Primary Examiner — Michael A Pratt

(57) **CLAIM**

The ornamental design for an optical device reticle, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of an environment for use with an optical device reticle for an optical device; FIG. 2 is a view of a first embodiment of an optical device reticle for an optical device, as viewed through an eyepiece end of the optical device; FIG. 3 is a view of the optical device reticle of FIG. 2; and, FIG. 4 is an enlarged view of the optical device reticle of FIG. 2.

The broken lines showing an optical device in FIGS. 1 and 2 illustrate an environment which forms no part of the claimed design. The broken lines shown in FIGS. 2-4 illustrate portions of the optical device reticle that do not form a part of the claimed design. The broken line ovals in FIG. 3 indicate from where the enlarged view of FIG. 4 is taken, and do not form a part of the claimed design.
