(57) **CLAIM**

The ornamental design for a medical device, as shown and described.

DESCRIPTION

FIG. 1 is perspective view of a first embodiment of a medical device of the present invention;
FIG. 2 is perspective view of another related embodiment of a medical device of the present invention;
FIG. 3 is perspective view of another related embodiment of a medical device of the present invention; and,
FIG. 4 is perspective view of another related embodiment of a medical device of the present invention.
The drawings represented in FIGS. 1-4 disclose the complete appearance of the design, as the bottom is a mirror image of the top, and the side view is identical around the entire circumference.

1 Claim, 4 Drawing Sheets
