(57) **CLAIM**

The ornamental design for a music tuner display screen with graphical user interface, as shown and described.

DESCRIPTION

The sole FIGURE is a front view of a music tuner display screen with graphical user interface. The outermost broken line showing of the display screen and all other broken lines showing portions of the graphical user interface are included for the purpose of illustrating portions of the article and form no part of the claimed design.

1 Claim, 1 Drawing Sheet
