(57) **CLAIM**

The ornamental design for a toy track with coupling element, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the design of our toy track with coupling element.
FIG. 2 is a front view thereof;
FIG. 3 is a back view thereof;
FIG. 4 is a right view thereof;
FIG. 5 is a left view thereof;
FIG. 6 is a top view thereof; and,
FIG. 7 is a bottom view thereof.

The broken lines shown in the drawings represent portions of the toy track with coupling element that form no part of the claimed design. The dot-dashed lines in the figures represent boundary lines defining a boundary of certain aspects of the claimed design. It is to be understood that the claimed design extends to but does not include the defined boundary. For instance, dot-dashed lines are used in FIGS. 1-3 and 6, inter alia, define a boundary of or within the toy track with coupling element, it being understood that the claimed design extends to but does not include the boundary.
