See application file for complete search history.

DESCRIPTION

FIG. 1 is a front perspective view of the coaxial cable grip; FIG. 2 is a front elevation view of the coaxial cable grip, the rear elevation view being an identical image thereof; FIG. 3 is a left side elevation view of the coaxial cable grip, the right side elevation being an identical image thereof; FIG. 4 is a top plan view thereof; FIG. 5 is a bottom plan view thereof; and, FIG. 6 is a front perspective view of the coaxial cable grip in use.

The broken lines shown in the drawings illustrate portions of the coaxial cable grip that form no part of the claimed design.

The coaxial cable grip is shown with a symbolic break in its length. The appearance of any portion of the article between the break lines forms no part of the claimed design.

The broken lines in FIG. 6 showing the coaxial cable grip in use illustrates environment and forms no part of the claim.
