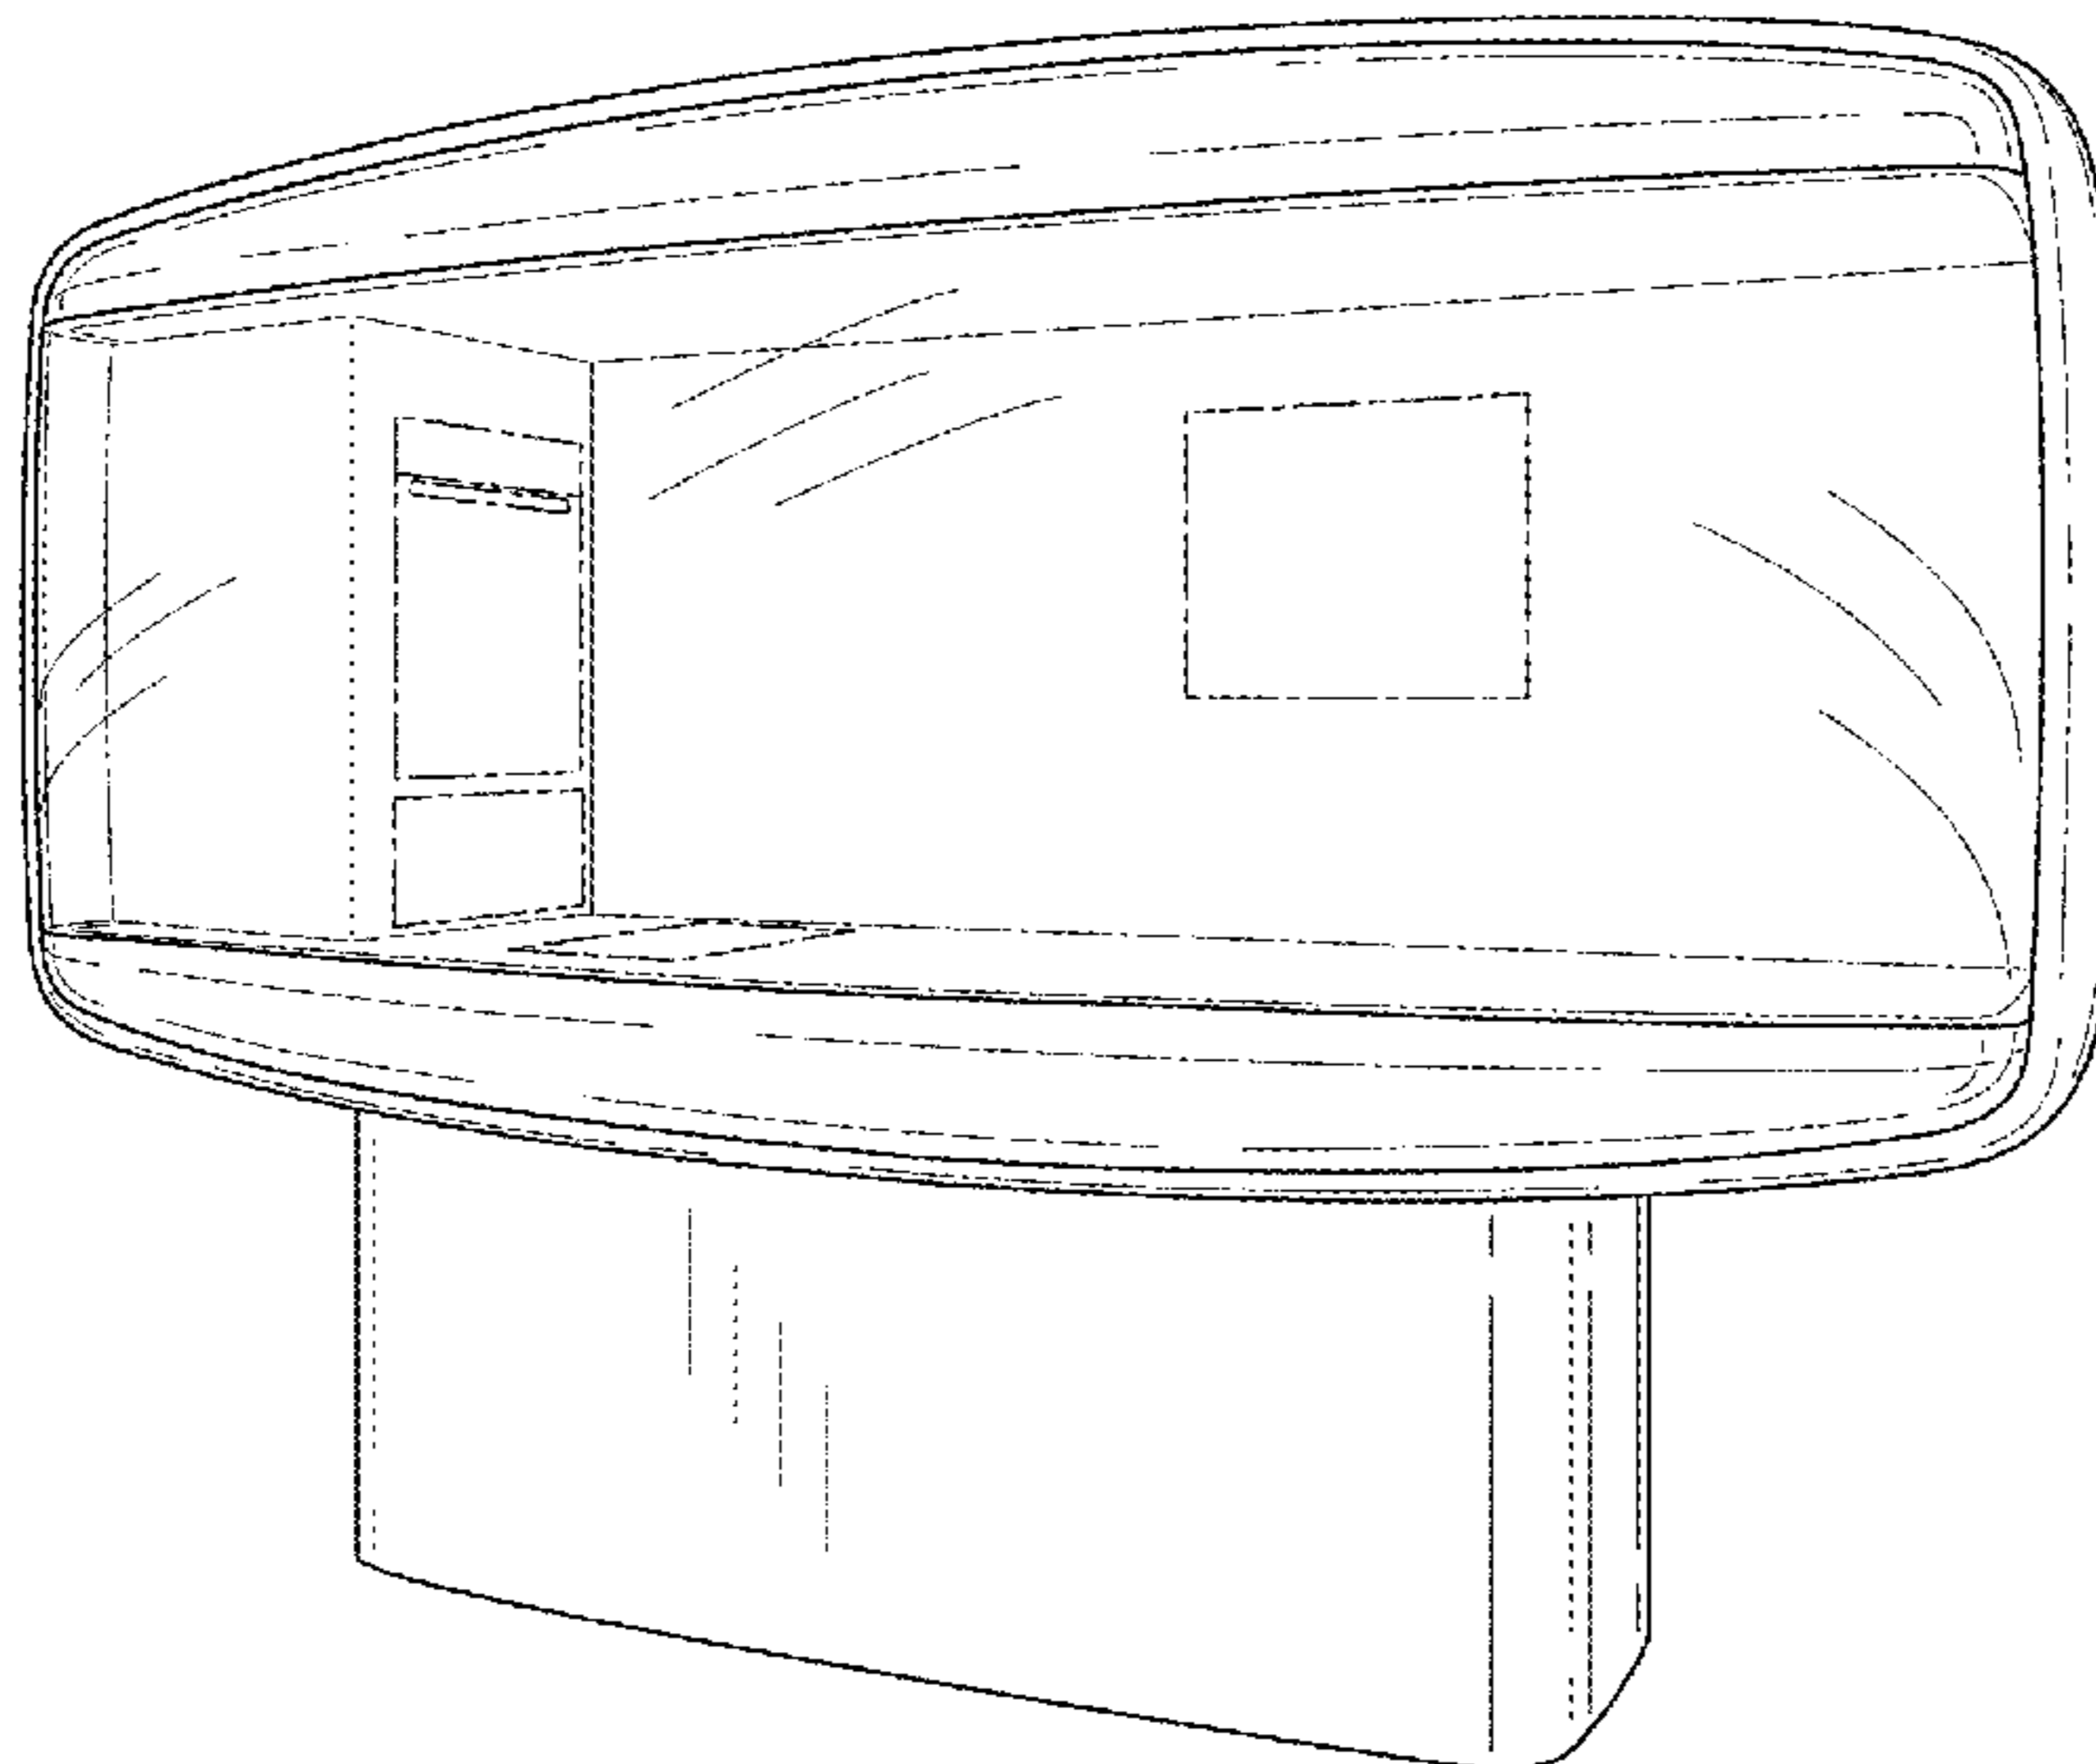

The broken lines shown in the drawings are for illustrative purposes only and form no part of the claimed design.
