(57) **CLAIM**

The ornamental design for a display screen or portion thereof with graphical user interface, as shown and described.

DESCRIPTION

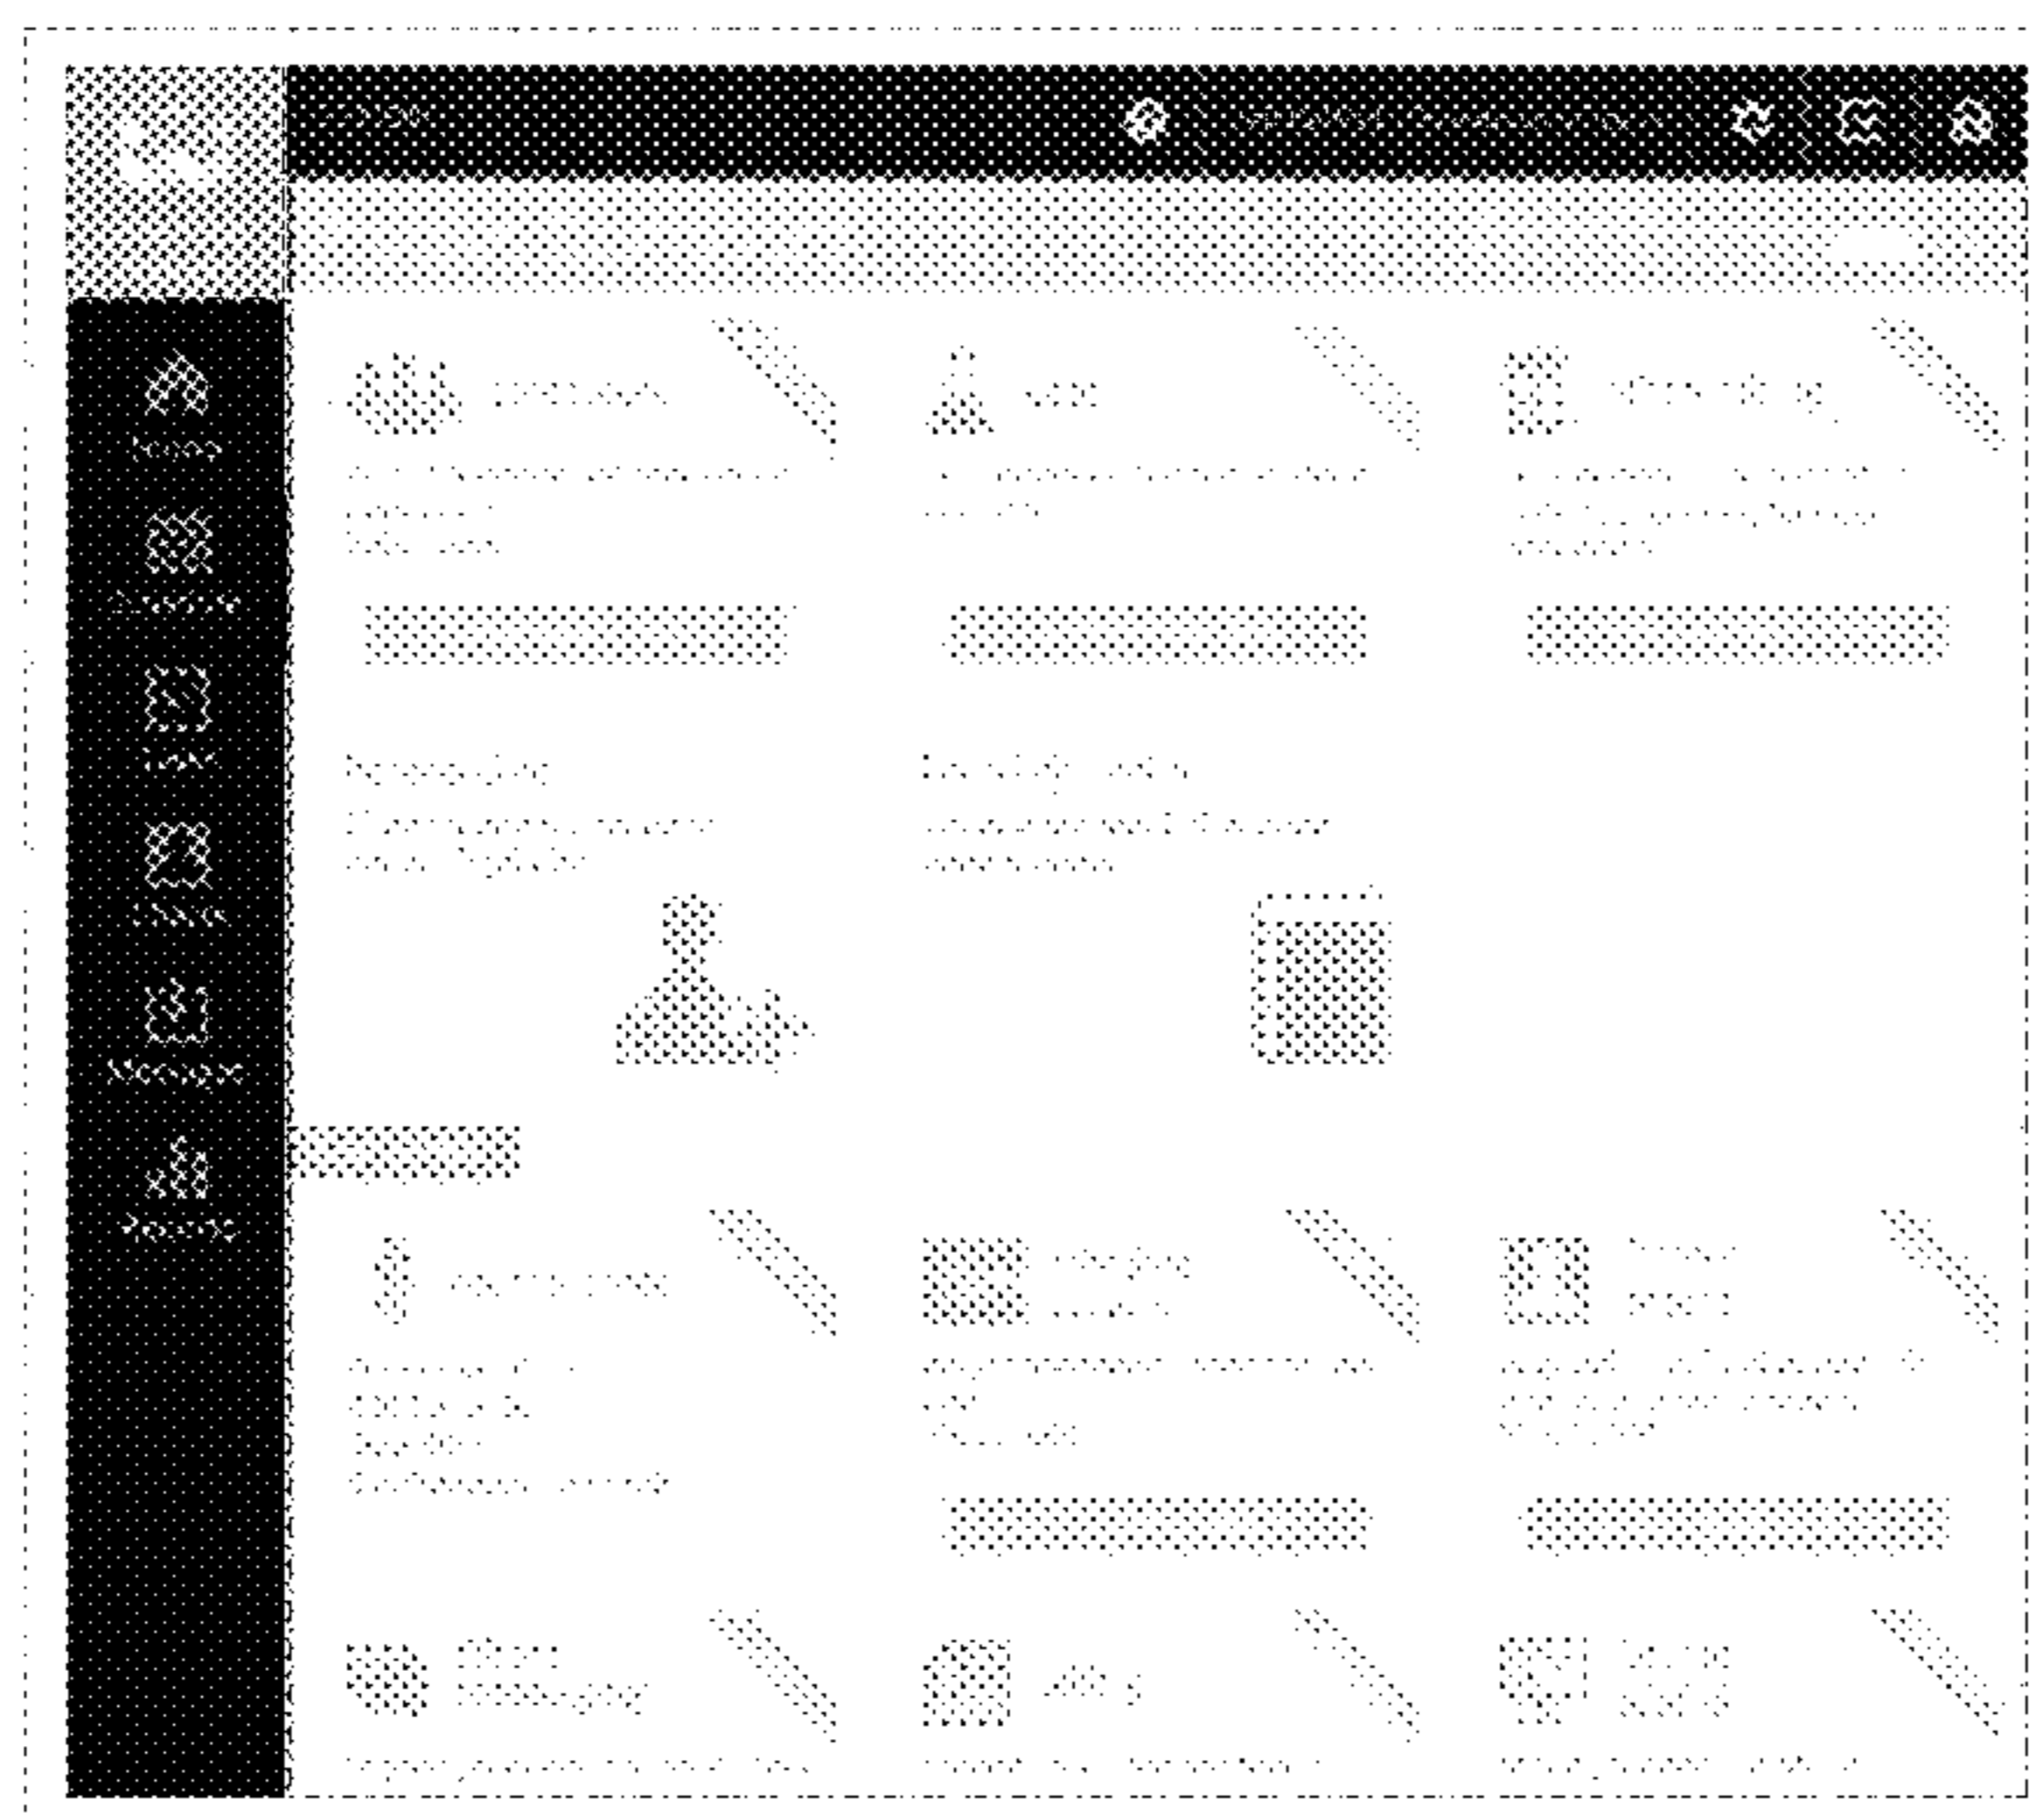

The patent or application file contains at least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with graphical user interface showing the claimed design; and,

FIG. 2 is a front view of a second embodiment thereof.

The outermost dashed broken lines in FIGS. 1 and 2 show a display screen or portion thereof, and form no part of the claimed design. The other dashed broken lines in FIGS. 1 and 2 show portions of the graphical user interface that form no part of the claimed design. The dot-dash broken lines in FIGS. 1 and 2 and the areas within the dot-dash broken lines show portions of the graphical user interface that form no part of the claimed design.
