(57) **CLAIM**

The ornamental design for an explosive detection package, as shown and described.

DESCRIPTION

The inventions described herein may be manufactured and used by or for the United States Government for government purposes without payment of any royalties.
FIG. **1** is a top perspective view of an assembled explosive detection package of a first embodiment.
FIG. **2** is an exploded view of an explosive detection package of FIG. **1**.
FIG. **3** is a top view of an explosive detection package of FIG. **1**.
FIG. **4** is a front elevational view of explosive detection package of FIG. **1**.
FIG. **5** is rear perspective view of explosive detection package of FIG. **1**.
FIG. **6** is left side view of explosive detection package of FIG. **1**.
FIG. **7** is right side view of explosive detection package of FIG. **1**.
FIG. **8** is a top perspective view of an assembled explosive detection package of a second embodiment.
FIG. **9** is an exploded view of assembled explosive detection package of FIG. **8**.
FIG. **10** is a top view of assembled explosive detection package of FIG. **8**.
FIG. **11** is a front elevational view of assembled explosive detection package of FIG. **8**.
FIG. **12** is a rear elevational view of assembled explosive detection package of FIG. **8**; and,
FIG. **13** is a left side view of assembled explosive detection package of FIG. **8**, the right side being a mirror image.
The broken lines illustrate environmental structures in the drawing and is not part of the claimed design.
