(57) **CLAIM**

I claim the ornamental design for a display screen or portion thereof with rating scale graphical user interface, as shown and described.

DESCRIPTION

The patent or application file contains a least one drawing executed in color. Copies of this patent or patent application publication with color drawing(s) will be provided by the Office upon request and payment of the necessary fee.

FIG. 1 is a front view of a display screen or portion thereof with rating scale graphical user interface in accordance with a first embodiment of the present invention.

FIG. 2 is a front view of a display screen or portion thereof with rating scale graphical user interface in accordance with a second embodiment of the present invention.

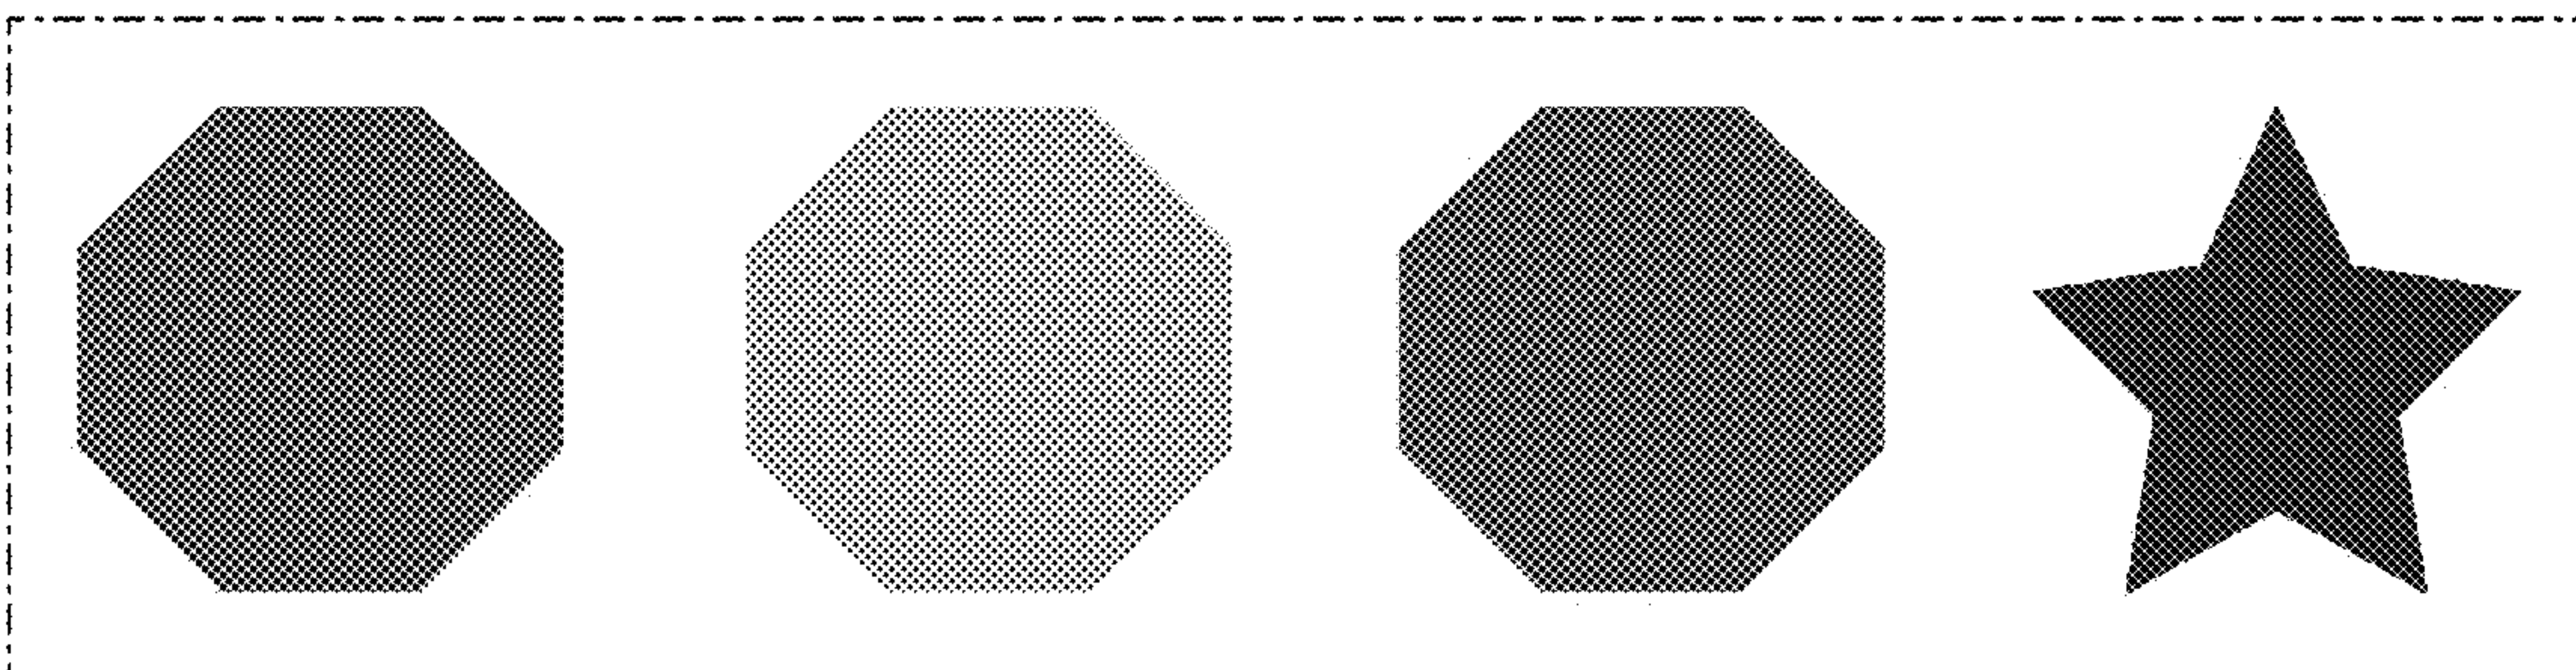

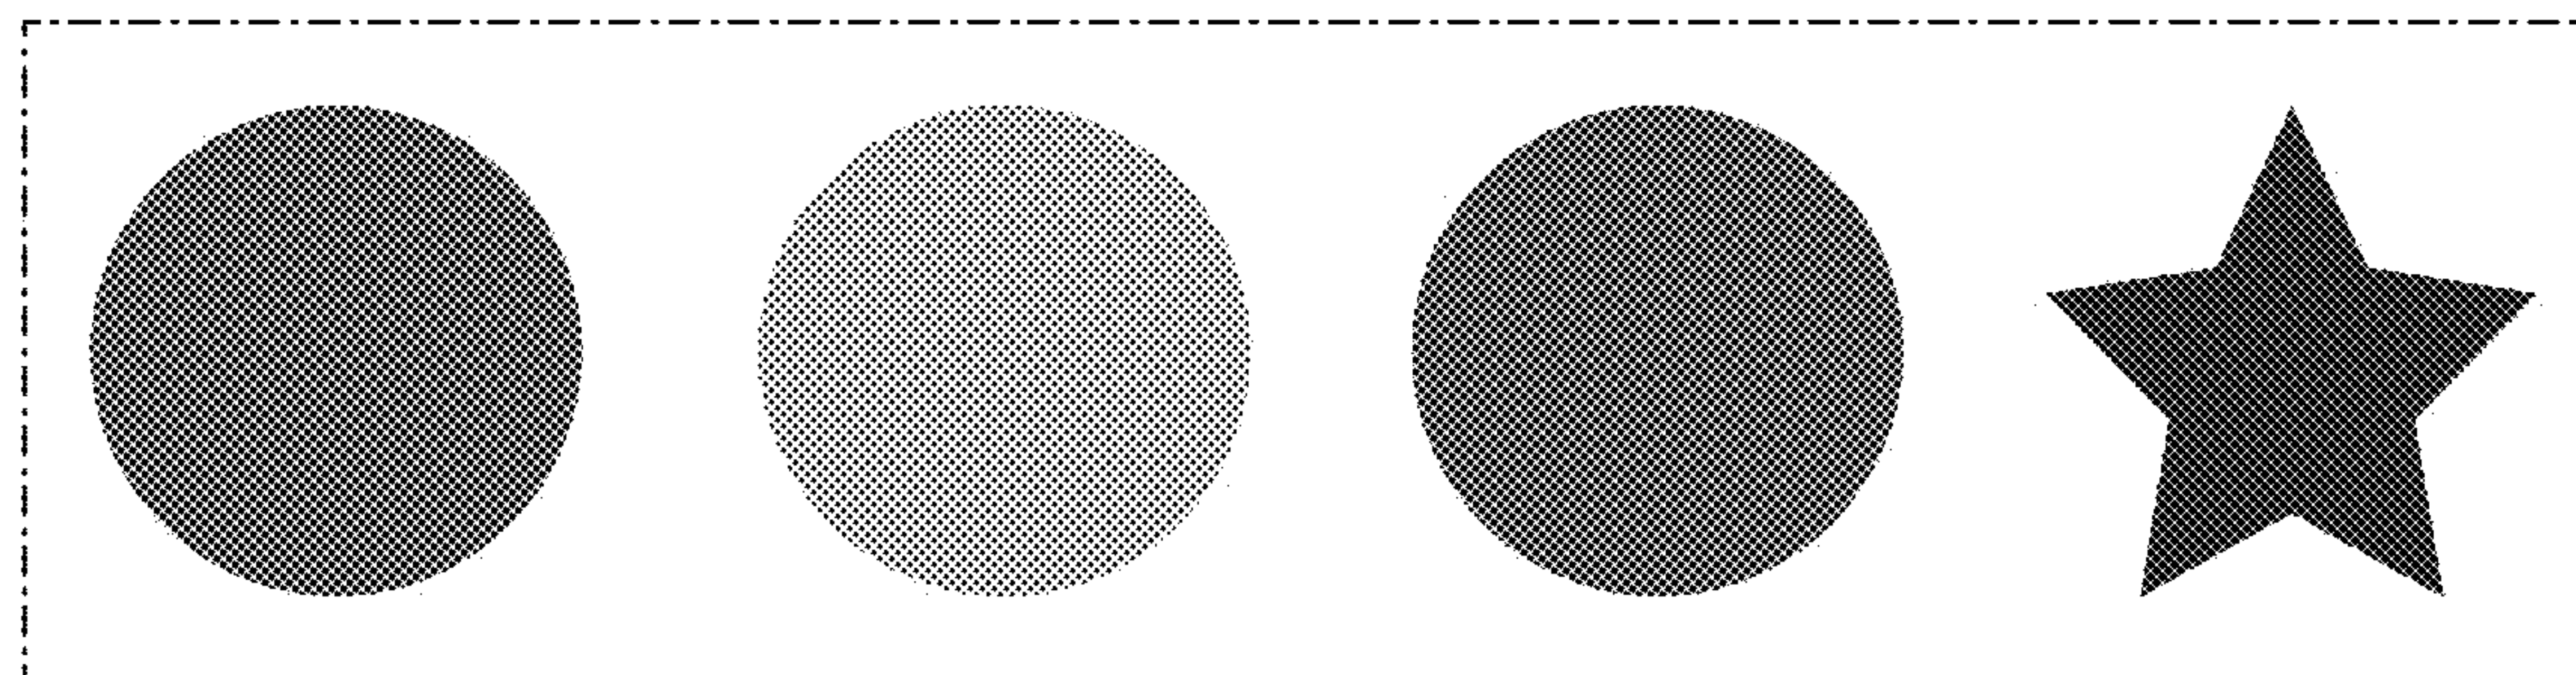

FIG. 3 is a front view of a display screen or portion thereof with rating scale graphical user interface in accordance with a third embodiment of the present invention.

FIG. 4 is a front view of a display screen or portion thereof with rating scale graphical user interface in accordance with a fourth embodiment of the present invention; and,

FIG. 5 is a front view of a display screen or portion thereof with rating scale graphical user interface in accordance with a fifth embodiment of the present invention.

The dash-dot broken lines illustrate the display screen or portion thereof and form no part of the claimed design.
