(57) **CLAIM**

We claim the ornamental design for a metal spool for wire  
and the like, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a metal spool for wire and  
the like in accordance with the present design;

FIG. 2 is an enlarged fragmentary view of the opening in  
FIG. 1;

FIG. 3 is a cross sectional view taken along line 3-3 of FIG.  
1;

FIG. 4 is a perspective view of the metal spool for wire and  
the like of FIG. 1 as seen from the opposite side;

FIG. 5 is an enlarged fragmentary view of the opening in  
FIG. 4;

FIG. 6 is a perspective view of a first variant of the metal  
spool for wire and the like;

FIG. 7 is an enlarged fragmentary view of the opening in  
FIG. 6;

FIG. 8 is a cross sectional view taken along line 8-8 of FIG.  
6;

FIG. 9 is a perspective view of the metal spool for wire and  
the like of FIG. 6 as seen from the opposite side; and,  
FIG. 10 is an enlarged fragmentary view of the opening in  
FIG. 9.

The design is the visual features of the metal spool for wire  
and the like as shown in the drawings. The dash-dot-dash  
lines in the drawings depict environmental subject matter  
only and form no part of the claimed design. In addition, the  
broken lines used to identify enlarged fragmentary views  
form no part of the claimed design.
