(57) **CLAIM**

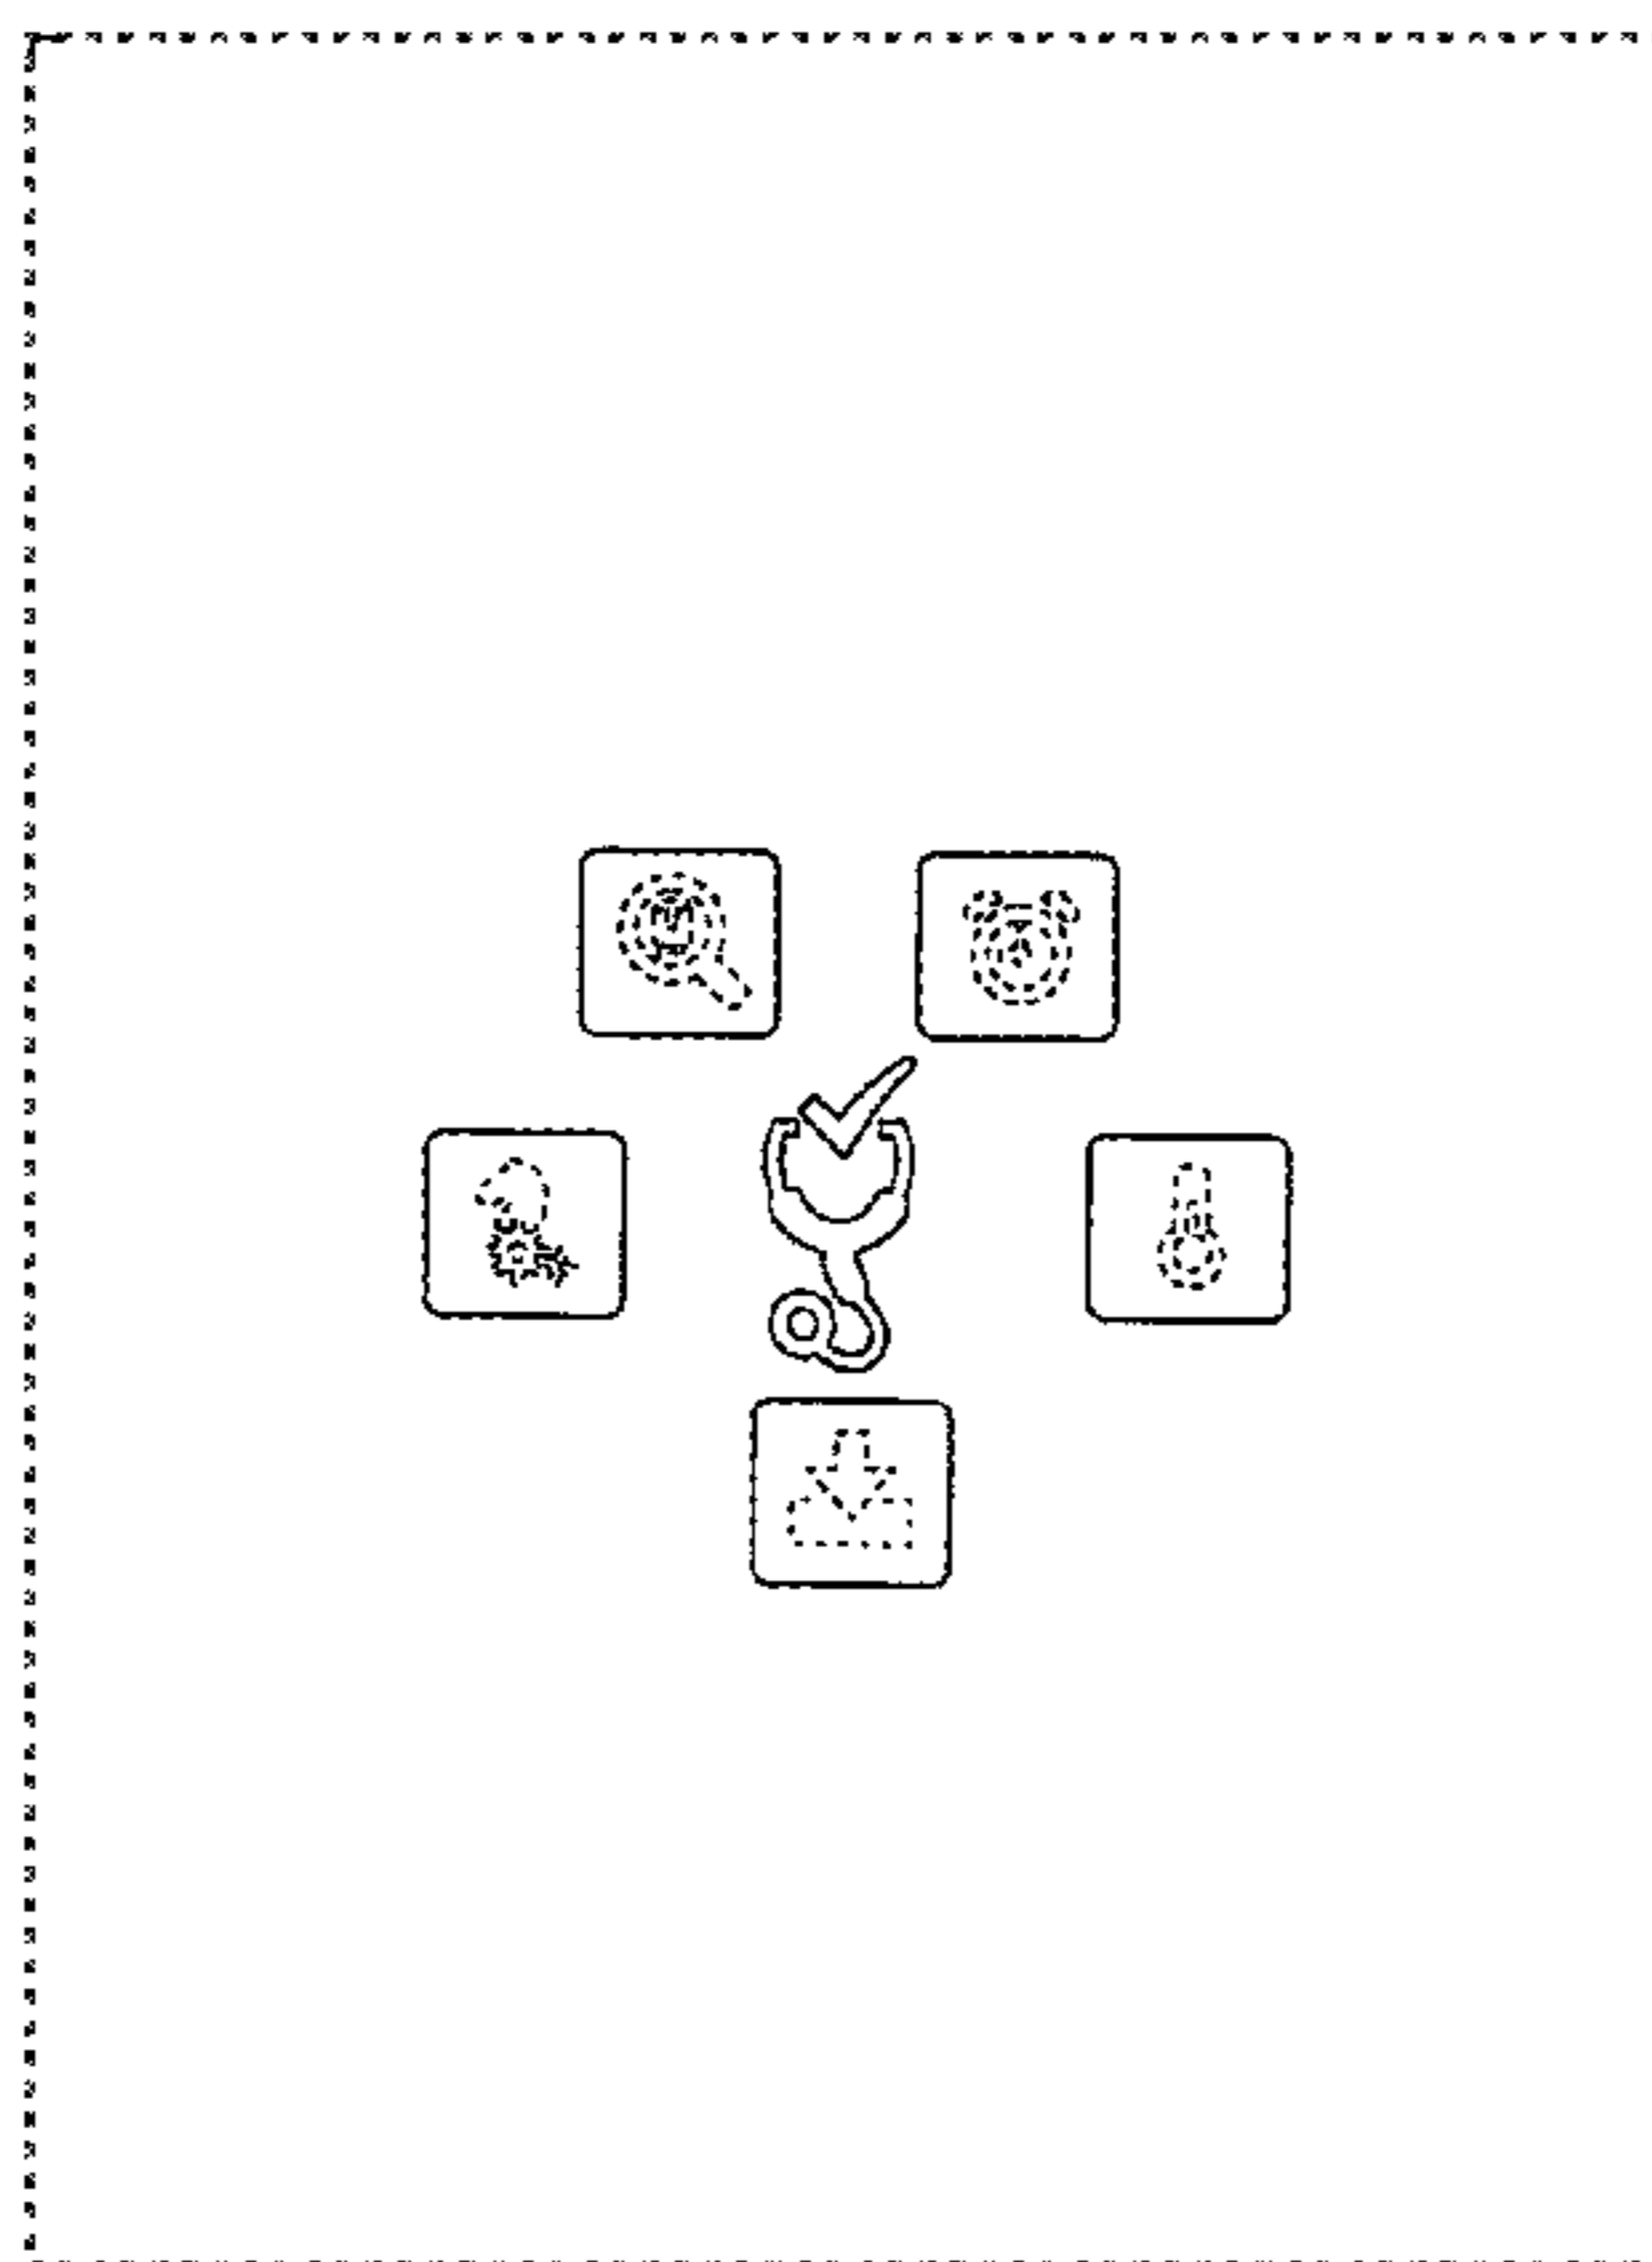

The ornamental design for a display screen with graphical user interface, as shown and described.

DESCRIPTION

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface according to a first embodiment of the subject matter described herein; and, FIG. 2 is a front view of a display screen or portion thereof with graphical user interface according to a second embodiment of the subject matter described herein.

The broken lines represent portions of the display or portion thereof with graphical user interface that form no part of the claimed design. The outermost perimeter of broken lines depicts the display screen or portion thereof and form no part of the claimed design.

1 Claim, 2 Drawing Sheets
