**DESCRIPTION**

FIG. 1 is a front perspective view of a martial arts uniform showing my new design, in an open configuration; FIG. 2 is a rear perspective view thereof, showing a portion of each sleeve removed for clarity of illustration; FIG. 3 is a front perspective view thereof, showing the martial arts uniform in a closed configuration; FIG. 4 is a front elevation view thereof; FIG. 5 is a back elevation view thereof; FIG. 6 is a left side elevation view thereof; FIG. 7 is a right side elevation view thereof; FIG. 8 is a top plan view thereof; and, FIG. 9 is a bottom plan view thereof. FIG. 2 has been shown with a portion of each sleeve removed to clearly depict the interior pockets of the design. The broken lines in FIG. 2 represents an illustrative removal of a portion of a sleeve, in order to reveal the appearance of interior design features. This is understood to mean that the sleeve is continuous as shown in the corresponding views. All other broken lines in the drawings illustrate portions of the martial arts uniform that form no part of the claim design.
