(57) **CLAIM**

The ornamental design for a adjustable bed with bedpan, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, right side and front isometric view of a adjustable bed with bedpan in accordance with the new design with a bed mattress in a flat position with a bedpan cover positioned in the mattress;

FIG. 2 is a top plan view thereof;

FIG. 3 is a top, right side and front isometric view of a adjustable bed with bedpan in accordance with the new design with the bed mattress in a raised position with the bedpan cover positioned in the mattress and a bedpan positioned below the bedpan cover;

FIG. 4 is a top plan view thereof;

FIG. 5 is a top, right side and front isometric view of a adjustable bed with bedpan in accordance with the new design with the bed mattress in a raised position with the bedpan cover removed to provide an opening in the mattress and the bedpan positioned below the opening;

FIG. 6 is a top plan view thereof;

FIG. 7 is a top, right side and front isometric view of a adjustable bed with bedpan in accordance with the new design with the bed mattress in a raised position with the bedpan cover removed to provide an opening in the mattress and the bedpan lifted so it is positioned within the opening;

FIG. 8 is a right elevation view thereof;

FIG. 9 is a left elevation view thereof; and,

FIG. 10 is a top plan view thereof.

The broken lines shown in FIGS. 1-10 are for the purpose of illustrating portions of the adjustable bed with bedpan that form no part of the claimed design.
