(57) **CLAIM**

The ornamental design for a thread spool holder and dispenser, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a thread spool holder and dispenser showing our new design;
 FIG. 2 is another perspective view shown without environment, and the thread spool holder in an alternate state;
 FIG. 3 is a side elevation view of the thread spool holder and dispenser;
 FIG. 4 is a top plan view thereof;
 FIG. 5 is a bottom plan view thereof;
 FIG. 6 is a top plan view shown with the thread spool holder in an alternate state; and,
 FIG. 7 is a cross-sectional view taken along the line 7-7 of FIG. 3.
 The broken lines depict environment that forms no part of the claimed design.
