(57) **CLAIM**

The ornamental design for an oar mount, as shown and described.

**DESCRIPTION**

FIG. 1 is a front three-quarter perspective view of the oar mount design of the present invention.  
FIG. 2 is a top view of the oar mount design of the present invention.  
FIG. 3 is a side view of the oar mount design of the present invention; the opposite side being a mirror image thereof.  
FIG. 4 is a bottom view of the oar mount design of the present invention.  
FIG. 5 is a front view of the oar mount design of the present invention; and,  
FIG. 6 is a rear view of the oar mount design of the present invention.  
The broken lines shown in FIG. 1 and 4 are illustrate structures that form no part of the claimed design.
