(57) **CLAIM**

The ornamental design for a display screen or portion thereof with animated graphical user interface, as shown and described.

**DESCRIPTION**

FIG. 1 is a front view of a display screen or portion thereof with a first image of an animated graphical user interface showing my new design.

FIG. 2 is a front view of the display screen or portion thereof with a second image.

FIG. 3 is a front view of the display screen or portion thereof with a third image.

FIG. 4 is a front view of the display screen or portion thereof with a fourth image.

FIG. 5 is a front view of the display screen or portion thereof with a fifth image.

FIG. 6 is a front view of the display screen or portion thereof with a sixth image.

FIG. 7 is a front view of the display screen or portion thereof with a seventh image.

FIG. 8 is a front view of the display screen or portion thereof with an eighth image.

FIG. 9 is a front view of the display screen or portion thereof with a ninth image.

FIG. 10 is a front view of the display screen or portion thereof with a tenth image.

FIG. 11 is a front view of the display screen or portion thereof with an eleventh image; and,

FIG. 12 is a front view of the display screen or portion thereof with a twelfth image.

The broken line showing of the display screen or portion thereof in all views, and the graphical elements within the animated graphical user interface in FIGS. 1-4, 10-12 forms no part of the claimed design.

The appearance of the image transitions sequentially between the images shown in FIGS. 1-12. The process or period in which an image transitions to another forms no part of the claimed design.
