(57) **CLAIM**

The ornamental design for finger ring band for compact electronic device, as shown and described.

DESCRIPTION

FIG. 1 is a Perspective view thereof; the finger ring band without the electronic device, showing my new design.

FIG. 2 is a right side view thereof; the left side view being a mirror image.

FIG. 3 is a front view thereof; the rear view being a mirror image.

FIG. 4 is a top plan view thereof.

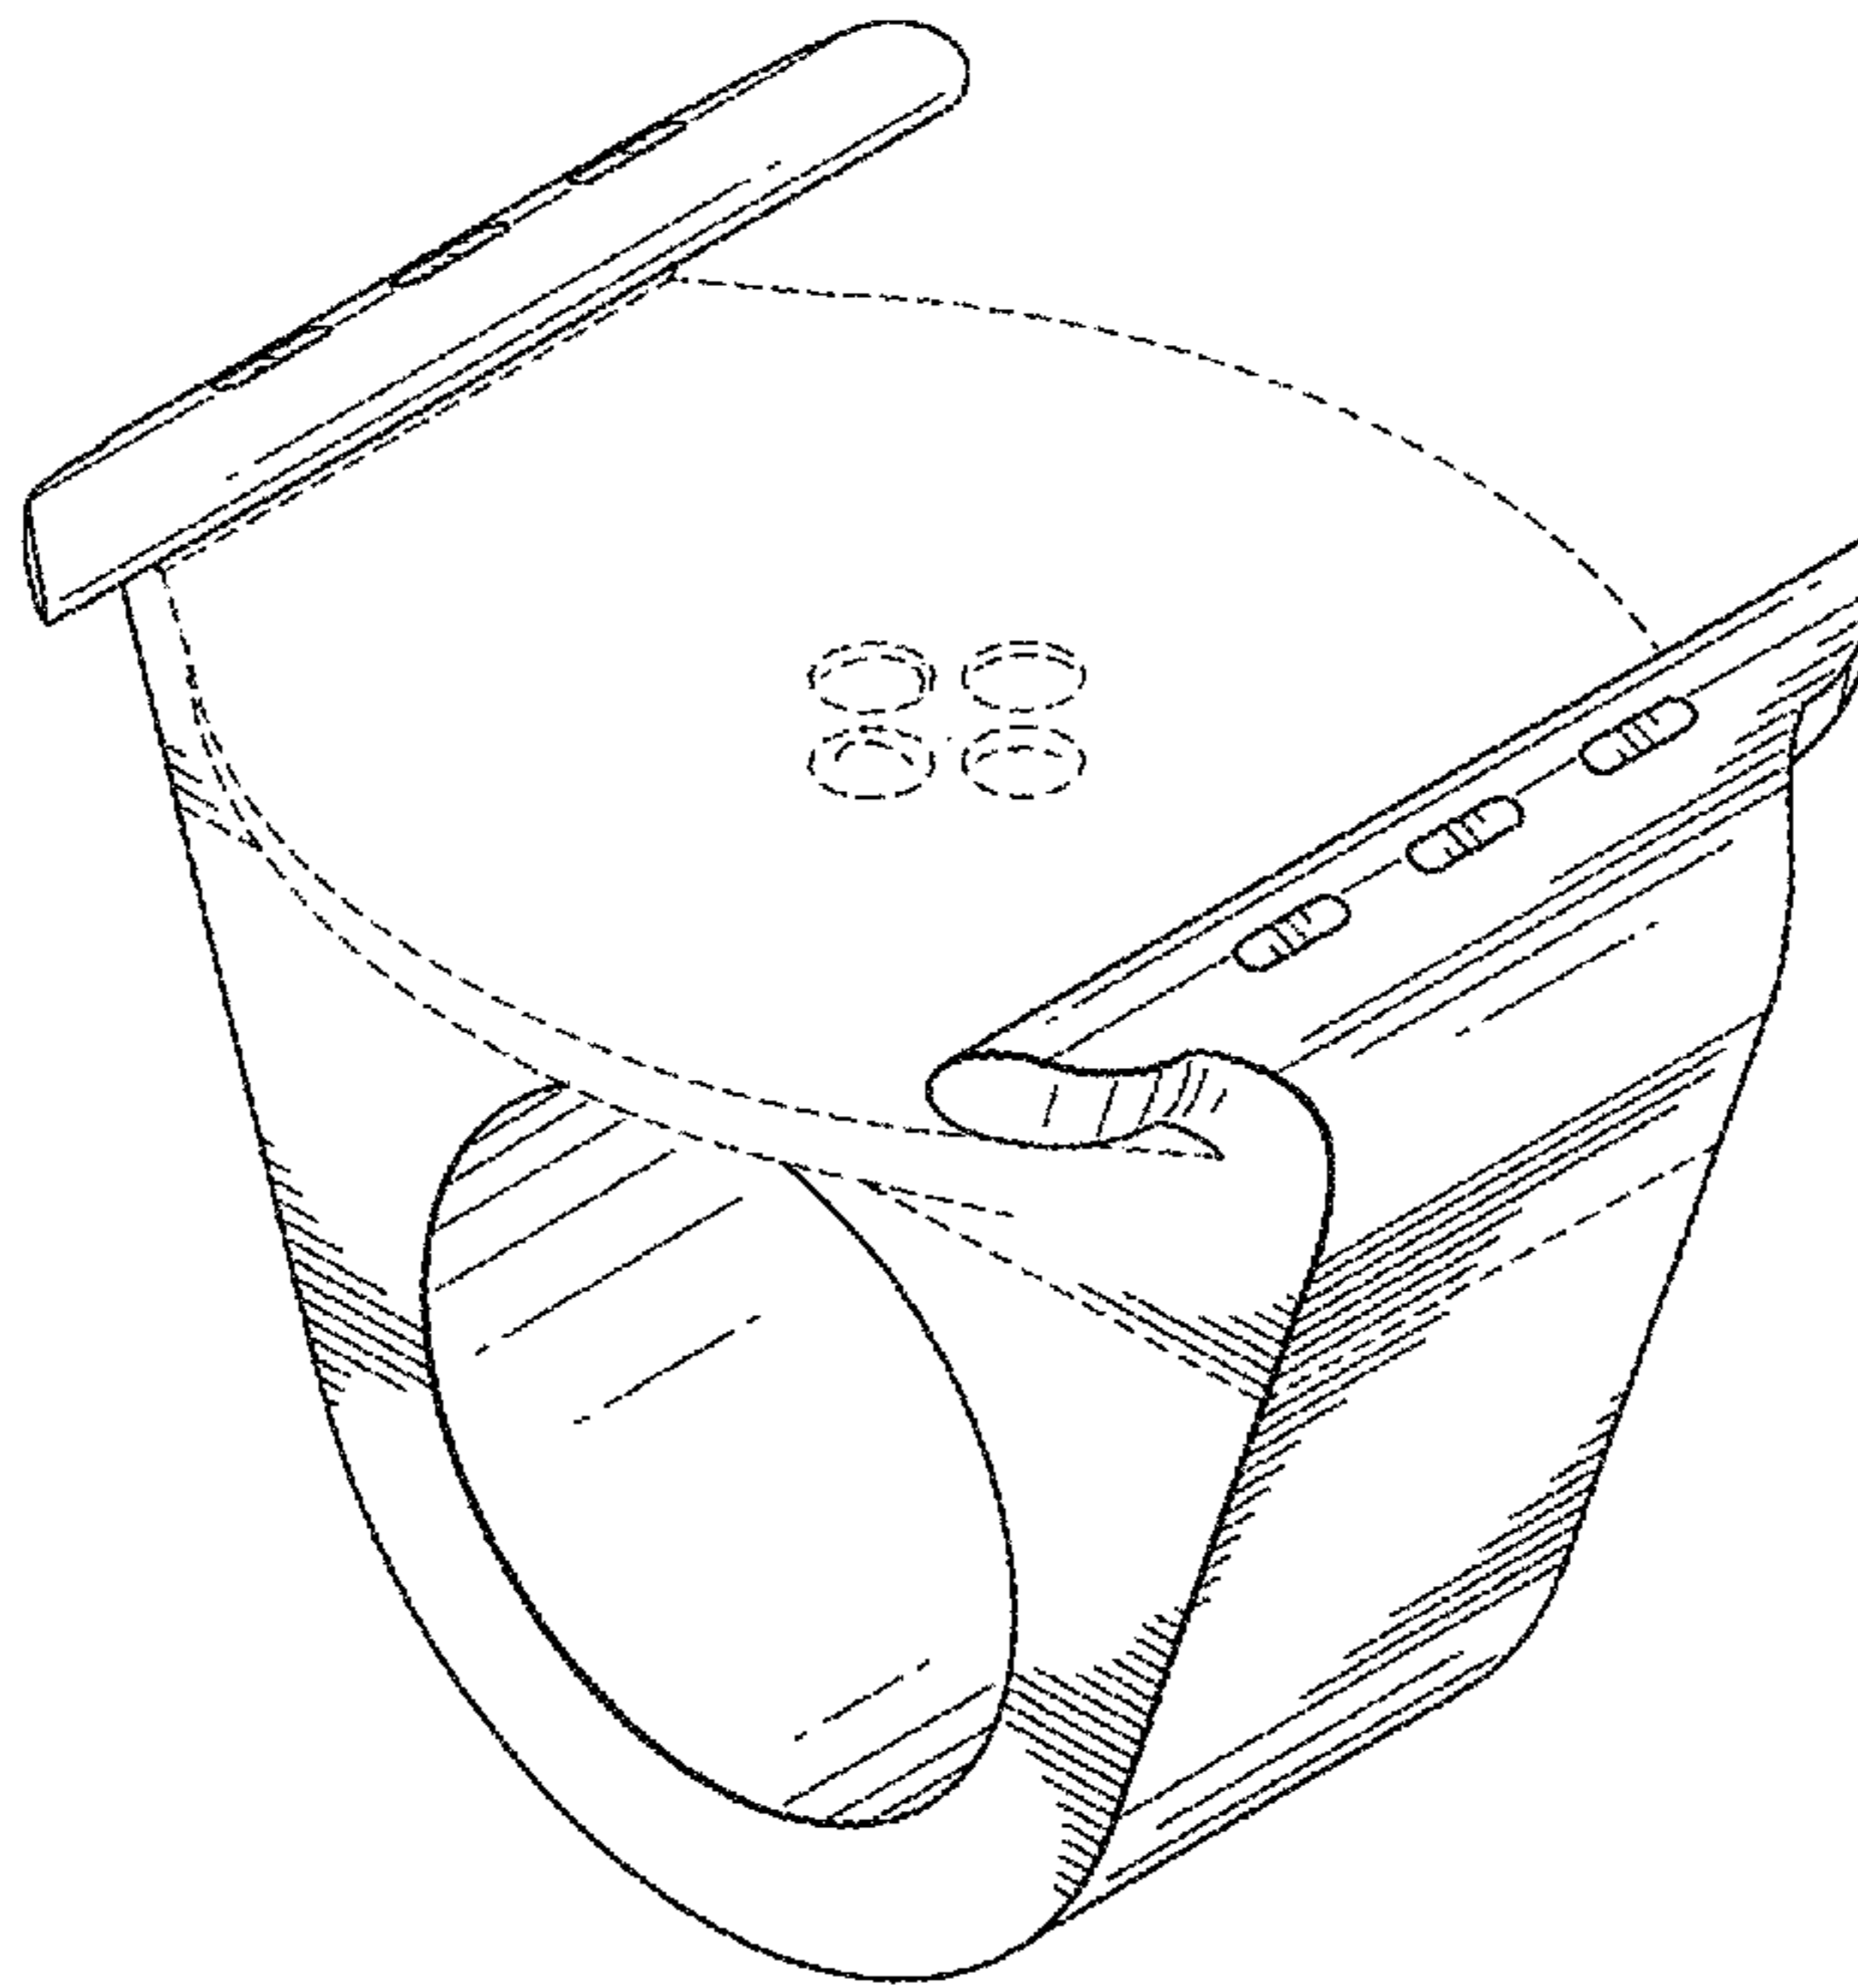

FIG. 5 is a plan bottom view thereof.

FIG. 6 is another perspective view thereof; the compact electronic device placed within the finger ring band, worn in the first position; and,

FIG. 7 is another perspective view thereof; the compact electronic device placed within the finger ring band, worn in the alternate position.

The broken lines are for illustrative purposes only and form no part of the claimed design.
