(57) **CLAIM**

The ornamental design for an access gate set, as shown and described.

DESCRIPTION

FIG. 1 is a top view of an access gate set showing our new design;

FIG. 2 is a front and back side elevation view thereof, which views are mirror images;

FIG. 3 is a right and left side elevation view thereof, which views are mirror images;

FIG. 4 is an enlarged front and back side elevation view of the access gate set indicated by broken lines in FIG. 2;

FIG. 5 is a perspective view of the access gate set shown in FIG. 4;

FIG. 6 is a right and left side elevation view of the access gate set shown in FIG. 4; and,

FIG. 7 is an enlarged partial view of the access gate set top section indicated by broken lines in FIG. 1.

The broken lines in the FIGS. indicate areas of the access gate set for which there are enlarged views and form no part of the claimed design.

1 Claim, 6 Drawing Sheets
