(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

The file of this patent contains at least one drawing/photograph executed in color. Copies of this patent with color drawings/photographs will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of a display screen or portion thereof with graphical user interface showing an alternative embodiment of the claimed design.

The outermost dashed broken lines in the figures show a display screen or portion thereof, and form no part of the claimed design. The measurement values and units in dashed lines in the figures show portions of the graphical user interface that form no part of the claimed design. The other dashed lines and dotted lines shown within the graphical user interface are part of the claimed design.
