(57) **CLAIM**

The ornamental design for a lid for beverage container, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the lid for beverage container according to the present invention.

FIG. 2 is a side-perspective view of the lid for beverage container illustrating a first of two drink outlets according to the present invention.

FIG. 3 is side-perspective view of the lid for beverage container illustrating a second of the two drink outlets according to the present invention.

FIG. 4 is another side-perspective view of the lid for beverage container illustrating the first of the two drink outlets according to the present invention.

FIG. 5 is another side-perspective view of the lid for beverage container illustrating the second of the two drink outlets according to the present invention.

FIG. 6 is a cross-sectional view of the lid for beverage container along line 6-6 of FIG. 1 according to the present invention.

FIG. 7 is a cross-sectional view of the lid for beverage container along line 7-7 of FIG. 1 according to the present invention.

FIG. 8 is a cross-sectional view of the lid for beverage container along line 8-8 of FIG. 1 according to the present invention.

FIG. 9 is a side view of the lid for beverage container according to the present invention; and,

FIG. 10 is a bottom plan view of the lid for beverage container according to the invention.

The broken lines in the drawings depict portions of the lid for beverage container that form no part of the claimed design.

1 Claim, 5 Drawing Sheets
