(57) **CLAIM**

We claim the ornamental design for a barometric clock, substantially as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a barometric clock showing a clock face embodying our new design.

FIG. 2 is a front view of the barometric clock showing a clock face in a first barometric state.

FIG. 3 is a front view of the barometric clock showing a clock face in a second barometric state.

FIG. 4 is a front view of the barometric clock showing a clock face in a third barometric state.

FIG. 5 is a front view of the barometric clock showing a clock face in a fourth barometric state; and,

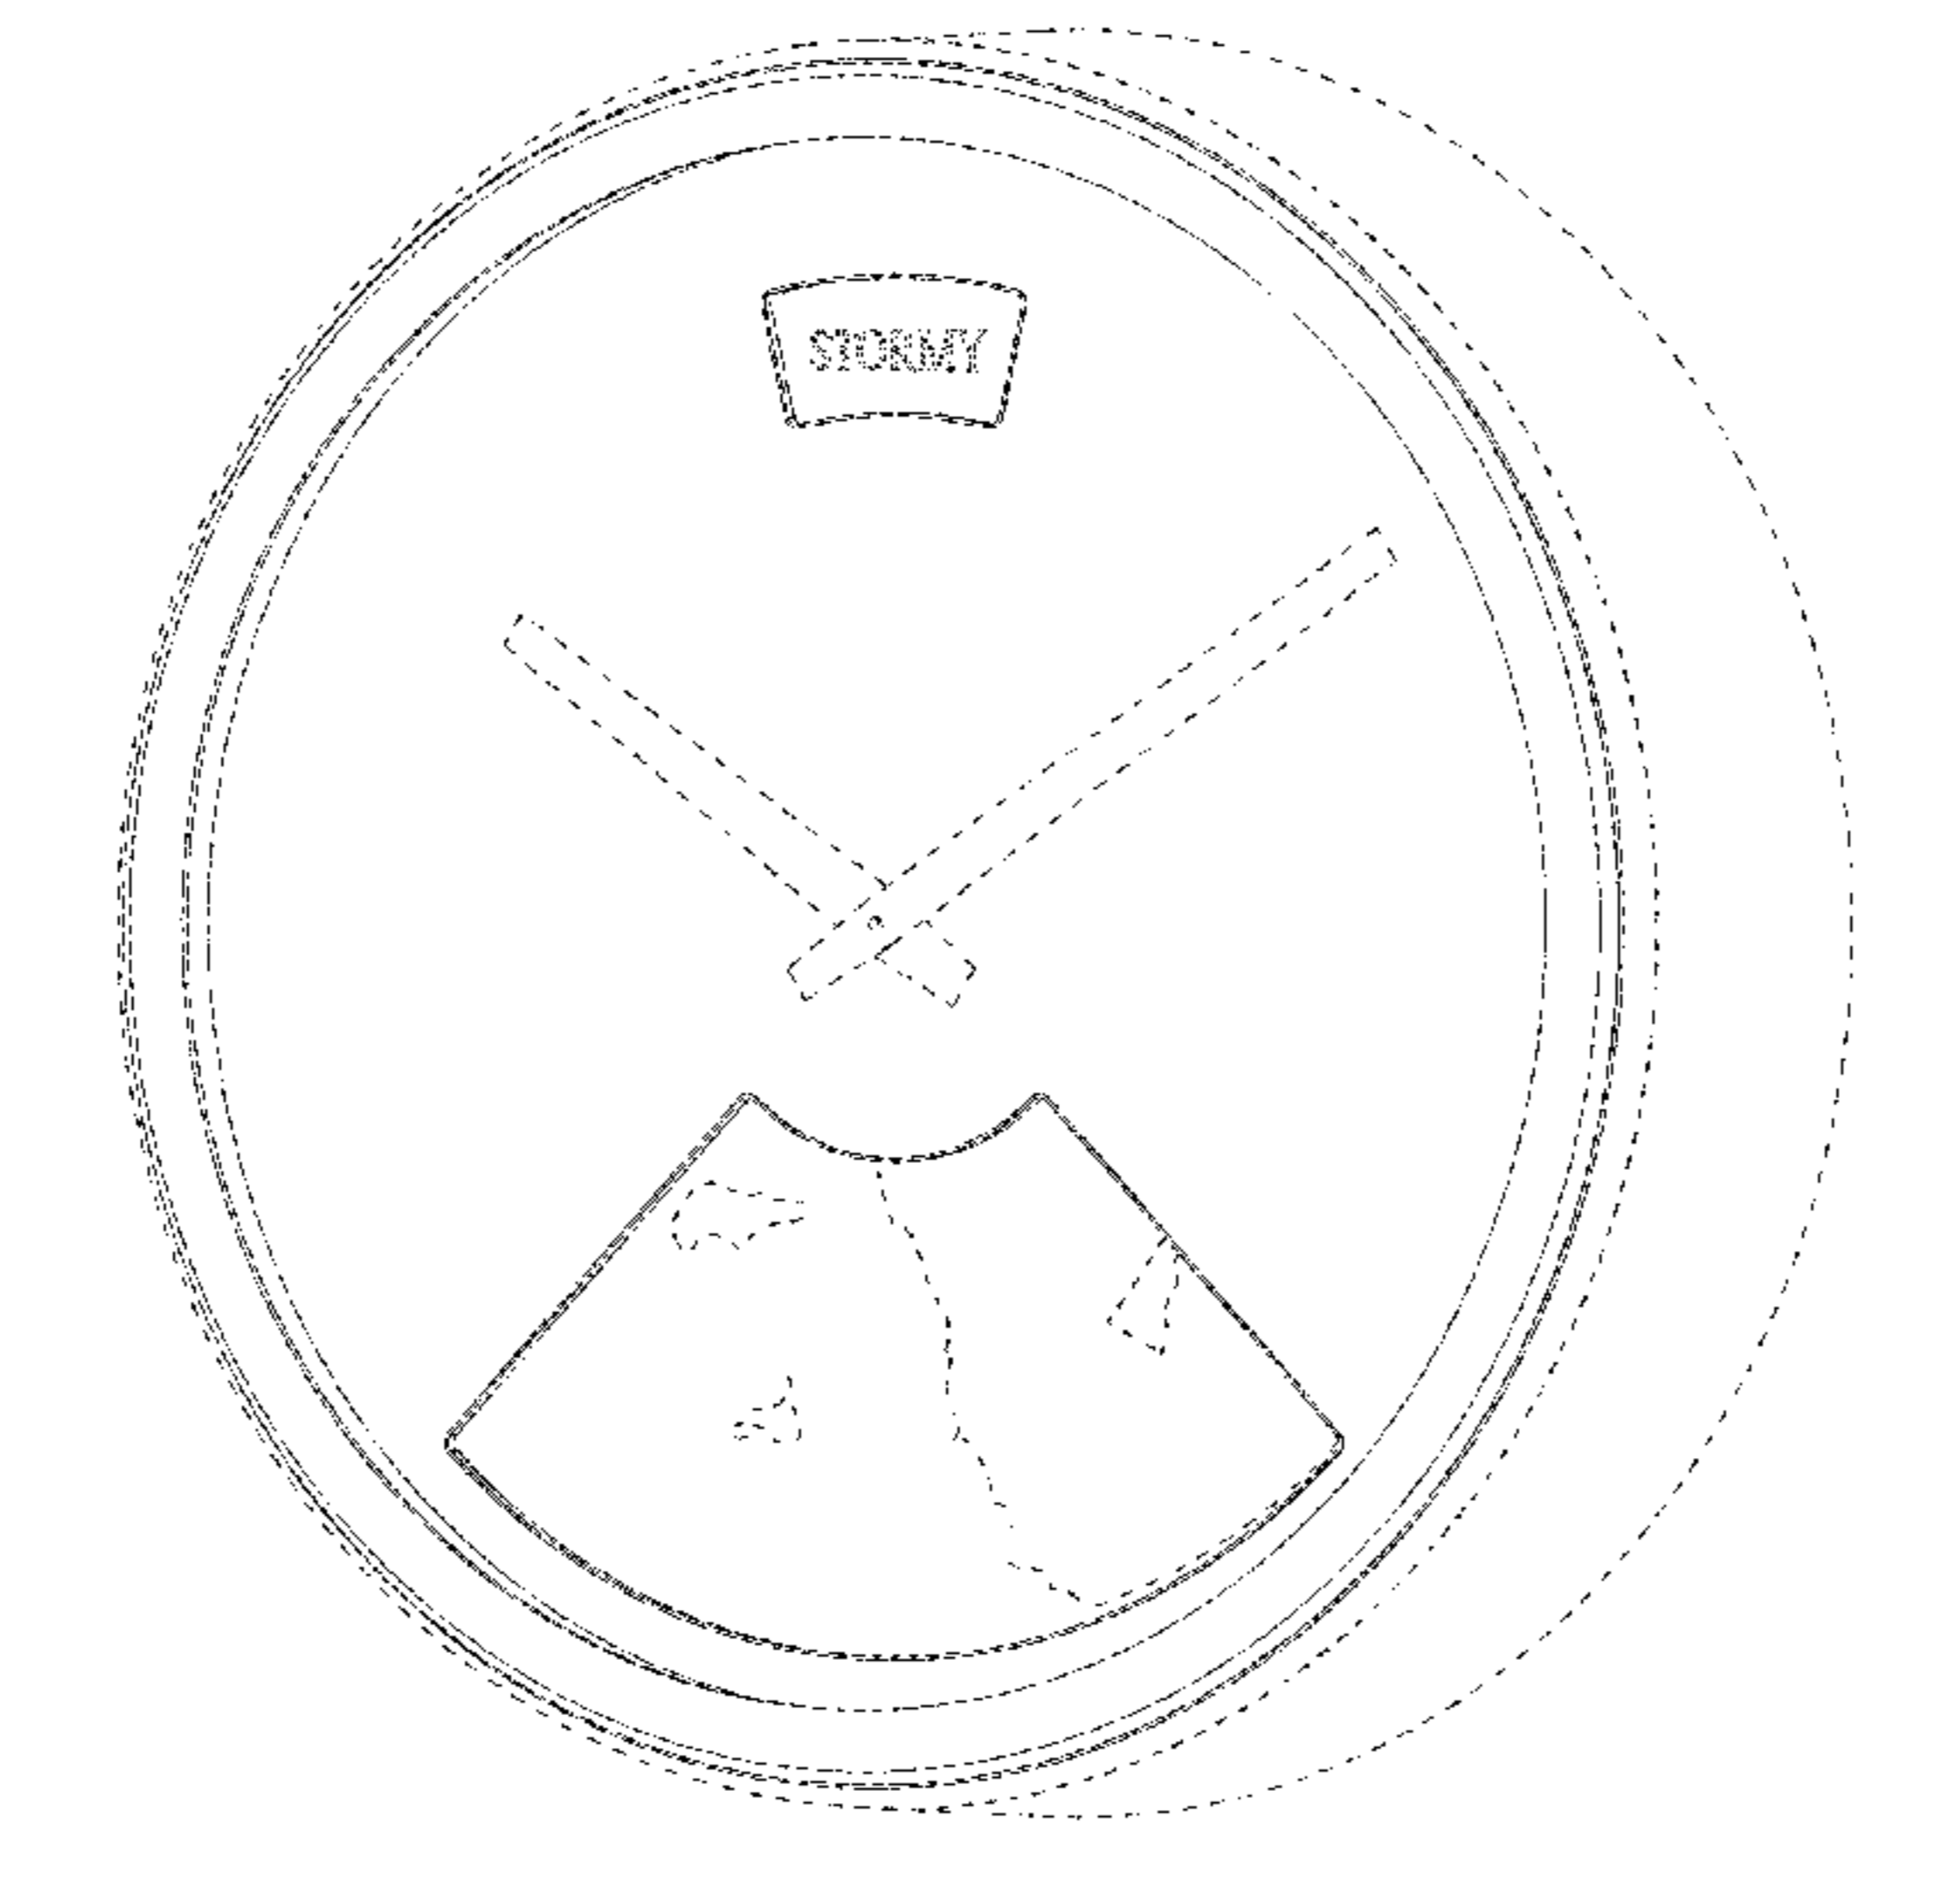

FIG. 6 is a front view of the barometric clock showing a clock face in a fifth barometric state.

The broken lines in the drawing are for illustrative purposes only and form no part of the claimed design.

The textual content shown in broken lines within the upper window (e.g., “Stormy”, “Rain”, “Change”, “Fair”, and “Very Dry”), is included for the purpose of illustrating possible weather forecast content that may displayed within the upper window but forms no part of the claimed design.

The graphic content shown in broken lines within the lower window is included for the purpose of illustrating possible weather related imagery that may be displayed within the lower window but forms no part of the claimed design.
