(57) **CLAIM**

The ornamental design for wristband control, as shown and described.

DESCRIPTION

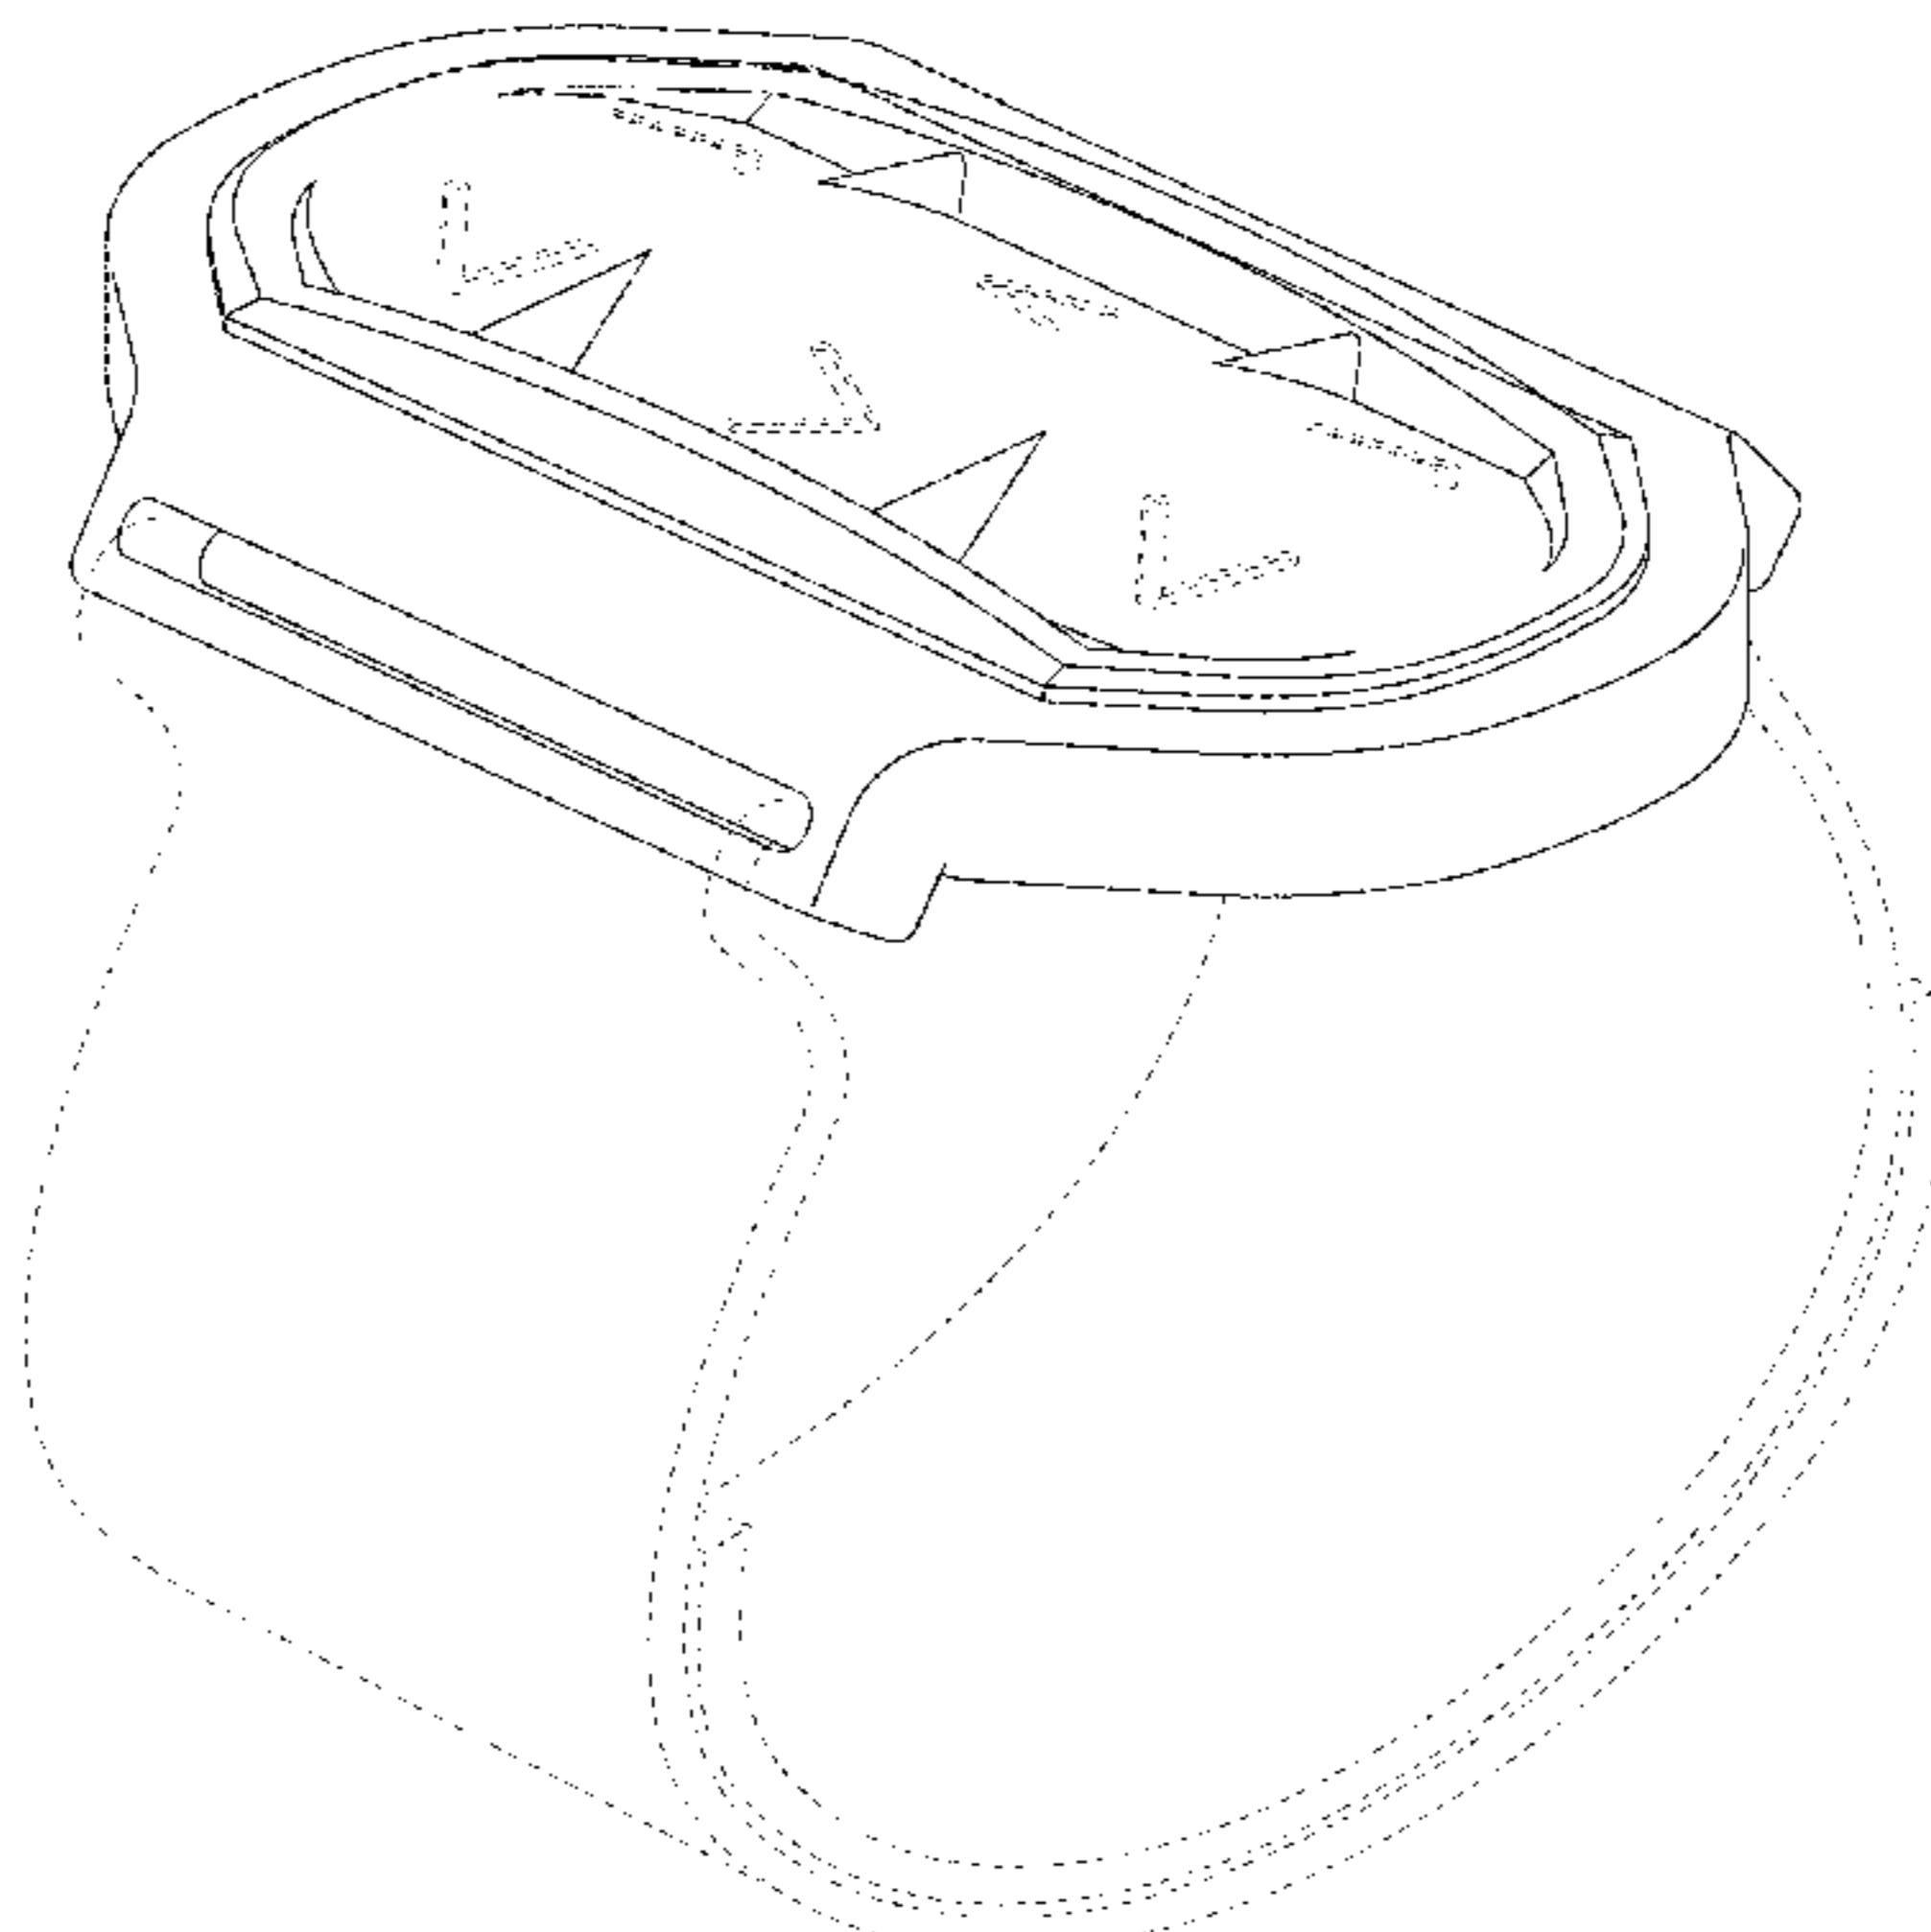

FIG. 1 is an upper perspective view of the wristband control embodying the new design; FIG. 2 is a right side view thereof, the left side view being a mirror image thereof; FIG. 3 is a top view thereof; and, FIG. 4 is a bottom view thereof, shown without the wristband for clarity. The broken lines shown in FIG. 4 immediately adjacent the solid line forms the bounds of the claim, which extends to the boundary but does not include the boundary; while, the remaining broken lines depict portions of the wristband control that form no part of the claim. The broken lines showing the arrows on the top surface depict portions of the wristband control that form no part of the claimed design.

1 Claim, 4 Drawing Sheets
